(4) The physician who performed the first examination for commitment, if appropriate, of the escape or breach of condition of the client's release upon the occurrence of either action and of his subsequent return to the facility.

"§ 122C-206. *Transfers of clients between 24-hour facilities.*—(a) Before transferring a voluntary adult client from one 24-hour facility to another, the responsible professional at the original facility shall: (i) get authorization from the receiving facility that the facility will admit the client; (ii) get consent from the client; and (iii) if consent to share information is granted by the client, notify the next of kin of the time and location of the transfer. The preceding requirements of this paragraph may be waived if the client has been admitted under emergency procedures to a State facility not serving the client's region of the State. Following an emergency admission, the client may be transferred to the appropriate State facility without consent according to the rules of the Commission.

(b) Before transferring a respondent held for a district court hearing or a committed respondent from one 24-hour facility to another, the responsible professional at the original facility shall:

(1) Obtain authorization from the receiving facility that the facility will admit the respondent; and

(2) Provide reasonable notice to the respondent, or legally responsible person, of the reason for the transfer and document the notice in the client's record.

No later that 24 hours after the transfer, the responsible professional at the original facility shall notify the petitioner, the clerk of court, and, if consent is granted by the respondent, the next of kin, that the transfer is completed. If the transfer is completed before the judicial commitment hearing, these proceedings shall be initiated by the receiving facility.

(c) Minors and incompetent adults, admitted pursuant to Parts 3 and 4 of this Article, may be transferred from one 24-hour facility to another following the same procedures specified in subsection (b) of this section. In addition, the legally responsible person shall be consulted before the proposed transfer. If the transfer is completed before the judicial determination required in G.S. 122C-223 or G.S. 122C-232, these proceedings shall be initiated by the receiving facility.

(d) Minors and incompetent adults, admitted pursuant to Part 5 of this Article, may be transferred from one 24-hour facility to another provided that prior to transfer the responsible professional at the original facility shall:

(1) Obtain authorization from the receiving facility that the facility will admit the client; and

(2) Provide reasonable notice to the client regarding the reason for transfer and document the notice in the client's record; and

(3) Provide reasonable notice to and consult with the legally responsible person regarding the reason for the transfer and document the notice and consultation in the client's record.

No later than 24 hours after the transfer, the responsible professional at the original facility shall notify the legally responsible person that the transfer is completed.

(e) The responsible professional may transfer a client from one facility to another for emergency medical treatment, emergency medical evaluation, or emergency surgery without notice to or consent from the client. Within a reasonable period of time the responsible professional shall notify the next of kin or the legally responsible person of the client of the transfer.

(f) When a client is transferred to another facility solely for medical reasons, the client shall be returned to the original facility when the medical care is completed unless the responsible professionals at both facilities concur that discharge of the client who is not subject to G.S. 122C-266(b) is appropriate.

(g) The Commission may adopt rules to implement this section.

"§ 122C-207. *Confidentiality.*—Court records made in all proceedings pursuant to this Article are confidential, and are not open to the general public except as provided for by G.S.122C-54(d).

"§ 122C-208. *Voluntary admission not admissible in involuntary proceeding.*—Except when considering treatment history as it pertains to an involuntary outpatient commitment, the fact that an individual has been voluntarily admitted for treatment shall not be competent evidence in an involuntary commitment proceeding.

"§ 122C-209. *Voluntary admissions acceptance.*—Nothing contained in Parts 2 through 5 of this Article requires a private physician or private facility to accept an individual as a client for examination or treatment. Examination or treatment at a private facility or by a private physician is at the expense of the individual to the extent that charges are not disposed of by contract between the area authority and private facility.

"§ 122C-210. *Guardian to pay expenses out of estate.*—It is the duty of the guardian who has legal custody of the estate of an incompetent individual held pursuant to the provisions of this Article in a facility to supply funds for his support in the facility during the stay as long as there are sufficient funds for that purpose over and beyond maintaining and supporting those individuals who may be legally dependent on the estate.

"§ 122C-210.1. *Immunity from liability.*—No facility or any of its officials, staff, or employees, or any physician or other individual who is responsible for the examination, management, supervision, treatment, or release of a client and who follows accepted professional judgment, practice, and standards is civilly liable, personally or otherwise, for actions arising from these responsibilities or for actions of the client. This immunity is in addition to any other legal immunity from liability to which these facilities or individuals may be entitled.

"Part 2. Voluntary Admissions and Discharges, Competent Adults, Facilities for the Mentally Ill and Substance Abusers.

"§ 122C-211. *Admissions.*—(a) Except as provided in subsections (b) through (e) of this section, any individual in need of treatment for mental illness or substance abuse may seek voluntary admission at any facility for the mentally ill or substance abusers by presenting himself for evaluation to the facility. No physician's statement is necessary, but a written application for evaluation or admission, signed by the individual seeking admission, is required. The application form shall be available at all times at all facilities. However, no one shall be denied admission because application forms are not available. An evaluation shall determine whether the individual is in need of care, treatment, habilitation or rehabilitation for mental illness or substance abuse or further evaluation by the facility. Information provided by family members regarding the individual's need for treatment shall be reviewed in the evaluation. An individual may not be accepted as a client if the facility determines that the individual does not need or cannot benefit from the care, treatment, habilitation, or rehabilitation available and that the individual is not in need of further evaluation by the facility. The facility shall give to an individual who is denied admission a referral to another facility or facilities that may be able to provide the treatment needed by the client.

(b) In 24-hour facilities the application shall acknowledge that the applicant may be held by the facility for a period of 72 hours after any

written request for release that he may make, and shall acknowledge that the 24-hour facility may have the legal right to petition for involuntary commitment of the applicant during that period. At the time of application, the facility shall tell the applicant about procedures for discharge.

(c) Any individual who voluntarily seeks admission to a 24-hour facility in which medical care is an integral component of the treatment shall be examined and evaluated by a physician of the facility within 24 hours of admission. The evaluation shall determine whether the individual is in need of treatment for mental illness or substance abuse or further evaluation by the facility. If the evaluating physician determines that the individual will not benefit from the treatment available, the individual shall not be accepted as a client.

(d) Any individual who voluntarily seeks admission to any 24-hour facility, other than one in which medical care is an integral component of the treatment, shall have a medical examination within 30 days before or after admission if it is reasonably expected that he will receive treatment for more than 30 days. When applicable, this examination may be included in an examination conducted to meet the requirements of G.S. 122C-223 or G.S. 122C-232.

(e) When an individual from a single portal area seeks admission to an area or State 24-hour facility, the admission shall follow the procedures as prescribed in the area plan. When an individual from a single portal area presents himself for admission to the facility directly and is in need of an emergency admission, he may be accepted for admission. The facility shall notify the area authority within 24 hours of the admission. Further planning of treatment for the client is the joint responsibility of the area authority and the facility as prescribed in the area plan.

"§ 122C-212. *Discharges.*—(a) Except as provided in subsections (b) and (c) of this section, an individual who has been voluntarily admitted to a facility shall be discharged upon his own request. A request for discharge from a 24-hour facility shall be in writing.

(b) An individual who has been voluntarily admitted to a 24-hour facility may be held for 72 hours after his written application for discharge is submitted.

(c) When an individual from a single portal area who has been voluntarily admitted to an area or State 24-hour facility is discharged, the discharge shall follow the procedures as prescribed in the area plan.

"Part 3. Voluntary Admissions and Discharges, Minors, Facilities for the Mentally Ill and Substance Abusers.

"§ 122C-221. *Admissions.*—Except as otherwise provided in this Part, a minor may be admitted to a facility if the minor is mentally ill or a substance abuser and in need of treatment. The provisions of G.S. 122C-211 shall apply to admissions of minors under this Part. Except as provided in G.S. 90-21.5, in applying for admission to a facility, in consenting to medical treatment when consent is required, and in any other legal procedure under this Article, the legally responsible person shall act for a minor.

"§ 122C-222. *Emergency admission to a 24-hour facility.*—(a) In an emergency situation, a minor who is mentally ill or a substance abuser and in need of treatment may be admitted to a 24-hour facility upon his own written application, and the application shall serve as the initiating document for the hearing conducted in accordance with G.S. 122C-223. Within 24 hours of admission, the facility shall notify the legally responsible person of the admission unless notification is impossible due to inability to identify the legally responsible person or to inability to locate or contact him after all reasonable means to establish contact have been attempted.

(b) If after 30 days no legally responsible person can be located, the responsible professional shall initiate proceedings for juvenile protective services as described in Article 44 of Chapter 7A of the General Statutes in either the minor's county of residence or in the county in which the facility is located.

"§ 122C-223. *Judicial determination.*—(a) When a minor is admitted to a 24-hour facility where the minor will be subjected to the same restrictions on his freedom of movement present in the State facilities for the mentally ill, or to similar restrictions, a hearing shall be held in the district court in the county in which the 24-hour facility is located within 10 days of the day that the minor is admitted to the facility. A continuance of not more that five days may be granted upon motion of:

(1) the court;

(2) respondent's counsel; or

(3) the responsible professional.

The Commission shall adopt rules governing procedures for admission to other 24-hour facilities not falling within the category of facilities where freedom of movement is restricted. These rules shall be designed to ensure that no minor is improperly admitted to or remains in a 24-hour facility.

(b) In any case requiring the hearing described in subsection (a) of this section, no petition is necessary. The written application for voluntary admission shall serve as the initiating document for the hearing. The court shall determine whether the minor is mentally ill or a substance abuser and is in need of further treatment at the facility. Further treatment at the facility should be undertaken only when lesser measures will be insufficient. If the court finds by clear, cogent, and convincing evidence that these requirements have been met, the court shall concur with the voluntary admission of the minor. If the court finds that these requirements have not been met, it shall order that the minor be released. A finding of dangerousness to himself or others is not necessary to support the determination that further treatment should be undertaken.

(c) When it appears that an extended period of diagnostic evaluation is necessary before a recommendation can be made to the court, the responsible professional may request a continued stay in the facility not to exceed 30 days for diagnosis and evaluation. The following procedures apply:

(1) At least 48 hours in advance of the regularly calendared hearing provided in subsection (a) of this section, the responsible professional shall give written notice to the clerk of superior

court, the minor, the legally responsible person, and the attorneys for all parties that diagnosis and evaluation of the minor cannot be completed before the calendared hearing and that he will request that the court authorize a period of continued stay in the facility not to exceed 30 days for the purpose of diagnosing and evaluating the minor.

(2) The court shall determine whether there exist reasonable grounds to believe:

a. That the minor is probably mentally ill or a substance abuser;

b. That the minor may, upon diagnosis and evaluation, be found to meet the criteria for admission as set out in subsection (b) of this section; and

c. That the additional time is required to complete the diagnosis and evaluation.

(3) If the court finds that the criteria set out in subdivision (2) of this subsection have been met, it shall authorize a period of continued stay in the facility for diagnosis and evaluation, not to exceed 30 days, and establish a new date for the hearing provided in subsection (a) of this section to occur by the end of the specified period. During this period, medical, psychiatric, psychological, educational, and social evaluation shall be undertaken and reasonable and appropriate medication and treatment that is consistent with accepted medical standards may be administered.

(4) If the court does not make findings of fact as set out in subdivision (2) of this subsection, the minor shall be ordered released.

(d) Unless otherwise provided in this Part, the hearing specified in subsection (a) of this section, including the provisions for representation of indigent minors, all subsequent proceedings, and conditional release are governed by the involuntary commitment procedures of Part 7 of this Article.

(e) In addition to the notice of hearings and rehearings to the minor and his counsel required under Part 7 of this Article, notice shall be given by the clerk to the legally responsible person who signed the application for voluntary admission. The legally responsible person who signed the application for voluntary admission, may also file a written waiver of his right to receive notice with the clerk of court.

"§ 122C-224. *Discharges.*—(a) Except as provided in subsection (b) of this section, a minor shall be discharged upon his legally responsible person's request as provided in G.S. 122C-212. However, a minor admitted upon his own application shall be discharged upon his own application as provided in G.S. 122C-212.

(b) After the court has concurred in the admission of a minor to a 24-hour facility as provided in G.S. 122C-223, only the facility or the court may release the minor when either determines that the minor is no longer in need of treatment at the facility. If the legally responsible person believes that release is in the best interest of the minor, and the facility refuses release, the legally responsible person may apply to the court for a hearing for discharge.

"Part 4. Voluntary Admissions and Discharges, Incompetent Adults, Facilities for the Mentally Ill and Substance Abusers.

"§ 122C-231. *Admissions.*—Except as otherwise provided in this Part an incompetent adult may be admitted to a facility when the individual is mentally ill or a substance abuser and in need of treatment. The provisions of G.S. 122C-211 shall apply to admissions of an incompetent adult under this Part except that the legally responsible person shall act for the individual, in applying for admission to a facility, in consenting to medical treatment when consent is required, in giving or receiving any legal notice, and in any other legal procedure under this Article.

"§ 122C-232. *Judical determination.*—(a) When an incompetent adult is admitted to a 24-hour facility where the incompetent adult will be subjected to the same restrictions on his freedom of movement present in the State facilities for the mentally ill, or to similar restrictions, a hearing shall be held in the district court in the county in which the 24-hour facility is located within 10 days of the day that the incompetent adult is admitted to the facility. A continuance of not more than five days may be granted upon motion of:

(1) the court;
(2) respondent's counsel; or
(3) the responsible professional.

The Commission shall adopt rules governing procedures for admission to other 24-hour facilities not falling within the category of facilities where freedom of movement is restricted; these rules shall be designed to ensure that no incompetent adult is improperly admitted to or remains in a facility.

(b) In any case requiring the hearing described in subsection (a) of this section, no petition is necessary; the written application for voluntary admission shall serve as the initiating document for the hearing. The court shall determine whether the incompetent adult is mentally ill or a substance abuser and is in need of further treatment at the facility. Further treatment at the facility should be undertaken only when lesser measures will be insufficient. If the court finds by clear, cogent, and convincing evidence that these requirements have been met, the court shall concur with the voluntary admission of the incompetent adult. If the court finds that these requirements have not been met, it shall order that the incompetent adult be released. A finding of dangerousness to self or others is not necessary to support the determination that further treatment should be undertaken.

(c) Unless otherwise provided in this Part, the hearing specified in subsection (a) of this section, including the provisions for representation of indigent incompetent adults, all subsequent proceedings, and conditional release are governed by the involuntary commitment procedures of Part 7 of this Article.

(d) In addition to the notice of hearings and rehearings to the incompetent adult and his counsel required under Part 7 of this Article, notice shall be given by the clerk to the legally responsible person, or his successor. The legally responsible person, or his successor may also file with the clerk of court a written waiver of his right to receive notice.

"§ 122C-233. *Discharges.*—(a) Except as provided in subsection (b) of this section, an incompetent adult shall be discharged upon the request of the legally responsible person as provided in G.S. 122C-212.

(b) After the court has concurred in the admission of an incompetent adult to a 24-hour facility as provided in G.S. 122C-232, only the facility or the court may release the incompetent adult at any time when either determines that the incompetent adult does not need further treatment at the facility. If the legally responsible person believes that release is in the best interest of the incompetent adult, and the facility refuses release, the legally responsible person may apply to the court for a hearing for discharge.

"Part 5. Voluntary Admissions and Discharges, Minors and Adults, Facilities for Individuals with Mental Retardation.

"§ 122C-241. *Admissions.*—(a) Except as provided in subsection (c) of this section an individual with mental retardation may be admitted to a facility for the mentally retarded in order that he receive care, habilitation, training, or treatment. Application for admission is made as follows:

(i) A minor with mental retardation may be admitted upon application by both the father and the mother if they are living together and, if not, by the parent or parents having custody or by the legally responsible person.

(ii) An adult with mental retardation who has been adjudicated incompetent under Chapters 33 or 35 of the General Statutes may be admitted upon application by his guardian.

(iii) An adult with mental retardation who has not been adjudicated incompetent under Chapters 33 or 35 of the General Statutes may be admitted upon his own application.

(b) Prior to admission to a 24-hour facility, the individual shall be examined and evaluated by a physician, licensed practicing psychologist or psychological associate to determine whether the individual is mentally retarded. In addition, the individual shall be examined and evaluated by a qualified mental retardation professional no sooner than 31 days prior to admission or within 72 hours after admission to determine whether the individual is in need of care, habilitation, training or treatment by the facility. If the evaluating professional determines that the individual will not benefit from an admission, the individual shall not be admitted as a client.

(c) An admission to an area or State 24-hour facility of an individual from a single portal area shall follow the procedures as prescribed in the area plan. When an individual from a single portal area presents himself or is presented for admission to a State facility for the mentally retarded directly and is in need of an emergency admission, he may be accepted for admission. The State facility shall notify the area authority within 24 hours of the admission and further planning of treatment for the individual is the joint responsibility of the area authority and the State facility as prescribed in the area plan.

"§ 122C-242. *Discharges.*—(a) Except as provided in subsections (b) through (d) of this section, discharges from facilities for individuals with mental retardation are made upon request of the individual authorized in G.S. 122C-241(a) to make application for admission or by the director of the facility.

(b) Any adult who has not been declared incompetent and who is admitted to a 24-hour facility shall be discharged upon his own request, unless the director of the facility has reason to believe that the adult is endangering himself by the discharge. In this case the individual may be held for a period not to exceed five days while the director petitions for the adjudication of incompetency of the individual and the appointment of an interim guardian under Chapters 33 or 35 of the General Statutes.

(c) Any individual admitted to a 24-hour facility may be discharged when in the judgment of the director of the facility the individual is no longer in need of care, treatment, habilitation or rehabilitation by the facility or the individual will no longer benefit from the service available. In the case of an area or State facility rules adopted by the Commission or by the Secretary in accordance with G.S. 122C-63 shall be followed.

(d) When the individual to be discharged from an area or State 24-hour facility is a resident of a single portal area, the discharge shall follow the procedures described in the area plan.

"Part 6. Involuntary Commitment — General Provisions.

"§ 122C-251. *Transportation.*—(a) Except as provided in subsections (f) and (g), transportation of a respondent within a county under the involuntary commitment proceedings of this Article, including admission and discharge, shall be provided by the city or county. The city has the duty to provide transportation of a respondent who is a resident of the city or who is taken into custody in the city limits. The county has the duty to provide transportation for a respondent who resides in the county outside city limits or who is taken into custody outside of city limits. However, cities and counties may contract with each other to provide transportation.

(b) Except as provided in subsections (f) and (g) or in G. S. 122C-408(b), transportation between counties under the involuntary commitment proceedings of this Article for admission to a 24-hour facility shall be provided by the county where the respondent is taken into custody. Transportation between counties under the involuntary commitment proceedings of this Article for discharge of a respondent from a 24-hour facility shall be provided by the county of residence of the respondent. However, a respondent being discharged from a facility may use his own transportation at his own expense.

(c) Transportation of a respondent may be by city- or county- owned vehicles or by private vehicle by contract with the city or county. To the extent feasible, law enforcement officers transporting respondents shall dress in plain clothes and shall travel in unmarked vehicles.

(d) In providing transportation of a respondent, a city or county shall provide a driver or attendant who is the same sex as the respondent,

unless the law enforcement officer allows a family member of the respondent to accompany the respondent in lieu of an attendant of the same sex as the respondent.

(e) In providing transportation required by this section, the law enforcement officer may use reasonable force to restrain the respondent if it appears necessary to protect himself, the respondent, or others. No law enforcement officer may be held criminally or civilly liable for assault, false imprisonment, or other torts or crimes on account of reasonable measures taken under the authority of this Article.

(f) Notwithstanding the provisions of subsections (a), (b), and (c) of this section, a clerk, a magistrate, or a district court judge, where applicable, may authorize the family or immediate friends of the respondent, if they so request, to transport the respondent in accordance with the procedures of this Article. This authorization shall only be granted in cases where the danger to the public, the family or friends of the respondent, or the respondent himself is not substantial. The family or immediate friends of the respondent shall bear the costs of providing this transportation.

(g) The governing body of a city or county may adopt a plan for transportation of respondents in involuntary commitment proceedings in this Article. Law enforcement personnel, volunteers, or other public or private agency personnel may be designated to provide all or parts of the transportation required by involuntary commitment proceedings. Persons so designated shall be trained and the plan shall assure adequate safety and protections for both the public and the respondent. Law enforcement, other affected agencies, and the area authority shall participate in the planning. If any person other than a law enforcement agency is designated by a city or county, the person so designated shall provide the transportation and follow the procedures in this Article. References in this Article to a law enforcement officer apply to this person.

(h) The cost and expenses of transporting a respondent to or from a 24-hour facility is the responsibility of the county of residence of the respondent. The State (when providing transportation under G.S. 122C-408(b)), a city, or a county is entitled to recover the reasonable cost of transportation from either (i) the respondent or some other individual liable for his support and maintenance, if there is property sufficient to pay the cost; or (ii) the county of residence of an indigent respondent.

"§ 122C-252. *Twenty-four hour facilities for custody and treatment of involuntary clients.*—State facilities, 24-hour facilities licensed under this Chapter or hospitals licensed under Chapter 131E may be designated by the Secretary as facilities for the custody and treatment of involuntary clients. Designation of these facilities shall be made in accordance with rules of the Secretary that assure the protection of the client and the general public. Facilities so designated may detain a client under the procedures of Parts 7 and 8 of this Article both before a district court hearing and after commitment of the respondent.

"§ 122C-253. *Fees under commitment order.*—Nothing contained in Parts 6, 7, or 8 of this Article requires a private physician or private facility to accept a respondent as a client either before or after

commitment. Treatment at a private facility or by a private physician is at the expense of the respondent to the extent that the charges are not disposed of by contract between the area authority and the private facility. An area authority and its contract agencies shall set and recover fees for inpatient or outpatient treatment services provided under a commitment order in accordance with G.S. 122C-146.

"§ 122C-254. *Housing responsibility for certain clients in or escapees from involuntary commitment.*—(a) Any individual who has been involuntarily committed under the provisions of this Article to a 24-hour facility:

(1) Who escapes from or is absent without authorization from the facility before being discharged; and

(2) Who is charged with a criminal offense committed after the escape or during the unauthorized absence; and

(3) Whose involuntary commitment is determined to be still valid by the judge or judicial officer who would make the pretrial release determination regarding the criminal offense under the provisions of G.S. 15A-533 and G.S. 15A-534; or

(4) Who is charged with committing a crime while still residing in the facility and whose commitment is still valid as prescribed by subdivision (3) of this section;

shall be denied pretrial release pursuant to G.S. 15A-533 and G.S. 15A-534. In lieu of pretrial release, and pending the additional proceedings on the criminal offense, the individual shall be returned to the 24-hour facility in which he was residing at the time of the alleged crime or from which he escaped or absented himself for continuation of his commitment.

(b) Absent findings of lack of mental responsibility for his criminal offense or lack of competency to stand trial for the criminal offense, the involuntary commitment of an individual as described in subsection (a) of this section shall not be utilized in lieu of nor shall it constitute a bar to proceeding to trial for the criminal offense. At any time that the district court or the responsible professional of the 24-hour facility finds that the individual should be unconditionally discharged, committed for outpatient treatment, or conditionally released, the facility shall notify the clerk of superior court in the county in which the criminal charge is pending before making the change in status. At this time, a pretrial release determination pursuant to the provisions of G.S. 15A-533 and G.S. 15A-534 shall be made. In this event, arrangements for returning the individual for the pretrial release determination shall be the responsibility of the clerk of superior court.

(c) An individual who has been processed in accordance with subsections (a) and (b) of this section may not later be returned to a 24-hour facility before trial except pursuant to involuntary commitment proceedings by the district court in accordance with Parts 7 and 8 of this Article or after proceedings in accordance with the provisions of G.S. 15A-1002 or G.S. 15A-1321.

(d) Other involuntarily committed respondents who escape, but do not meet the additional criteria specified in subsection (a) of this section, are handled in accordance with the provisions of G.S. 122C-205.

"Part 7. Involuntary Commitment of the Mentally Ill and the Mentally Retarded with Behavior Disorders, Facilities for the Mentally Ill.

"§ 122C-261. *Affidavit and petition before clerk or magistrate; custody order.*—(a) Anyone who has knowledge of an individual who is: (i) mentally ill and either dangerous to himself or others or in need of treatment in order to prevent further disability or deterioration that would predictably result in dangerousness, or (ii) mentally retarded and, because of an accompanying behavior disorder, is dangerous to others, may appear before a clerk or assistant or deputy clerk of superior court or a magistrate and execute an affidavit to this effect, and petition the clerk or magistrate for issuance of an order to take the respondent into custody for examination by a physician. The affidavit shall include the facts on which the affiant's opinion is based. Jurisdiction under this subsection is in the clerk or magistrate in the county where the respondent resides or is found.

(b) If the clerk or magistrate finds reasonable grounds to believe that the facts alleged in the affidavit are true and that the respondent is probably (i) mentally ill and either dangerous to himself or others or in need of treatment in order to prevent further disability or deterioration that would predictably result in dangerousness, or (ii) mentally retarded and, because of an accompanying behavior disorder, is dangerous to others, he shall issue an order to a law enforcement officer or any other person authorized under G.S. 122C-251 to take the respondent into custody for examination by a physician.

(c) If the clerk or magistrate issues a custody order, he shall also make inquiry in any reliable way as to whether the respondent is indigent within the meaning of G.S. 7A-450. A magistrate shall report the result of this inquiry to the clerk.

(d) If the affiant is a physician, he may execute the affidavit before any official authorized to administer oaths. He is not required to appear before the clerk or magistrate for this purpose. His examination shall comply with the requirements of the initial examination as provided in G.S. 122C-263(c). If the physician petitioner's recommendation is for inpatient commitment and the clerk or magistrate finds probable cause to believe that the respondent meets the criteria for inpatient commitment, he shall issue an order for transportation to or custody at a 24-hour facility described in G.S. 122C-252. If a physician executes an affidavit for inpatient commitment of a respondent, a second physician shall be required to perform the examination required by G.S. 122C-266.

(e) Upon receipt of the custody order of the clerk or magistrate or a custody order issued by the court pursuant to G.S. 15A-1003 or G.S. 15A-1321, a law enforcement officer or other person designated in the order shall take the respondent into custody within 24 hours after the order is signed, and proceed according to G.S. 122C-263.

(f) When a petition is filed for an individual who is a resident of a single portal area, the procedures for examination by a physician as set forth in G.S. 122C-263 shall be carried out in accordance with the area plan. When an individual from a single portal area is presented for commitment at a 24-hour area or State facility directly, he may be

accepted for admission in accordance with G.S. 122C-266. The facility shall notify the area authority within 24 hours of the admission and further planning of treatment for the client is the joint responsibility of the area authority and the facility as prescribed in the area plan.

"§ 122C-262. *Special emergency procedure for violent individuals.*—When an individual subject to commitment under the provisions of this Part is also violent and requires restraint and when delay in taking him to a physician for examination would likely endanger life or property, a law enforcement officer may take the individual into custody and take him immediately before a magistrate or clerk. The law enforcement officer shall execute the affidavit required by G.S. 122C-261 and in addition shall swear that the respondent is violent and requires restraint and that delay in taking the respondent to a physician for an examination would endanger life or property.

If the clerk or magistrate finds by clear, cogent, and convincing evidence that the facts stated in the affidavit are true, that the respondent is in fact violent and requires restraint, and that delay in taking the respondent to a physician for an examination would endanger life or property, he shall order the law enforcement officer to take the respondent directly to a 24-hour facility described in G.S. 122C-252.

Respondents received at a 24-hour facility under the provisions of this section shall be examined and processed thereafter in the same way as all other respondents under this Part.

"§ 122C-263. *Duties of law enforcement officer; first examination by physician.*—(a) Without unnecessary delay after assuming custody, the law enforcement officer or the individual designated by the clerk or magistrate under G.S. 122C-251(g) to provide transportation shall take the respondent to an area facility for examination by a physician; if a physician is not available in the area facility, he shall take the respondent to any physician locally available. If a physician is not immediately available, the respondent may be temporarily detained in an area facility, if one is available; if an area facility is not available, he may be detained under appropriate supervision in his home, in a private hospital or a clinic, in a general hospital, or in a State facility for the mentally ill, but not in a jail or other penal facility.

(b) The examination set forth in subsection (a) of this section is not required if:

(1) The affiant who obtained the custody order is a physician who recommends inpatient commitment;

(2) The custody order states that the respondent was charged with a violent crime, including a crime involving assault with a deadly weapon, and he was found not guilty by reason of insanity or incapable of proceeding; or

(3) The respondent is in custody under the special emergency procedure described in G.S. 122C-262.

In any of these cases, the law enforcement officer shall take the respondent directly to a 24-hour facility described in G.S. 122C-252.

(c) The physician described in subsection (a) of this section shall examine the respondent as soon as possible, and in any event within 24

hours, after the respondent is presented for examination. The examination shall include but is not limited to an assessment of the respondent's:

(1) Current and previous mental illness or mental retardation including, if available, previous treatment history;
(2) Dangerousness to himself or others as defined in G.S. 122C-3(11);
(3) Ability to survive safely without inpatient commitment, including the availability of supervision from family, friends or others; and
(4) Capacity to make an informed decision concerning treatment.

(d) After the conclusion of the examination the physician shall make the following determinations:

(1) If the physician finds that:
a. The respondent is mentally ill;
b. The respondent is capable of surviving safely in the community with available supervision from family, friends, or others;
c. Based on the respondent's treatment history, the respondent is in need of treatment in order to prevent further disability or deterioration which would predictably result in dangerousness as defined by G.S. 122C-3(11); and
d. His current mental status or the nature of his illness limits or negates his ability to make an informed decision to seek voluntarily or comply with recommended treatment;

The physician shall so show on the physician's examination report and shall recommend outpatient commitment. In addition the examining physician shall show the name, address, and telephone number of the proposed outpatient treatment physician or center. The person designated in the order to provide transportation shall return the respondent to his regular residence or to the home of a consenting individual, and he shall be released from custody.

(2) If the physician finds that the respondent is mentally ill and is dangerous to himself or others, or is mentally retarded, and because of an accompanying behavior disorder, is dangerous to others, he shall recommend inpatient commitment, and he shall so show on the physician's examination report. The law enforcement officer or other designated person shall take the respondent to a 24-hour facility described in G.S. 122C-252 pending a district court hearing. If there is no area 24-hour facility and if the respondent is indigent and unable to pay for his care at a private 24-hour facility, the law enforcement officer or other designated person shall take the respondent to a State facility for the mentally ill designated by the Commission for custody, observation, and treatment and immediately notify the clerk of superior court of his actions.

(3) If the physician finds that neither condition described in subdivisions (1) or (2) of this subsection exists, the respondent shall be released and the proceedings terminated.

(e) The findings of the physician and the facts on which they are based shall be in writing in all cases. The physician shall send a copy of the findings to the clerk of superior court by the most reliable and expeditious means. If it cannot be reasonably anticipated that the clerk will receive

the copy within 48 hours of the time that it was signed, the physician shall also communicate his findings to the clerk by telephone.

(f) When outpatient commitment is recommended, the examining physician, if different from the proposed outpatient treatment physician or center, shall give the respondent a written notice listing the name, address, and telephone number of the proposed outpatient treatment physician or center and directing the respondent to appear at the address at a specified date and time. The examining physician before the appointment shall notify by telephone the designated outpatient treatment physician or center and shall send a copy of the notice and his examination report to the physician or center.

"§ 122C-264. *Duties of clerk of superior court.*—(a) Upon receipt of a physician's finding that the respondent meets the criteria of G.S. 122C-263(d)(1) and that outpatient commitment is recommended, the clerk of superior court of the county where the petition was initiated, upon direction of a district court judge, shall calendar the matter for hearing and shall notify the respondent, the proposed outpatient treatment physician or center, and the petitioner of the time and place of the hearing. The petitioner may file a written waiver of his right to notice under this subsection with the clerk of court.

(b) Upon receipt of a physician's finding that a respondent meets the criteria of G.S. 122C-263(d)(2) and that inpatient commitment is recommended, the clerk of superior court of the county where the 24-hour facility is located shall, after determination required by G.S. 122C-261(c) and upon direction of a district court judge, assign counsel if necessary, calendar the matter for hearing, and notify the respondent, his counsel, and the petitioner of the time and place of the hearing. The petitioner may file a written waiver of his right to notice under this subsection with the clerk of court.

(c) Notice to the respondent, required by subsections (a) and (b) of this section, shall be given as provided in G.S. 1A-1, Rule 4(j) at least 72 hours before the hearing. Notice to other individuals shall be sent at least 72 hours before the hearing by first-class mail postage prepaid to the individual's last known address.

(d) In cases described in G.S. 122C-266(b) in addition to notice required in subsections (a) and (b) of this section, the clerk of superior court shall notify the chief district judge and the district attorney in the county in which the defendant was found not guilty by reason of insanity or incapable of proceeding. The notice shall be given in the same way as the notice required by subsection (c) of this section. The judge or the district attorney may file a written waiver of his right to notice under this subsection with the clerk of court.

(e) The clerk of superior court of the county where outpatient commitment is to be supervised shall keep a separate list regarding outpatient commitment and shall prepare quarterly reports listing all active cases, the assigned supervisor, and the disposition of all hearings, supplemental hearings, and rehearings.

(f) The clerk of superior court of the county where inpatient commitment hearings and rehearings are held shall provide all notices, send all records and maintain a record of all proceedings as required by

this Part; provided that if the respondent has been committed to a 24-hour facility in a county other than his county of residence and the district court hearing is held in the county of the facility, the clerk of superior court in the county of the facility shall forward the record of the proceedings to the clerk of superior court in the county of respondent's residence, where they shall be maintained by receiving clerk.

"§ 122C-265. *Outpatient commitment; examination and treatment pending hearing.*—(a) If a respondent, who has been recommended for outpatient commitment by an examining physician different from the proposed outpatient treatment physician or center, fails to appear for examination by the proposed outpatient treatment physician or center at the designated time, the physician or center shall notify the clerk of superior court who shall issue an order to a law enforcement officer or other person authorized under G.S. 122C-251 to take the respondent into custody and take him immediately to the outpatient treatment physician or center for evaluation. The law enforcement officer may wait during the examination and return the respondent to his home after the examination.

(b) The examining physician or the proposed outpatient treatment physician or center may prescribe to the respondent reasonable and appropriate medication and treatment that are consistent with accepted medical standards pending the district court hearing.

(c) In no event may a respondent released on a recommendation that he meets the outpatient commitment criteria be physically forced to take medication or forceably detained for treatment pending a district court hearing.

(d) If at any time pending the district court hearing the outpatient treatment physician or center determines that the respondent does not meet the criteria of G.S. 122C-263(d) (1), he shall release the respondent and notify the clerk of court and the proceedings shall be terminated.

(e) If a respondent becomes dangerous to himself or others pending a district court hearing on outpatient commitment, new proceedings for involuntary inpatient commitment may be initiated.

(f) If an inpatient commitment proceeding is initiated pending the hearing for outpatient commitment and the respondent is admitted to a 24-hour facility to be held for an inpatient commitment hearing, notice shall be sent by the clerk of court in the county where the respondent is being held to the clerk of court of the county where the outpatient commitment was initiated and the outpatient commitment proceeding shall be terminated.

"§ 122C-266. *Inpatient commitment; second examination and treatment pending hearing.*—(a) Except as provided in subsections (b) and (e), within 24 hours of arrival at a 24-hour facility described in G.S. 122C-252, the respondent shall be examined by a physician. The examination shall include but is not limited to the assessment specified in G.S. 122C-263(c).

(1) If the physician finds that the respondent is mentally ill and is dangerous to himself or others or is mentally retarded and, because of an accompanying behavior disorder, is dangerous to others, he shall hold the respondent at the facility pending the district court hearing.

(2) If the physician finds that the respondent meets the criteria for outpatient commitment under G.S. 122C-263(d)(1), he shall show his findings on the physician's examination report, release the respondent pending the district court hearing, and notify the clerk of superior court of the county where the petition was initiated of his findings. In addition, the examining physician shall show on the examination report the name, address, and telephone number of the proposed outpatient treatment physician or center. He shall give the respondent a written notice listing the name, address, and telephone number of the proposed outpatient treatment physician or center and directing the respondent to appear at that address at a specified date and time. The examining physician before the appointment shall notify by telephone and shall send a copy of the notice and his examination report to the proposed outpatient treatment physician or center.

(3) If the physician finds that the respondent does not meet the criteria for commitment under either G.S. 122C-263(d)(1) or G.S. 122C-263(d)(2), he shall release the respondent and the proceedings shall be terminated.

(4) If the respondent is released under subdivisions (2) or (3) of this subsection, the law enforcement officer or other person designated to provide transportation shall return the respondent to the originating county.

(b) If the custody order states that the respondent was charged with a violent crime, including a crime involving assault with a deadly weapon, and that he was found not guilty by reason of insanity or incapable of proceeding, the physician shall examine him as set forth in subsection (a) of this section. However, the physician may not release him from the facility until ordered to do so following the district court hearing.

(c) The findings of the physician and the facts on which they are based shall be in writing, in all cases. A copy of the findings shall be sent to the clerk of superior court by reliable and expeditious means.

(d) Pending the district court hearing, the physician attending the respondent may administer to the respondent reasonable and appropriate medication and treatment that is consistent with accepted medical standards. Except as provided in subsection (b) of this section, if at any time pending the district court hearing, the attending physician determines that the respondent no longer meets the criteria of either G.S. 122C-263(d)(1) or (d)(2), he shall release the respondent and notify the clerk of court and the proceedings shall be terminated.

(e) If the 24-hour facility described in G.S. 122C-252 is the facility in which the first examination by a physician occurred and is the same facility in which the respondent is held, the second examination must occur not later than the following regular working day.

"§ 122C-267. *Outpatient commitment; district court hearing.*—(a) A hearing shall be held in district court within 10 days of the day the respondent is taken into custody pursuant to G.S. 122C-261(e). Upon its own motion or upon motion of the proposed outpatient treatment physician or the respondent, the court may grant a continuance of not more than five days.

(b) The respondent shall be present at the hearing. A subpoena may be issued to compel the respondent's presence at a hearing. The petitioner and the proposed outpatient treatment physician or his designee may be present and may provide testimony.

(c) Certified copies of reports and findings of physicians and medical records of previous and current treatment are admissible in evidence.

(d) At the hearing to determine the necessity and appropriateness of outpatient commitment, the respondent need not, but may, be represented by counsel. However, if the court determines that the legal or factual issues raised are of such complexity that the assistance of counsel is necessary for an adequate presentation of the merits or that the respondent is unable to speak for himself, the court may continue the case for not more than five days and order the appointment of counsel for an indigent respondent.

(e) Hearings may be held at the area facility in which the respondent is being treated, if it is located within the judge's judicial district, or in the judge's chambers. A hearing may not be held in a regular courtroom, over objection of the respondent, if in the discretion of a judge a more suitable place is available.

(f) The hearing shall be closed to the public unless the respondent requests otherwise.

(g) A copy of all documents admitted into evidence and a transcript of the proceedings shall be furnished to the respondent on request by the clerk upon the direction of a district court judge. If the client is indigent, the copies shall be provided at State expense.

(h) To support an outpatient commitment order, the court is required to find by clear, cogent, and convincing evidence that the respondent meets the criteria specified in G.S. 122C-262(d)(l). The court shall record the facts which support its findings and shall show on the order the center or physician who is responsible for the management and supervision of the respondent's outpatient commitment.

"§ 122C-268. *Inpatient commitment; district court hearing.*—(a) A hearing shall be held in district court within 10 days of the day the respondent is taken into custody pursuant to G.S. 122C-261(e). A continuance of not more than five days may be granted upon motion of:

(1) the court;

(2) respondent's counsel; or

(3) the State,

sufficiently in advance to avoid movement of the respondent.

(b) The attorney, who is a member of the staff of the Attorney General assigned to one of the State's facilities for the mentally ill or the psychiatric service of North Carolina Memorial Hospital, shall represent the State's interest at commitment hearings, rehearings, and supplemental hearings held at the facility to which he is assigned under this Part.

(c) If the respondent's custody order indicates that he was charged with a violent crime, including a crime involving an assault with a deadly weapon, and that he was found not guilty by reason of insanity or incapable of proceeding, the clerk shall give notice of the time and place of the hearing as provided in G.S. 122C-264(d). The district attorney in the county in which the respondent was found not guilty by reason of

insanity or incapable of proceeding may represent the State's interest at the hearing.

(d) The respondent shall be represented by counsel of his choice; or if he is indigent within the meaning of G.S. 7A-450 or refuses to retain counsel if financially able to do so, he shall be represented by counsel appointed by the court.

(e) With the consent of the court, counsel may in writing waive the presence of the respondent.

(f) Certified copies of reports and findings of physicians and previous and current medical records are admissible in evidence, but the respondent's right to confront and cross-examine witnesses may not be denied.

(g) Hearings may be held in an appropriate room not used for treatment of clients at the facility in which the respondent is being treated if it is located within the judge's judicial district, or in the judge's chambers. A hearing may not be held in a regular courtroom, over objection of the respondent, if in the discretion of a judge a more suitable place is available.

(h) The hearing shall be closed to the public unless the respondent requests otherwise.

(i) A copy of all documents admitted into evidence and a transcript of the proceedings shall be furnished to the respondent on request by the clerk upon the direction of a district court judge. If the respondent is indigent, the copies shall be provided at State expense.

(j) To support an inpatient commitment order, the court shall find by clear, cogent, and convincing evidence that the respondent is mentally ill and dangerous to himself or others or is mentally retarded and, because of an accompanying behavior disorder, is dangerous to others. The court shall record the facts that support its findings.

"§ 122C-269. *Venue of district court hearing when respondent held at a 24-hour facility pending hearing.*—(a) In all cases where the respondent is held at a 24-hour facility pending the district court hearing as provided in G.S. 122C-268, unless the respondent through counsel objects to the venue, the hearing shall be held in the county in which the facility is located. Upon objection to venue, the hearing shall be held in the county where the petition was initiated.

(b) An official of the facility shall immediately notify the clerk of superior court of the county in which the facility is located of a determination to hold the respondent pending hearing. That clerk shall request transmittal of all documents pertinent to the proceedings from the clerk of superior court where the proceedings were initiated. The requesting clerk shall assume all duties set forth in G.S. 122C-264. The requesting clerk shall appoint as counsel for indigent respondents the counsel provided for in G.S. 122C-268(d).

(c) Upon motion of any interested person, the venue of an initial hearing described in G.S. 122C-268(c) or a rehearing required by G.S. 122C-276(b) or G.S. 122C-277(b) shall be moved to the county in which the respondent was found not guilty by reason of insanity or incapable of proceeding when the convenience of witnesses and the ends of justice would be promoted by the change.

"§ 122C-270. *Attorneys to represent the respondent and the State.*—(a) The senior regular resident superior court judge of a judicial district in which a State facility for the mentally ill is located shall appoint an attorney licensed to practice in North Carolina as special counsel for indigent respondents who are mentally ill or mentally retarded with an accompanying behavior disorder. This special counsel shall serve at the pleasure of the appointing judge, may not privately practice law, and shall receive annual compensation within the salary range for assistant district attorneys as fixed by the Administrative Officer of the Courts. The special counsel shall represent all indigent respondents at all hearings, rehearings, and supplemental hearings held at the State facility and on appeals held under this Article. Special counsel shall determine indigency in accordance with G.S. 7A-450(a). Indigency is subject to redetermination by the presiding judge.

(b) The State facility shall provide suitable office space for the counsel to meet privately with respondents. The Administrative Office of the Courts shall provide secretarial and clerical service and necessary equipment and supplies for the office.

(c) In the event of a vacancy in the office of special counsel, counsel's incapacity, or a conflict of interest, counsel for indigents at hearings or rehearings may be assigned by a district judge of the district. No mileage or compensation for travel time is paid to a counsel appointed pursuant to this subsection. Counsel may also be so assigned when, in the opinion of the Administrative Officer of the Courts, the volume of cases warrants.

(d) At hearings held in counties other than those designated in subsection (a) of this section, a district court judge shall appoint counsel for indigent respondents from members of the bar of the county in accordance with G.S. 122C-268(d).

(e) Counsel assigned to represent an indigent respondent at the initial district court hearing is also responsible for perfecting and concluding an appeal, if there is one. Upon completion of an appeal, or upon transfer of the respondent to a State facility for the mentally ill, if there is no appeal, assigned counsel is discharged. If the respondent is committed to a non-State 24-hour facility, assigned counsel remains responsible for his representation until discharged by order of district court, until the respondent is unconditionally discharged from the facility, or until the respondent voluntarily admits himself to the facility.

(f) The Attorney General may employ four attorneys, one to be assigned by him full-time to each of the State facilities for the mentally ill, to represent the State's interest at commitment hearings, rehearings and supplemental hearings held under this Article at the State facilities and to provide liaison and consultation services concerning these matters. These attorneys are subject to Chapter 126 of the General Statutes and shall also perform additional duties as may be assigned by the Attorney General. The attorney employed by the Attorney General in accordance with G.S. 114-4.2B shall represent the State's interest at commitment hearings, rehearings and supplemental hearings held at North Carolina Memorial Hospital under this Article.

"§ 122C-271. *Disposition.*—(a) If an examining physician has recommended outpatient commitment and the respondent has been

released pending the district court hearing, the court may make one of the following dispositions:

(1) If the court finds by clear, cogent, and convincing evidence that the respondent is mentally ill; that he is capable of surviving safely in the community with available supervision from family, friends, or others; that based on respondent's treatment in order to prevent further disability or deterioration that would predictably result in dangerousness as defined in G.S. 122C-3(11); and that the respondent's current mental status or the nature of his illness limits or negates his ability to make an informed decision to seek voluntarily or comply with recommended treatment, it may order outpatient commitment for a period not in excess of 90 days.

(2) If the court does not find that the respondent meets the criteria of commitment set out in subdivision (1) of this subsection, the respondent shall be discharged and the facility at which he was last a client so notified.

(b) If the respondent has been held in a 24-hour facility pending the district court hearing, the court may make one of the following dispositions:

(1) If the court finds by clear, cogent, and convincing evidence that the respondent is mentally ill; that he is capable of surviving safely in the community with available supervision from family, friends, or others; that based on respondent's treatment history, the respondent is in need of treatment in order to prevent further disability or deterioration that would predictably result in dangerousness as defined by G.S. 122C-3(11); and that the respondent's current mental status or the nature of his illness limits or negates his ability to make an informed decision voluntarily to seek or comply with recommended treatment, it may order outpatient commitment for a period not in excess of 90 days. If the commitment proceedings were intitated as the result of the respondent's being charged with a violent crime, including a crime involving an assault with a deadly weapon, and the respondent was found not guilty by reason of insanity or incapable of proceeding, the commitment order shall so show.

(2) If the court finds by clear, cogent, and convincing evidence that the respondent is mentally ill and is dangerous to himself or others or is mentally retarded and, because of an accompanying behavior disorder, is dangerous to others, it may order inpatient commitment at a 24-hour facility described in G.S. 122C-252, or a combination of inpatient and outpatient commitment at both a 24-hour facility and an outpatient treatment physician or center, for a period not in excess of 90 days. However, an individual who is mentally retarded and, because of an accompanying behavior disorder, is dangerous to others may not be committed to a State, area or private facility for the mentally retarded. If the commitment proceedings were initiated as the result of the respondent's being charged with a violent crime, including a crime involving an assault with a deadly weapon, and the respondent

was found not guilty by reason of insanity or incapable of proceeding, the commitment order shall so show. If the court orders inpatient commitment for a respondent who is under an outpatient commitment order, the outpatient commitment is terminated; and the clerk of the superior court of the county where the district court hearing is held shall send a notice of the inpatient commitment to the clerk of superior court where the outpatient commitment was being supervised.

(3) If the court does not find that the respondent meets either of the commitment criteria set out in subdivisions (1) and (2) of this subsection, the respondent shall be discharged, and the facility in which he was last a client so notified.

(4) Before ordering any outpatient commitment, the court shall make findings of fact as to the availability of outpatient treatment. The court shall also show on the order the outpatient treatment physician or center who is to be responsible for the management and supervision of the respondent's outpatient commitment. When an outpatient commitment order is issued for a respondent held in a 24-hour facility, the court may order the respondent held at the facility for no more than 72 hours in order for the facility to notify the designated outpatient treatment physician or center of the treatment needs of the respondent. The clerk of court in the county where the facility is located shall send a copy of the outpatient commitment order to the designated outpatient treatment physician or center. If the outpatient commitment will be supervised in a county other than the county where the commitment originated, the court shall order venue for further court proceedings to be transferred to the county where the outpatient commitment will be supervised. Upon an order changing venue, the clerk of superior court in the county where the commitment originated shall transfer the file to the clerk of superior court in the county where the outpatient commitment is to be supervised.

"§ 122C-272. *Appeal.*—Judgement of the district court is final. Appeal may be had to the Court of Appeals by the State or by any party on the record as in civil cases. Appeal does not stay the commitment unless so ordered by the Court of Appeals. The Attorney General represents the State's interest on appeal. The district court retains limited jurisdiction for the purpose of hearing all reviews, rehearings, or supplemental hearings allowed or required under this Part.

"§ 122C-273. *Duties for follow-up on commitment order.*—(a) If the commitment order directs outpatient treatment, the outpatient treatment physician may prescribe or administer to the respondent reasonable and appropriate medication and treatment that are consistent with accepted medical standards.

(1) If the respondent fails to comply or clearly refuses to comply with all or part of the prescribed treatment, the physician or his designee shall make all reasonable effort to solicit the respondent's compliance. These efforts shall be documented and reported to the court with a request for a supplemental hearing.

(2) If the respondent fails to comply, but does not clearly refuse to comply, with all or part of the prescribed treatment after reasonable effort to solicit the respondent's compliance, the physician or his designee may request the court to order the respondent taken into custody for the purpose of examination. Upon receipt of this request, the clerk shall issue an order to a law enforcement officer to take the respondent into custody and to take him immediately to the designated outpatient treatment physician or center for examination. The law enforcement officer shall turn the respondent over to the custody of the physician or center who shall conduct the examination and then release the respondent. The law enforcement officer may wait during the examination and return the respondent to his home after the examination. An examination conducted under this subsection in which a physician determines that the respondent meets the criteria for inpatient commitment may be substituted for the first examination required by G.S. 122C-263 if the clerk or magistrate issues a custody order within six hours after the examination was performed.

(3) In no case may the respondent be physically forced to take medication or forceably detained for treatment unless he poses an immediate danger to himself or others. In such cases inpatient commitment proceedings shall be initiated.

(4) At any time that the outpatient treatment physician or center finds that the respondent no longer meets the criteria set out in G.S. 122C-263(d)(1), the physician or center shall so notify the court and the case shall be terminated; provided, however, if the respondent was initially committed as a result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, and the respondent was found not guilty by reason of insanity or incapable of proceeding, the designated outpatient treatment physician or center shall notify the clerk that discharge is recommended. The clerk shall calendar a supplemental hearing as provided in G.S. 122C-274 to determine whether the respondent meets the criteria for outpatient commitment.

(5) Any individual who has knowledge that a respondent on outpatient commitment has become dangerous to himself or others as defined by G.S. 122C-3(11) may initiate a new petition for inpatient commitment as provided in this Part. If the respondent is committed as an inpatient, the outpatient commitment shall be terminated and notice sent by the clerk of court in the county where the respondent is committed as an inpatient to the clerk of court of the county where the outpatient commitment is being supervised.

(b) If the respondent on outpatient commitment intends to move or moves to another county within the State, the designated outpatient treatment physician or center shall request that the clerk of court in the county where the outpatient commitment is being supervised calendar a supplemental hearing.

(c) If the respondent moves to another state or to an unknown location, the designated outpatient treatment physician or center shall notify the clerk of superior court of the county where the outpatient commitment is supervised and the outpatient commitment shall be terminated.

(d) If the commitment order directs inpatient treatment, the physician attending the respondent may administer to the respondent reasonable and appropriate medication and treatment that are consistent with accepted medical standards. The attending physician shall release or discharge the respondent in accordance with G.S. 122C-277.

"§ 122C-274. *Supplemental hearings.*—(a) Upon receipt of a request for a supplemental hearing, the clerk shall calendar a hearing to be held within 14 days and notify, at least 72 hours before the hearing, the petitioner, the respondent, his attorney, if any, and the designated outpatient treatment physician or center. The respondent shall be notified at least 72 hours before the hearing by personally serving on him an order to appear. Other persons shall be notified as provided in G.S. 122C-264(c).

(b) The procedures for the hearing shall follow G.S. 122C-267.

(c) In supplemental hearings for alleged noncompliance, the court shall determine whether the respondent has failed to comply and, if so, the causes for noncompliance. If the court determines that the respondent has failed or refused to comply it may:

(1) Upon finding probable cause to believe that the respondent is mentally ill and dangerous to himself or others, order an examination by the same or different physician as provided in G.S. 122C-263(c) in order to determine the necessity for continued outpatient or inpatient commitment;

(2) Reissue or change the outpatient commitment order in accordance with G.S. 122C-271; or

(3) Discharge the respondent from the order and dismiss the case.

(d) At the supplemental hearing for a respondent who has moved or intends to move to another county, the court shall determine if the respondent meets the criteria for outpatient commitment set out in G.S. 122C-263(d)(1). If the court determines that the respondent no longer meets the criteria for outpatient commitment, it shall discharge the respondent from the order and dismiss the case. If the court determines that the respondent continues to meet the criteria for outpatient commitment, it shall continue the outpatient commitment but shall designate a physician or center at the respondent's new residence to be responsible for the management or supervision of the respondent's outpatient commitment. The court shall order the respondent to appear for treatment at the address of the newly designated outpatient treatment physician or center and shall order venue for further court proceedings under the outpatient commitment to be transferred to the new county of supervision. Upon an order changing venue, the clerk of court in the county where the outpatient commitment has been supervised shall transfer the records regarding the outpatient commitment to the clerk of court in the county where the commitment will be supervised. Also, the clerk of court in the county where the outpatient commitment has been supervised shall send a copy of the court's order directing the continuation of outpatient

treatment under new supervision to the newly designated outpatient treatment physician or center.

(e) At any time during the term of an outpatient commitment order, a respondent may apply to the court for a supplemental hearing for the purpose of discharge from the order. The application shall be made in writing by the respondent to the clerk of superior court of the county where the outpatient commitment is being supervised. At the supplemental hearing the court shall determine whether the respondent continues to meet the criteria specified in G.S. 122C-263(d)(1). The court may either reissue or change the commitment order or discharge the respondent and dismiss the case.

(f) At supplemental hearings requested pursuant to G.S. 122C-277(a) for transfer from inpatient to outpatient commitment, the court shall determine whether the respondent meets the criteria for either inpatient or outpatient commitment. If the court determines that the respondent continues to meet the criteria for inpatient commitment, it shall order the continuation of the original commitment order. If the court determines that the respondent meets the criteria for outpatient commitment, it shall order outpatient commitment for a period of time not in excess of 90 days. If the court finds that the respondent does not meet either criteria, the respondent shall be discharged and the case dismissed.

"§ 122C-275. *Outpatient commitment; rehearings.*—(a) Fifteen days before the end of the initial or subsequent periods of outpatient commitment if the outpatient treatment physician or center determines that the respondent continues to meet the criteria specified in G.S. 122C-263(d)(1), he shall so notify the clerk of superior court of the county where the outpatient commitment is supervised. If the respondent no longer meets the criteria, the physician shall so notify the clerk who shall dismiss the case; provided, however, if the respondent was initially committed as a result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, and the respondent was found not guilty by reason of insanity or incapable of proceeding, the physician or center shall notify the clerk that discharge is recommended. The clerk, at least 10 days before the end of the commitment period, on order of the district court, shall calendar the rehearing.

(b) Notice and procedures of rehearings are governed by the same procedures as initial hearings, and the respondent has the same rights he had at the initial hearing including the right to appeal.

(c) If the court finds that the respondent no longer meets the criteria of G.S. 122C-263(d)(1), it shall unconditionally discharge him. A copy of the discharge order shall be furnished by the clerk to the designated outpatient treatment physician or center. If the respondent continues to meet the criteria of G.S. 122C-263(d)(1), the court may order outpatient commitment for an additional period not in excess of 180 days.

"§ 122C-276. *Inpatient commitment; rehearings.*—(a) Fifteen days before the end of the initial inpatient commitment period if the attending physician determines that commitment of a respondent beyond the initial period will be necessary, he shall so notify the clerk of superior court of the county in which the facility is located. The clerk, at least 10 days

before the end of the initial period, on order of a district court judge of the judicial district in which the facility is located, shall calendar the rehearing. If the respondent was initially committed as the result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, and respondent was found not guilty by reason of insanity or incapable of proceeding, the clerk shall also notify the chief district court judge, the clerk of superior court, and the district attorney in the county in which the respondent was found not guilty by reason of insanity or incapable of proceeding of the time and place of the hearing.

(b) Fifteen days before the end of the initial treatment period of a respondent who was initially committed as a result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, having been found not guilty by reason of insanity or incapable of proceeding, if the attending physician determines that commitment of the respondent beyond the initial period will not be necessary, he shall so notify the clerk of superior court who shall schedule a rehearing as provided in subsection (a) of this section.

(c) Subject to the provisions of G.S. 122C-269(c), rehearings shall be held at the facility in which the respondent is receiving treatment. The judge is a judge of the district court of the judicial district in which the facility is located or a district court judge temporarily assigned to that district.

(d) Notice and proceedings of rehearings are governed by the same procedures as initial hearings and the respondent has the same rights he had at the initial hearing including the right to appeal.

(e) At rehearings the court may make the same dispositions authorized in G.S. 122C-271(b) except a second commitment order may be for an additional period not in excess of 180 days.

(f) Fifteen days before the end of the second commitment period and annually thereafter, the attending physician shall review and evaluate the condition of each respondent; and if he determines that a respondent is in continued need of inpatient commitment or, in the alternative, in need of outpatient commitment, or a combination of both, he shall so notify the respondent, his counsel, and the clerk of superior court of the county in which the facility is located. Unless the respondent through his counsel files with the clerk a written waiver of his right to a rehearing, the clerk, on order of a district court judge of the district in which the facility is located, shall calendar a rehearing for not later than the end of the current commitment period. The procedures and standards for the rehearing are the same as for the first rehearing. No third or subsequent inpatient recommitment order shall be for a period longer than one year.

(g) At any rehearings the court has the option to order outpatient commitment for a period not in excess of 180 days in accordance with the criteria specified in G.S. 122C-263(d)(1) and following the procedures as specified in this Article.

"§ 122C-277. *Release and conditional release; judicial review.*—(a) Except as provided in subsection (b) of this section, the attending physician shall discharge a committed respondent unconditionally at any time he determines that the respondent is no longer in need of inpatient

commitment. However, if the attending physician determines that the respondent meets the criteria for outpatient commitment as defined in G.S. 122C-263(d)(1), he may request the clerk to calendar a supplemental hearing to determine whether an outpatient commitment order shall be issued. Except as provided in subsection (b) of this section, the attending physician may also release a respondent conditionally for periods not in excess of 30 days on specified medically appropriate conditions. Violation of the conditions is grounds for return of the respondent to the releasing facility. A law enforcement officer, on request of the attending physician, shall take a conditional releasee into custody and return him to the facility in accordance with G.S. 122C-205. Notice of discharge and of conditional release shall be furnished to the clerk of superior court of the county of commitment and of the county in which the facility is located.

(b) If the respondent was initially committed as the result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, and respondent was found not guilty by reason of insanity or incapable of proceeding, 15 days before the respondent's discharge or conditional release the attending physician shall notify the clerk of superior court of the county in which the facility is located of his determination regarding the proposed discharge or conditional release. The clerk shall then schedule a rehearing to determine the appropriateness of respondent's release under the standards of commitment set forth in G.S. 122C-271(b). The clerk shall give notice as provided in G.S. 122C-264(d). The district attorney of the district where respondent was found not guilty by reason of insanity or incapable of proceeding may represent the State's interest at the hearing.

(c) If a committed respondent under either subsection (a) or (b) of this section is from a single portal area, the attending physician shall plan jointly with the area authority as prescribed in the area plan before discharging or releasing the respondent.

"Part 8. Involuntary Commitment of Substance Abusers, Facilities for Substance Abusers.

"§ 122C-281. *Affidavit and petition before clerk or magistrate; custody order.*—(a) Any individual who has knowledge of a substance abuser who is dangerous to himself or others may appear before a clerk or assistant or deputy clerk of superior court or a magistrate, execute an affidavit to this effect, and petition the clerk or magistrate for issuance of an order to take the respondent into custody for examination by a physician. The affidavit shall include the facts on which the affiant's opinion is based. Jurisdiction under this subsection is in the clerk or magistrate in the county where the respondent resides or is found.

(b) If the clerk or magistrate finds reasonable grounds to believe that the facts alleged in the affidavit are true and that the respondent is probably a substance abuser and dangerous to himself or others, he shall issue an order to a law enforcement officer or any other person authorized by G.S. 122C-251 to take the respondent into custody for examination by a physician.

(c) If the clerk or magistrate issues a custody order, he shall also make inquiry in any reliable way as to whether the respondent is indigent within

the meaning of G.S. 7A-450. A magistrate shall report the result of this inquiry to the clerk.

(d) If the affiant is a physician, he may execute the affidavit before any official authorized to administer oaths. He is not required to appear before the clerk or magistrate for this purpose. His examination shall comply with the requirements of the initial examination as provided in G.S. 122C-283(c). If the physician petitioner's recommendation is for commitment and the clerk or magistrate finds probable cause to believe that the respondent meets the criteria for commitment, he shall issue an order for transportation to or custody at a 24-hour facility or release the respondent, pending hearing, as described in G.S. 122C-283(d)(1). If a physician executes an affidavit for commitment of a respondent, a second qualified professional shall perform the examination required by G.S. 122C-285.

(e) Upon receipt of the custody order of the clerk or magistrate, a law enforcement officer or other person designated in the order shall take the respondent into custody within 24 hours after the order is signed.

(f) When a petition is filed for an individual who is a resident of a single portal area, the procedures for examination by a physician as set forth in G.S. 122C-283(c) shall be carried out in accordance with the area plan. When an individual from a single portal area is presented for commitment at a facility directly, he may be accepted for admission in accordance with G.S. 122C-285. The facility shall notify the area authority within 24 hours of admission and further planning of treatment for the individual is the joint responsibility of the area authority and the facility as prescribed in the area plan.

"§ 122C-282. *Special emergency procedure for violent individuals.*—When an individual subject to commitment under the provisions of this Part is also violent and requires restraint and when delay in taking him to a physician for examination would likely endanger life or property, a law enforcement officer may take the person into custody and take him immediately before a magistrate or clerk. The law enforcement officer shall execute the affidavit required by G.S. 122C-281 and in addition shall swear that the respondent is violent and requires restraint and that delay in taking the respondent to a physician for an examination would endanger life or property.

If the clerk or magistrate finds by clear, cogent, and convincing evidence that the facts stated in the affidavit are true, that the respondent is in fact violent and requires restraint, and that delay in taking the respondent to a physician for an examination would endanger life or property, he shall order the law enforcement officer to take the respondent directly to a 24-hour facility described in G.S. 122C-252.

Respondents received at a 24-hour facility under the provisions of this section shall be examined and processed thereafter in the same way as all other respondents under this Part.

"§ 122C-283. *Duties of law enforcement officer; first examination by physician.*—(a) Without unnecessary delay after assuming custody, the law enforcement officer or the individual designated by the clerk or magistrate under G.S. 122C-251(g) to provide transportation shall take the respondent to an area facility for examination by a physician; if a physician is not

available in the area facility, he shall take the respondent to any physician locally available. If a physician is not immediately available, the respondent may be temporarily detained in an area facility if one is available; if an area facility is not available, he may be detained under appropriate supervision, in his home, in a private hospital or a clinic, or in a general hospital, but not in a jail or other penal facility.

(b) The examination set forth in subsection (a) of this section is not required if:

(1) The affiant who obtained the custody order is a physician; or

(2) The respondent is in custody under the special emergency procedure described in G.S. 122C-282.

In these cases when it is recommended that the respondent be detained in a 24-hour facility, the law enforcement officer shall take the respondent directly to a 24-hour facility described in G.S. 122C-252.

(c) The physician described in subsection (a) of this section shall examine the respondent as soon as possible, and in any event within 24 hours, after the respondent is presented for examination. The examination shall include but is not limited to an assessment of the respondent's:

(1) Current and previous substance abuse including, if available, previous treatment history; and

(2) Dangerousness to himself or others as defined in G.S. 122C-3(11).

(d) After the conclusion of the examination the physician shall make the following determinations:

(1) If the physician finds that the respondent is a substance abuser and is dangerous to himself or others, he shall recommend commitment and whether the respondent should be released or be held at a 24-hour facility pending hearing and shall so show on the physician's examination report. Based on the physician's recommendation the law enforcement officer or other designated individual shall take the respondent to a 24-hour facility described in G.S. 122C-252 or release the respondent.

(2) If the physician finds that the condition described in subdivision (1) of this subsection does not exist, the respondent shall be released and the proceedings terminated.

(e) The findings of the physician and the facts on which they are based shall be in writing in all cases. A copy of the findings shall be sent to the clerk of superior court by the most reliable and expeditious means. If it cannot be reasonably anticipated that the clerk will receive the copy within 48 hours of the time that it was signed, the physician shall also communicate his findings to the clerk by telephone.

"§ 122C-284. *Duties of clerk of superior court.*—(a) Upon receipt of a physician's finding that a respondent is a substance abuser and dangerous to himself or others and that commitment is recommended, the clerk of superior court of the county where the facility is located, if the respondent is held in a 24-hour facility, or the clerk of superior court where the petition was initiated shall upon direction of a district court judge assign counsel, calendar the matter for hearing, and notify the respondent, his counsel, and the petitioner of the time and place of the hearing. The petitioner may file a written waiver of his right to notice under this subsection with the clerk of court.

(b) Notice to the respondent required by subsection (a) of this section shall be given as provided in G.S. 1A-1, Rule 4(j) at least 72 hours before the hearing. Notice to other individuals shall be given by mailing at least 72 hours before the hearing a copy by first-class mail postage prepaid to the individual at his last known address.

(c) Upon receipt of notice that transportation is necessary to take a committed respondent to a 24-hour facility pursuant to G.S. 122C-290(b), the clerk shall issue a custody order for the respondent.

(d) The clerk of superior court shall upon the direction of a district court judge calendar all hearings, supplemental hearings, and rehearings and provide all notices required by this Part.

"§ 122C-285. *Commitment; second examination and treatment pending hearing.*—(a) Within 24 hours of arrival at a 24-hour facility described in G.S. 122C-252, the respondent shall be examined by a qualified professional. The examination shall include the assessment specified in G.S. 122C-283(c). If the qualified professional finds that the respondent is a substance abuser and is dangerous to himself or others, he shall hold and treat the respondent at the facility or designate other treatment pending the district court hearing. If the qualified professional finds that the respondent does not meet the criteria for commitment under G.S. 122C-283(d)(1), he shall release the respondent and the proceeding shall be terminated. In this case the reasons for the release shall be reported in writing to the clerk of superior court of the county in which the custody order originated. If the respondent is released, the law enforcement officer or other person designated to provide transportation shall return the respondent to the originating county.

"§ 122C-286. *Commitment; district court hearing.*—(a) A hearing shall be held in district court within 10 days of the day the respondent is taken into custody. Upon its own motion or upon motion of the responsible professional, the respondent, or the State, the court may grant a continuance of not more than five days.

(b) The respondent shall be present at the hearing. A subpoena may be issued to compel the respondent's presence at a hearing. The petitioner and the responsible professional of the area authority or the proposed treating physician or his designee may be present and may provide testimony.

(c) Certified copies of reports and findings of physicians and medical records of previous and current treatment are admissible in evidence, but the respondent's right to confront and cross-examine witnesses shall not be denied.

(d) The respondent may be represented by counsel of his choice. If the respondent is indigent within the meaning of G.S. 7A-450, the court shall appoint counsel to represent him.

(e) Hearings may be held at an area facility or a private facility if it is located within the judge's judicial district or in the judge's chambers. A hearing may not be held in a regular courtroom, over objection of the respondent, if in the discretion of a judge a more suitable place is available.

(f) The hearing shall be closed to the public unless the respondent requests otherwise.

(g) A copy of all documents admitted shall be furnished by the clerk to the respondent on request. If the respondent is indigent, the copies shall be provided at State expense.

(h) To support a commitment order, the court shall find by clear, cogent, and convincing evidence that the respondent meets the criteria specified in G.S. 122C-283(d)(1). The court shall record the facts that support its findings and shall show on the order the area authority or physician who is responsible for the management and supervision of the respondent's treatment.

"§ 122C-287. *Disposition.*—The court may make one of the following dispositions:

(1) If the court finds by clear, cogent, and convincing evidence that the respondent is a substance abuser and is dangerous to himself or others, it shall order for a period not in excess of 180 days commitment to and treatment by an area authority or physician who is responsible for the management and supervision of the respondent's commitment and treatment.

(2) If the court finds that the respondent does not meet the commitment criteria set out in subdivision (1) of this subsection, the respondent shall be discharged and the facility in which he was last treated so notified.

"§ 122C-288. *Appeal.*—Judgment of the district court is final. Appeal may be had to the Court of Appeals by the State or by any party on the record as in civil cases. Appeal does not stay the commitment unless so ordered by the Court of Appeals. The Attorney General shall represent the State's interest on appeal. The district court retains limited jurisdiction for the purpose of hearing all reviews, rehearings, or supplemental hearings allowed or required under this Part.

"§ 122C-289. *Duty of assigned counsel; discharge.*—Counsel assigned to represent an indigent respondent at the initial district court hearing is also responsible for perfecting and concluding an appeal. Upon completion of an appeal, assigned counsel is discharged. If the respondent is committed, assigned counsel remains responsible for his representation until discharged by order of district court or until the respondent is otherwise unconditionally discharged.

"§ 122C-290. *Duties for follow-up on commitment order.*—(a) The area authority or physician responsible for management and supervision of the respondent's commitment and treatment may prescribe or administer to the respondent reasonable and appropriate treatment either on an outpatient basis or in a 24-hour facility.

(b) If the respondent whose treatment is provided on an outpatient basis fails to comply with all or part of the prescribed treatment after reasonable effort to solicit the respondent's compliance, the area authority or physician may have the respondent taken to a 24-hour facility described in G.S. 122C-252. Transportation shall be provided as specified in G.S. 122C-251 upon notice by the area authority or physician that transportation is necessary. Prior to the placement in the 24-hour facility, a physician shall determine that treatment in the facility will benefit the respondent. If placement in a 24-hour facility is to exceed 45 consecutive

days, the area authority or physician shall notify the clerk of court by the 30th day and request a supplemental hearing as specified in G.S. 122C-291.

(c) If the respondent intends to move or moves to another county within the State, the area authority or physician shall notify the clerk of court in the county where the commitment is being supervised and request that a supplemental hearing be calendared.

(d) If the respondent moves to another state or to an unknown location, the designated area authority or physician shall notify the clerk of superior court of the county where the commitment is supervised and the commitment shall be terminated.

"§ 122C-291. *Supplemental hearings.*—(a) Upon receipt of a request for a supplemental hearing, the clerk shall calendar a hearing to be held within 14 days and notify, at least 72 hours before the hearing, the petitioner, the respondent, his attorney, if any, and the designated area authority or physician. Notice shall be provided in accordance with G.S. 122C-284(b). The procedures for the hearing shall follow G.S. 122C-286.

(b) At the supplemental hearing for a respondent who has moved or may move to another county, the court shall determine if the respondent meets the criteria for commitment set out in G.S. 122C-283(d)(1). If the court determines that the respondent no longer meets the criteria for commitment, it shall discharge the respondent from the order and dismiss the case. If the court determines that the respondent continues to meet the criteria for commitment, it shall continue the commitment but shall designate an area authority or physician at the respondent's new residence to be responsible for the management or supervision of the respondent's commitment. The court shall order the respondent to appear for treatment at the address of the newly designated area authority or physician and shall order venue for further court proceedings under the commitment to be transferred to the new county of supervision. Upon an order changing venue, the clerk of court in the county where the commitment has been supervised shall transfer the records regarding the commitment to the clerk of court in the county where the commitment will be supervised. Also, the clerk of court in the county where the commitment has been supervised shall send a copy of the court's order directing the continuation of treatment under new supervision to the newly designated area authority or physician.

(c) At a supplemental hearing for a respondent to be held longer than 45 consecutive days in a 24-hour facility, the court shall determine if the respondent meets the criteria for commitment set out in G.S. 122C-283(d)(1). If the court determines that the respondent continues to meet the criteria and that further treatment in the 24-hour facility is necessary, the court may authorize continued care in the facility for not more than 90 days, after which a rehearing for the purpose of determining the need for continued care in the 24-hour facility shall be held, or the court may order the respondent released from the 24-hour facility and continued on the commitment on an outpatient basis. If the court determines that the respondent no longer meets the criteria for commitment, the respondent shall be released and his case dismissed.

(d) At any time during the term of commitment order, a respondent may apply to the court for a supplemental hearing for the purpose of

discharge from the order. The application shall be made in writing to the clerk of superior court. At the supplemental hearing the court shall determine whether the respondent continues to meet the criteria for commitment. The court may reissue or change the commitment order or discharge the respondent and dismiss the case.

"§ 122C-292. *Rehearings.*—(a) Fifteen days before the end of the initial or subsequent periods of commitment if the area authority or physician determines that the respondent continues to meet the criteria specified in G.S. 122C-283(d)(1), the clerk of superior court of the county where commitment is supervised shall be notified. The clerk, at least 10 days before the end of the commitment period, on order of the district court, shall calendar the rehearing. If the respondent no longer meets the criteria, the area authority or physician shall so notify the clerk who shall dismiss the case.

(b) Rehearings are governed by the same notice and procedures as initial hearings, and the respondent has the same rights he had at the initial hearing including the right to appeal.

(c) If the court finds that the respondent no longer meets the criteria of G.S. 122C-283(d)(1), it shall unconditionally discharge him. A copy of the discharge order shall be furnished by the clerk to the designated area authority or physician. If the respondent continues to meet the criteria of G.S. 122C-283(d)(1), the court may order commitment for additional periods not in excess of 365 days each.

"§ 122C-293. *Release by area authority or physician.*—The area authority or physician as designated in the order shall discharge a committed respondent unconditionally at any time he determines that the respondent no longer meets the criteria of G.S. 122C-283(d)(1). Notice of discharge and the reasons for the release shall be reported in writing to the clerk of superior court of the county in which the commitment was ordered.

"§ 122C-294. *Local plan.*—Each area authority shall develop a local plan with local law enforcement agencies, local courts, local hospitals, and local medical societies necessary to facilitate implementation of this Part.

"Part 9. Public Intoxication.

"§ 122C-301. *Assistance to an individual who is intoxicated in public; procedure for commitment to shelter or facility.*—(a) An officer may assist an individual found intoxicated in a public place by taking any of the following actions:

(1) The officer may direct or transport the intoxicated individual home;

(2) The officer may direct or transport the intoxicated individual to the residence of another individual willing to accept him;

(3) If the intoxicated individual is apparently in need of and apparently unable to provide for himself food, clothing, or shelter but is not apparently in need of immediate medical care, the officer may direct or transport him to an appropriate public or private shelter facility;

(4) If the intoxicated individual is apparently in need of but apparently unable to provide for himself immediate medical care,

the officer may direct or transport him to an area facility, hospital, or physician's office; or the officer may direct or transport the individual to any other appropriate health care facility; or

(5) If the intoxicated individual is apparently a substance abuser and is apparently dangerous to himself or others, the officer may proceed as provided in Part 8 of this Article.

(b) In providing the assistance authorized by subsection (a) of this section, the officer may use reasonable force to restrain the intoxicated individual if it appears necessary to protect himself, the intoxicated individual, or others. No officer may be held criminally or civilly liable for assault, false imprisonment, or other torts or crimes on account of reasonable measures taken under authority of this Part.

(c) If the officer takes the action described in either subdivision (a)(3) or (a)(4) of this section, the facility to which the intoxicated individual is taken may detain him only until he becomes sober or a maximum of 24 hours. The individual may stay a longer period if he wishes to do so and the facility is able to accommodate him.

(d) Any individual who has knowledge that a person assisted to a shelter or other facility under subdivisions (a)(3) or (a)(4) of this section is a substance abuser and is dangerous to himself or others may proceed as provided in Part 8 of this Article.

"§ 122C-302. *Cities and counties may employ officers to assist intoxicated individuals.*—A city or county may employ officers to assist individuals who are intoxicated in public. Officers employed for this purpose shall be trained to give assistance to those who are intoxicated in public including the administration of first aid. An officer employed by a city or county to assist intoxicated individuals has the powers and duties set out in G.S. 122C-301 within the same territory in which criminal laws are enforced by law enforcement officers of that city or county.

"§ 122C-303. *Use of jail for care for intoxicated individual.*—In addition to the actions authorized by G.S. 122C-301(a), an officer may assist an individual found intoxicated in a public place by directing or transporting that individual to a city or county jail. That action may be taken only if the intoxicated individual is apparently in need of and apparently unable to provide for himself food, clothing, or shelter but is not apparently in need of immediate medical care and if no other facility is readily available to receive him. The officer and employees of the jail are exempt from liability as provided in G.S. 122C-301(b). The intoxicated individual may be detained at the jail only until he becomes sober or a maximum of 24 hours and may be released at any time to a relative or other individual willing to be responsible for his care.

"Part 10. Voluntary Admissions,
Involuntary Commitments and Discharges,
Inmates and Parolees, Department of Correction.

"§ 122C-311. *Individuals on parole.*—Any individual who has been released from any correctional facility on parole is admitted, committed and discharged from facilities in accordance with the procedures specified in this Article for other individuals.

"§ 122C-312. *Voluntary admissions and discharges of inmates of the Department of Correction.*—Inmates in the custody of the Department of Correction may seek voluntary admission to State facilities for the mentally ill or substance abusers. A staff psychiatrist of the correctional facility shall execute the affidavit required by G.S. 122C-261 and send it to the clerk of superior court of the county in which the correctional facility is located. Upon receipt of the affidavit, the clerk shall calendar a district court hearing and notify the respondent and his counsel as required by G.S. 122C-284(a). The hearing is conducted in a district courtroom. If the judge finds by clear, cogent, and convincing evidence that the respondent is mentally ill and dangerous to himself or others, he shall order him transferred for treatment to a State facility designated by the Secretary. The judge shall not order outpatient commitment for an inmate-respondent.

(b) If the sentence of an inmate-respondent expires while he is committed to a State facility, he is considered in all respects as if he had been initially committed under Part 7 of this Article.

(c) If the sentence of an inmate-respondent has not expired, and if in the opinion of the attending physician of the State facility an inmate-respondent ceases to be mentally ill and dangerous to himself or others, he shall notify the Department of Correction which shall arrange for the inmate-respondent's return to a correctional facility.

(b) Initial hearings, supplemental hearings, and rehearings may be held at the psychiatric service facility or at any place in Orange County where district court can be held under G.S. 7A-133. Veterans Administration facilities may be used for temporary detention pending a district court hearing, for commitment of the respondent after the hearing, or as the manager and supervisor of outpatient commitment. Eligibility of the veteran-respondent for treatment at a Veterans Administration facility and the availability of space shall be determined by the Veterans Administration in all cases before sending or committing a veteran-respondent.

(b) Initial hearings, supplemental hearings, and rehearings for veteran-respondents may be held at the facility or at the county courthouse in the county in which the facility is located, and counsel shall be assigned from among the members of the bar of the same county in accordance with G.S. 122C-270(d).

"§ 122C-333. *Order of another state.*—The judgment or order of commitment by a court of competent jurisdiction of another state, committing a person to the Veterans Administration or another federal agency that is located in this State shall have the same force and effect

on the committed person while in this State as in the jurisdiction of the court entering the judgment or making the order. The courts of the committing state shall retain jurisdiction of the person so committed for the purpose of inquiring into the mental condition of the person, and for determining the necessity for continuance of his restraint. Consent is given to the application of the law of the committing state on the authority of the chief officer of any facility of the Veterans Administration or of any institution operated in this State by any other federal agency to retain custody, transfer, parole, or discharge the committed person.

"Part 13. Voluntary Admissions, Involuntary Commitment and Discharge of Non-State Residents and the Return of North Carolina Resident Clients.

"§ 122C-341. *Determination of residence.*—It is the responsibility of the facility to determine if a client is not a resident of the State.

"§ 122C-342. *Voluntary admissions and discharges.*—A non-State resident may be admitted to and discharged from a facility on a voluntary basis in accordance with Parts 2 through 5 of this Article at his own expense. If the facility determines that the client should be returned to his own state the provisions of G.S. 122C-345 or G.S. 122C-361, as appropriate, shall apply.

"§ 122C-343. *Involuntary commitments.*—Involuntary commitments of non-State residents are made under the provisions of Parts 6 through 8 of this Article. If after commitment to a 24-hour facility the facility determines that the respondent needs long-term care and should be returned to his state of residence, the provisions of G.S. 122C-345 or G.S. 122C-361, as appropriate, shall apply.

"§ 122C-344. *Citizens of other countries.*—In addition to the provisions of G.S. 122C-341 through G.S. 122C-343, if a 24-hour facility determines that a client is not a citizen of the United States, the facility shall notify the Governor of this State of the name of the client, the country and place of his residence in the country and other facts in the case as can be obtained, together with a copy of pertinent medical records. The Governor shall send the information to the Secretary of State at Washington, D.C., with the request that he tell the minister resident or plenipotentiary of the country of which the client is alleged to be a citizen.

"§ 122C-345. *Return of a non-State resident client to his resident state.*—(a) Except as provided in subsection (c) of this section, it is the responsibility of the director of a facility to arrange for the transfer of a client to his resident state. The cost of returning the client to his resident state is the responsibility of the client or his family.

(b) A non-State resident client of an area 24-hour facility may be transferred to a State facility in accordance with G.S. 122C-206 in order for the client to be returned to his resident state.

(c) A non-State resident client of a State facility may be returned to his resident state under procedures established under G.S. 122C-346 or G.S. 122C-361. The cost of returning a client to his resident state under this subsection shall be the responsibility of the State.

"§ 122C-346. *Authority of the Secretary to enter reciprocal agreements.*—The Secretary may enter agreements with other states for

the return of non-State resident clients to their resident state and for the return of North Carolina residents to North Carolina when under treatment in another state.

"§ 122C-347. *Return of North Carolina resident clients from other states.*—North Carolina residents who are in treatment in another state may be returned to North Carolina either under an agreement authorized in G.S. 122C-346 or under the provisions of G.S. 122C-361. The cost of returning a North Carolina resident to this State is the responsibility of the sending state. Within 72 hours after admission in a State facility, a returned resident shall be evaluated. The returned resident may agree to a voluntary admission or may be released, or proceedings for an involuntary commitment under this Article may be initiated as necessary by the responsible professional in the facility.

"§ 122C-348. *Residency not affected.*—(a) A nonresident of this State who is under care in a 24-hour facility in this State is not considered a resident. No length of time spent in this State while a client in a 24-hour facility is sufficient to make a nonresident a resident or entitled to care or treatment.

(b) A North Carolina resident who is under care and treatment in a 24-hour facility in another state shall retain his residency in North Carolina.

"Part 14. Interstate Compact on Mental Health.

"§ 122C-361. *Compact entered into; form of Compact.*—The Interstate Compact on Mental Health is hereby enacted into law and entered into by this State with all other states legally joining therein in the form substantially as follows: The contracting states solemnly agree that:

ARTICLE I.

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but, that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this Compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II.

As used in this Compact:

(a) 'Sending state' shall mean a party state from which a patient is transported pursuant to the provisions of the Compact or from which it is contemplated that a patient may be so sent.

(b) 'Receiving state' shall mean a party state to which a patient is transported pursuant to the provisions of the Compact or to which it is contemplated that a patient may be so sent.

(c) 'Institution' shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) 'Patient' shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this Compact.

(e) 'Aftercare' shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) 'Mental illness' shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) 'Mental deficiency' shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) 'State' shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III.

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this Article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this Article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this Compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that it would be taken if he were a local patient.

(e) Pursuant to this Compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV.

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive aftercare or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities have responsibility for the care and treatment of the patient in the sending state shall have reason to believe that aftercare in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such aftercare in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive aftercare or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on aftercare pursuant to the terms of this Article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V.

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a way reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI.

The duly accredited officers of any state party to this Compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this Compact through any and all states party to this Compact, without interference.

ARTICLE VII.

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this Compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this Compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this Compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this Compact.

(e) Nothing in this Compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII.

(a) Nothing in this Compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term 'guardian' as used in paragraph (a) of this Article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or propery of a patient.

ARTICLE IX.

(a) No provision of this Compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this Compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X.

(a) Each party state shall appoint a 'Compact Administrator' who, on behalf of his state, shall act as general coordinator of activities under the Compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the Compact by his state either in the capacity of sending or receiving state. The Compact Administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the Compact or any patient processed thereunder.

(b) The Compact Administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this Compact.

ARTICLE XI.

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this Compact.

ARTICLE XII.

This Compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII.

(a) A state party to this Compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and Compact administrators of all other party states.

However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the Compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any state party thereto, the Compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

"§ 122C-362. *Compact Administrator.*—Pursuant to the Compact, the Secretary is the Compact Administrator and, acting jointly with like officers of other party states, may adopt rules to carry out more effectively the terms of the Compact. The Compact Administrator shall cooperate with all departments, agencies and officers of and in the government of this State and its subdivisions in facilitating the proper administration of the Compact, of any supplementary agreement, or agreements entered into by this State.

"§ 122C-363. *Supplementary agreements.*—The Compact Administrator may enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the Compact. In the event that these supplementary agreements shall require or contemplate the use of any institution or facility of this State or require or contemplate the provision of any service by this State, no such agreement shall be effective until approved by the head of the department or agency under whose jurisdiction the institution or facility is operated or whose department or agency will be charged with the rendering of this service.

"§ 122C-364. *Financial arrangements.*—The Compact Administrator, with the approval of the Director of the Budget, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this State by the Compact or by any supplementary agreement entered into under it.

"§ 122C-365. *Transfer of clients.*—The Compact Administrator is directed to consult with the immediate family or legally responsible person of any proposed transferee.

"§ 122C-366. *Transmittal of copies of Part.*—Copies of this Part shall, upon its approval, be transmitted by the Compact Administrator to the governor of each state, the attorney general of each state, the Administrator of General Services of the United States, and the Council of State Governments.

The General Assembly of North Carolina enacts:

Section 1. G.S. 1A-1, Rule 26, is amended by deleting the second sentence of Rule 26(a).

Sec. 2. G.S. 1A-1, Rule 26, is further amended by rewriting Rule 26(b), to the end of Rule 26(b)(1), as follows:

"(b) *Discovery scope and limits.*—Unless otherwise limited by order of the court in accordance with these rules, the scope of discovery is as follows:

(1) In General.—Parties may obtain discovery regarding any matter, not privileged, which is relevant to the subject matter involved in the pending action, whether it relates to the claim or defense of the party seeking discovery or to the claim or defense of any other party, including the existence, description, nature, custody, condition and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of any discoverable matter. It is not ground for objection that the information sought will be inadmissible at the trial if the information sought appears reasonably calculated to lead to the discovery of admissible evidence nor is it grounds for objection that the examining party has knowledge of the information as to which discovery is sought.

The frequency or extent of use of the discovery methods set forth in section (a) shall be limited by the court if it determines that: (i) the discovery sought is unreasonably cumulative or duplicative, or is obtainable from some other source that is more convenient, less burdensome, or less expensive; (ii) the party seeking discovery has had ample opportunity by discovery in the action to obtain the information sought; or (iii) the discovery is unduly burdensome or expensive, taking into account the needs of the case, the amount in controversy, limitations on the parties' resources, and the importance of the issues at stake in the litigation. The court may act upon its own initiative after reasonable notice or pursuant to a motion under section (c)."

Sec. 3. G.S. 1A-1, Rule 26, is amended by adding a new section (f), as follows:

"(f) *Discovery conference.*—At any time after commencement of an action the court may direct the attorneys for the parties to appear before it for a conference on the subject of discovery. The court may do so upon motion by the attorney for any party if the motion includes:

(1) A statement of the issues as they then appear;
(2) A proposed plan and schedule of discovery;
(3) Any limitations proposed to be placed on discovery;
(4) Any other proposed orders with respect to discovery; and
(5) A statement showing that the attorney making the motion has made a reasonable effort to reach agreement with opposing attorneys on the matters set forth in the motion. Each party and his attorney are under a duty to participate in good faith in the framing of a discovery plan if a plan is proposed by the attorney for any party. Notice of the motion shall be served on all parties. Objections or additions to matters set forth in the motion shall be served not later than 10 days after service of the motion.

Following the discovery conference, the court shall enter an order tentatively identifying the issues for discovery purposes, establishing a plan and schedule for discovery, setting limitations on discovery, if any; and determining such other matters, including the allocation of expenses, as are necessary for the proper management of discovery in the action. An order may be altered or amended whenever justice so requires.

Subject to the right of a party who properly moves for a discovery conference to prompt convening of the conference, the court may combine the discovery conference with a pretrial conference authorized by Rule 16."

Sec. 4. G.S. 1A-1, Rule 26, is amended by adding a new section (g), as follows:

"(g) *Signing of discovery requests, responses, and objections.*—Every request for discovery or response or objection thereto made by a party represented by an attorney shall be signed by at least one attorney of record in his individual name, whose address shall be stated. A party who is not represented by an attorney shall sign the request, response, or objection and state his address. The signature of the attorney or party constitutes a certification that he has read the request, response, or objection and that to the best of his knowledge, information, and belief formed after a reasonable inquiry it is: (1) consistent with the rules and warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; (2) not interposed for any improper purpose, such as to harass or cause unnecessary delay or needless increase in the cost of litigation; and (3) not unreasonable or unduly burdensome or expensive, given the needs of the case, the discovery already had in the case, the amount in controversy, and the importance of the issues at stake in the litigation. If a request, response, or objection is not signed, it shall be stricken unless it is signed promptly after the omission is called to the attention of the party making the request, response, or objection and a party shall not be obligated to take any action with respect to it until it is signed.

If a certification is made in violation of the rule, the court, upon motion or upon its own initiative, shall impose upon the person who made the certification, the party on whose behalf the request, response, or objection is made, or both, an appropriate sanction, which may include an order to pay the amount of the reasonable expenses incurred because of the violation, including a reasonable attorney's fee."

Sec. 5. G.S. 1A-1, Rule 37, is amended by adding the words "or if a party fails to obey an order entered under Rule 26(f)" after the word and number "Rule 35," in the first sentence of Rule 37(b)(2).

Sec. 6. G.S. 1A-1, Rule 37, is amended by changing the indentation of paragraph in Rule 37(b)(2) beginning with the words "In lieu of...", by moving same three spaces toward the left margin.

Sec. 7. G.S. 1A-1, Rule 37, is amended by adding a new section (g), as follows:

"(g) *Failure to participate in the framing of a discovery plan.*—If a party or his attorney fails to participate in good faith in the framing of a discovery plan by agreement as is required by Rule 26(f), the court may, after opportunity for hearing, require such party or his attorney to pay to any other party the reasonable expenses, including attorney's fees, caused by the failure."

Sec. 8. Rule 40(b) of G.S. 1A-1 is amended by adding the following sentence: "Good cause for granting a continuance shall include those instances when a party to the proceeding, a witness, or counsel of record has an obligation of service to the State of North Carolina, including service as a member of the General Assembly."

Sec. 3. Chapter 160A of the General Statutes is amended by adding a new section to read:

"§ 160A-37.3. *Contract with private solid waste collection firm(s).*—(a) If the area to be annexed described in a resolution of intent passed under G.S. 160A-37(a) includes an area where a private solid waste collection firm or firms:

(1) on the ninetieth day preceding the date of adoption of the resolution of intent in accordance with G.S. 160A-37(j) or

(2) on the ninetieth day preceding the date of adoption of the resolution of consideration in accordance with G.S. 160A-37(i) was providing solid waste collection services in the area to be annexed, and is still providing such services on the date of adoption of the resolution of intent, and:

(3) by reason of such annexation any franchise with a county or arrangements with third parties for solid waste collection will be terminated, and

(4) during the 90-day period preceding the date of adoption of the resolution of intent or resolution of consideration provided by subdivisions (1) or (2) of this subsection, the firm had in such area an average of fifty or more residential customers or a monthly average revenue from nonresidential customers in such area of five hundred dollars ($500.00) or more; provided that customers shall be included in such calculation only if policies of the city will provide solid waste collection to those customers such that arrangements between the solid waste firm and the customers will be terminated, and

(5) if such firm makes a written request that it wishes to contract, signed by an officer or owner of the firm, and delivered to the city clerk at least 10 days before the public hearing, unless other arrangements satisfactory to the private solid waste collection firm or firms have been made, the city shall either:

(6) contract with such solid waste collection firm(s) for a period of two years after the effective date of the annexation ordinance to allow the solid waste collection firm(s) to provide collection services to the city in the area to be annexed for sums determined under subsection (d) of this section, or

(7) pay to the solid waste collection firm(s) in lieu of a contract a sum equal to the economic loss determined under subsection (f) of this section.

(b) The city shall make a good faith effort to provide at least 20 days before the public hearing a copy of the resolution of intent to each private firm providing solid waste collection services in the area to be annexed.

(c) The city may require that the contract contain:

(1) a requirement that the private firm post a performance bond and maintain public liability insurance coverage;

(2) a requirement that the private firm agree to service customers in the annexed area that were not served by that firm on the effective date of annexation;

(3) a provision that divides the annexed area into service areas if there were more than one firm being contracted within the area, such that the entire area is served by the private firms, or by the city as to customers not served by the private firms;

(4) a provision that the city may serve customers not served by the firm on the effective date of annexation;

(5) a provision that the contract can be cancelled for substantial violations of the contract, but no contract may be cancelled on these grounds unless the Local Government Commission finds that substantial violations have occurred, except that the city may suspend the contract for up to 30 days if it finds substantial violation of health laws;

(6) performance standards, not exceeding city standards, with provision that the contract may be cancelled for substantial violations of those standards, but no contract may be cancelled

on those grounds unless the Local Government Commission finds that substantial violations have occurred;

(7) a provision for monetary damages if there are violations of the contract or of performance standards.

(d) If the services to be provided to the city by reason of the annexation are substantially the same as rendered under the franchise with the county or arrangements with the parties, the amount paid by the city shall be at least ninety percent (90%) of the amount paid or required under the existing franchise or arrangements. If such services are required to be adjusted to conform to city standards or as a result of changes in the number of customers, and as a result there are changes in disposal costs (including mileage and landfill charges), requirements for storage capacity (dumpsters and/or residential carts), and/or frequency of collection, the amount paid by the city for the service shall be increased or decreased to reflect the value of such adjusted services as if computed under the existing franchise or arrangements. In the event agreement cannot be reached between the city and the private firm under this subsection, such matters shall be determined by the Local Government Commission.

(e) The city may, at any time after one year's operation thereunder, terminate a contract made with the solid waste collection firm under subsection (a) of this section upon payment to said firm of an amount equal to the economic loss determined in subsection (f) of this section, but discounted by the percentage of the contract which has elapsed prior to the effective date of the termination.

(f) As used in this section, 'economic loss' is 12 times the average monthly revenue for the three months prior to the passage of the resolution of intent or resolution of consideration, as applicable under subsection (a) of this section, collected or due the private firm for residential, commercial, and industrial collection service in the area annexed or to be annexed.

(g) If the city fails to offer a contract to the private firm within 30 days following the passage of an annexation ordinance, the private firm may appeal to the Local Government Commission. The private firm may appeal to the Local Government Commission for an order staying the operation of the annexation ordinance pending the outcome of the review. The Commission may grant or deny the stay upon such terms as it deems proper. If the Local Government Commission finds that the city has not made an offer which complies with this section, it shall remand the ordinance to the municipal governing board for further proceedings, and the ordinance shall not become effective until the Local Government Commission finds that such an offer has been made. Either the private firm or the city may obtain judicial review in accordance with Chapter 150A of the General Statutes.

(h) A firm which has given notice under subsection (a) of this section that it desires to contract, and any firm that the city believes is eligible to give such notice, shall make available to the city not later than five days following a written request of the city all information in its possession or control, including but not limited to operational, financial and budgetary information, necessary for the city to determine if the firm

qualifies for the benefits of this section and to determine the nature and scope of the potential contract and/or economic loss."

(c) The court shall specifically find the facts supporting an order of sale of the property.

(d) The party seeking a sale of the property shall have the burden of proving substantial injury under the provisions of this section."

Sec. 2. G.S. 46-28 is amended by designating the current language as subsection (a) and by adding a new subsection (b) to read:

If after hearing it is proven that a party seeking to revoke the order of confirmation of a sale or subsequent resale was mailed notice as required by this section prior to the date of the sale or subsequent resale, then that party shall not prevail under the provisions of G.S. 46-28.1(a)(2)a. and b."

b. Notice of the sale was not mailed to the petitioner for revocation as required by G.S. 46-28(b); or
c. The amount bid or price offered is inadequate and inequitable and will result in irreparable damage to the owners of the real property.

In no event shall the confirmation order become final or effective during the pendency of a petition under this section. No upset bid shall be permitted after the entry of the confirmation order."

(1) A lien remains unsatisfied on the property to be conveyed; and
(2) The purchaser has not agreed in writing to assume the lien; and
(3) The lien will not be satisfied out of the proceeds of the sale; and
(4) The existence of the lien was not disclosed in the notice of sale of the property, the court may revoke the order confirming the sale, order the withdrawal of the purchaser's offer, and order the return of any money or security to the purchaser tendered pursuant to the offer.

The order of the court in revoking an order of confirmation under this section may not be introduced in any other proceeding to establish or deny the existence of a lien."

Sec. 6. G.S. 46-28.1(d) is rewritten to read:

"(d) In the case of a petition brought pursuant to this section by a party to the partition proceeding, if the court finds by a preponderance of the evidence that petitioner has proven a case pursuant to a., b., or c. of subsection (a)(2), the court may revoke the order confirming the sale, order the withdrawal of the purchaser's offer, and order the return of any money or security to the purchaser tendered pursuant to the offer."

AN ACT TO ALLOW A PROCEDURE FOR EXTENSION OF AND ASSESSMENT FOR WATER LINES INTO DEVELOPED SUBDIVISIONS IN BRUNSWICK COUNTY.

The General Assembly of North Carolina enacts:

Section 1. Article 9 of Chapter 153A of the General Statutes is amended by adding a new section to read:

"§ 153A-206. *Assessment for lines in developed subdivisions.*—(a) If an existing subdivision, shopping center, multi-family development or mobile home park water service extension is constructed which requires connection to a main water transmission line of the county to provide county water service to the service area, the following procedures shall be followed by the developer in order for said developer to be reimbursed for the costs associated with the said extension.

(b) As used in this section 'developer' means one or more individuals, firms, partnerships or corporations or a collection of two or more of the above, acting as the entity through which construction activity set forth herein is conducted. The developer as herein defined shall be such an entity as to be able to contract, sue and be sued, convey good title to real and personal property and act as payee for documents of commercial paper as contemplated in the provisions of the Uniform Commercial Code, Chapter 25 of the General Statutes.

(c) Upon petition of the developer to the county, signed and concurred with by at least seventy-five percent (75%) of the property owners of real property in the service area, the board of county commissioners shall conduct a public hearing concerning the developer's proposal. Notice of the hearing shall be given by advertisement at least one week prior to the hearing in a newspaper of general circulation in the county. Following the hearing, the county may certify the developer's water service extension as eligible for total cost reimbursement. At the time the petition is submitted, the said developer shall certify good faith attempted compliance with all requirements and procedures set forth herein. All signatures attached to the petition must be verified by the county as representing property owners owning real property within the water service area. Said petition must include a plat clearly showing the boundaries of the proposed water service area. The proposed water service area may not be expanded or limited without the approval of the county following submission of the aforementioned plat.

(d) The developer shall extend at the developer's complete expense any main water distribution line to the specifications set forth in policy by the county.

(e) Complete ownership of any main water distribution line and any other line extensions so constructed shall be deeded to the county and

perpetual easements over private roads or other private property shall be granted to the county if such roads or property are involved.

(f) The developer shall submit to the county engineer all maps, plats, surveys, executed documents of deed and/or easement for review by the county and acceptance by the county of the main water distribution lines and any other extensions thereto. The developer must also submit water line construction costs documentation prior to or with instruments of dedication and/or easement.

(g) The county shall be deemed to have accepted any water main distribution line and extensions thereof on the date of the recording of all documents of transfer and/or easement in the office of the register of deeds of the county.

(h) When the project is complete, the developer shall present to the county an affidavit certifying that all cost associated with the project has been paid in full and that no outstanding liens or suits in law are pending as against the project. The affidavit shall further certify any sums received from landowners within the service area and the amount of such sums so received. The affidavit further shall contain the name and address of the agent so designated by the developer for receipt of payments under this section.

(i) The county shall prepare a scroll of all benefited landowners in the water service area. Pro rata assessments shall then be made against the number of lots served or subject to being served by the project and an amount equal to ten percent (10%) of the total construction costs shall be added to the total assessment amount to cover administrative expenses of the county. If it appears from the affidavit required in subsection (h) of this section that any landowner has paid a sum equal to his pro rata assessment amount, that landowner shall not be assessed.

(j) Said assessments shall be mailed, certified mail, return receipt requested, to each lot owner as reflected on the assessment scroll. Assessment shall be due and payable 60 days following receipt of said assessment by the lot owner. If the said assessment is not paid within 60 days, said amount shall bear interest at the rate of eight percent (8%) per annum until paid. The county may foreclose assessment liens under any procedure provided by law for the foreclosure of property tax liens, except that foreclosure may be begun at any time after 30 days after the due date. The county is not entitled to a deficiency judgment in an action to foreclose an assessment lien. The lien of special assessments is inferior to all prior and subsequent liens for State, local and federal taxes and superior to all other liens.

(k) On the six month anniversary date of the assessment, payment shall be made to the developer of such sums as may then be collected pursuant to the assessment less than ten percent (10%) administrative fee. Said payment shall be made every six months, if funds have been received, until construction cost as documented is paid in full.

(l) Verified delivery to or service upon the county engineer shall constitute notice to the county under the provisions of this section.

(m) In addition to the requirements of this section, each developer must execute a release in form prepared by and satisfactory to the county releasing the county, its employees, agents, officials, and assignees from

any liability, in law or in equity regarding any and all phases and requirements of this section."

The General Assembly of North Carolina enacts:

Section 1. G.S. 7A-210 is amended by rewriting the last sentence as follows:

"The seeking of the ancillary remedy of claim and delivery or an order from the clerk of superior court for the relinquishment of property subject to a lien pursuant to G.S. 44A-4(a) does not prevent an action otherwise qualifying as a small claim under this Article from so qualifying."

Sec. 2. G.S. 7A-243(3) is amended by adding the following new sentence after the first sentence:

"Where the owner or legal possessor of property seeks recovery of property on which a lien is asserted pursuant to G.S. 44A-4(a) the amount in controversy is that portion of the asserted lien which is disputed."

Sec. 3. G.S. 7A-231 is amended by rewriting the first sentence as follows:

"The provisional and incidental remedies of claim and delivery, subpoena duces tecum, production of documents and orders for the relinquishment of property subject to a possessory lien pursuant to G.S. 44A-4(a) are obtainable in small claims actions."

Sec. 4. G.S. 44A-4(a) is amended by deleting the words "or posts bond for double such amount" from the second sentence in the second paragraph and by adding at the end of the second paragraph the following:

"The request for immediate possession may be made in the complaint, which shall also set forth the amount of the asserted lien and the portion thereof which is not in dispute, if any. If within three days after service of the summons and complaint, as the number of days is computed in G.S. 1A-1, Rule 6, the lienor does not file a contrary statement of the amount of the lien at the time of the filing of the complaint, the amount set forth in the complaint shall be deemed to be the amount of the asserted lien. The clerk may at any time disburse to the lienor that portion of the cash bond, which the plaintiff says in his complaint is not in dispute, upon application of the lienor. The magistrate or judge shall direct appropriate disbursement of the disputed or undisbursed portion of the bond in the judgment of the court. In the event an action by the owner pursuant to this section is heard in district or superior court, the substantially prevailing party in such court may be awarded a reasonable attorney's fee in the discretion of the judge."

Sec. 5. G.S. 44A-4(b)(1) is amended by adding at the end the following language:

"If the Division notifies the lienor that the registered or certified mail notice has been returned as undeliverable, the lienor may institute a special proceeding in the court where the vehicle is being held, for authorization to sell that vehicle. In such a proceeding a lienor may include more than one vehicle, but the proceeds of the sale of each shall be subject only to valid claims against that vehicle, and any excess

proceeds of the sale shall escheat to the State and be paid immediately to the treasurer for disposition pursuant to Chapter 116B of the General Statutes. A vehicle owner or possessor claiming an interest in such proceeds shall have a right of action under G.S. 116B-38.

The application to the clerk in such a special proceeding shall contain the notice of sale information set out in subsection (f) hereof. If the application is in proper form the clerk shall enter an order authorizing the sale on a date not less than 14 days therefrom, and the lienor shall cause the application and order to be sent immediately by first-class mail pursuant to G.S. 1A-1, Rule 5, to each person the Division has mailed notice to previously. Following the authorized sale the lienor shall file with the clerk a report in the form of an affidavit, stating that two or more bona fide bids on the vehicle were received, the names, addresses and bids of the bidders, and a statement of the disposition of the sale proceeds. The clerk then shall enter an order directing the Division to transfer title accordingly.

If prior to the sale the owner or legal possessor contests the sale or lien in a writing filed with the clerk, the proceeding shall be handled in accordance with G.S. 1-399."

Sec. 6. The Administrative Office of the Courts with the advice and assistance of the Attorney General shall prepare forms appropriate and necessary to meet the purposes of this act.

Sec. 7. This act shall become effective January 1, 1986.

Sec. 70. G.S. 1-507.7 is amended by adding the following:

The policyholder thereafter must pay the increased rate in order to continue the policy in force."; and

(b) By adding a new subsection to read:

"(d) The requirements of this section do not apply to a refusal or renewal because of a change of occupation of an insured to one classified by the insurer as uninsurable nor to an increase in rate due to a change of occupation of an insured to a more hazardous occupation."

(1) Negotiated the instrument;

(2) Corresponded in writing with the insurer concerning it; nor

(3) Otherwise indicated an interest by a writing on file with the insurer."

Sec. 74. G.S. 20-279.21(b)(4) is amended by deleting the fifth sentence, which begins with "The insurer" and ends with "owner's policy", and by substituting for that sentence the following:

"Underinsured motorist coverage shall be deemed to apply when, by reason of payment of judgment or settlement, all liability bonds or insurance policies providing coverage for bodily injury caused by the ownership, maintenance, or use of the underinsured highway vehicle have been exhausted. Exhaustion of such liability coverage for purpose of any single liability claim presented for underinsured motorist coverage shall be deemed to occur when either (a) the limits of liability per claim have been paid upon such claim, or (b) by reason of multiple claims, the aggregate per occurrence limit of liability has been paid. Underinsured motorist coverage shall be deemed to apply to the first dollar of an underinsured motorist coverage claim beyond amounts paid to the claimant pursuant to the exhausted liability policy.

In any event, the limit of underinsured motorist coverage applicable to any claim is determined to be the difference between the amount paid to the claimant pursuant to the exhausted liability policy and the total limits of the owner's underinsured motorist coverages provided in the owner's policies of insurance; it being the intent of this paragraph to provide to the owner, in instances where more than one policy may apply, the benefit of all limits of liability of underinsured motorist coverage under all such policies: Provided that this paragraph shall apply only to nonfleet private passenger motor vehicle insurance as defined in G.S. 58-131.36(9) and (10).

An underinsured motorist insurer may at its option, upon a claim pursuant to underinsured motorist coverage, pay monies without there having first been an exhaustion of the liability insurance policy covering the ownership, use, and maintenance of the underinsured highway vehicle. In the event of such payment, the underinsured motorist insurer shall be either: (a) entitled to receive by assignment from the claimant any right or (b) subrogated to the claimant's right regarding any claim the claimant has or had against the owner, operator, or maintainer of the underinsured highway vehicle, provided that the amount of the insurer's right by subrogation or assignment shall not exceed payments made to the claimant by the insurer. No insurer shall exercise any right of subrogation or any right to approve settlement with the original owner, operator, or maintainer of the underinsured highway vehicle under a policy providing coverage against an underinsured motorist where the insurer has been

provided with written notice in advance of a settlement between its insured and the underinsured motorist and the insurer fails to advance a payment to the insured in an amount equal to the tentative settlement within 30 days following receipt of such notice. Further, the insurer shall have the right, at its election, to pursue its claim by assignment or subrogation in the name of the claimant, and the insurer shall not be denominated as a party in its own name except upon its own election. Assignment or subrogation as provided in this subdivision shall not, absent contrary agreement, operate to defeat the claimant's right to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for damages beyond those paid by the underinsured motorist insurer. The claimant and the underinsured motorist insurer may join their claims in a single suit without requiring that such insurer be named as a party. Any claimant who intends to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for monies beyond those paid by the underinsured motorist insurer shall prior to doing so give notice to such insurer and give such insurer, at its expense, the opportunity to participate in the prosecution of such claim. Upon the entry of judgment in a suit upon any such claim in which the underinsured motorist insurer and claimant are joined, payment upon such judgment, unless otherwise agreed to, shall be applied pro rata to the claimant's claim beyond payment by the insurer of the owner, operator or maintainer of the underinsured highway vehicle and the claim of the underinsured motorist insurer.

A party injured by the operation of an underinsured highway vehicle who institutes a suit for the recovery of monies for such injuries and in such an amount that, if recovered, would support a claim under underinsured motorist coverage shall give notice of the initiation of the suit to the underinsured motorist insurer as well as to the insurer providing primary liability coverage upon the underinsured highway vehicle. Upon receipt of such notice, the underinsured motorist insurer shall have the right to appear in defense of such claim without being named as a party therein, and without being named as a party may participate in such suit as fully as if it were a party. The underinsured motorist insurer may elect, but may not be compelled, to appear in such action in its own name and present therein a claim against other parties; provided that application is made to and approved by a presiding superior court judge, in any such suit, any insurer providing primary liability insurance on the underinsured highway vehicle may upon payment of all of its applicable limits of liability be released from further liability or obligation to participate in the defense of such proceeding. However, prior to approving any such application, the court shall be persuaded that the owner, operator, or maintainer of the underinsured highway vehicle against whom a claim has been made has been apprised of the nature of the proceeding and given his right to select counsel of his own choice to appear in such action on his separate behalf. In the event that an underinsured motorist insurer, following the approval of such application, pays in settlement or partial or total satisfaction of judgment monies to the claimant, such insurer shall be subrogated to or entitled to an assignment of the claimant's rights against the owner, operator, or

maintainer of the underinsured highway vehicle and, provided that adequate notice of right of independent representation was given to such owner, operator, or maintainer, a finding of liability or the award of damages shall be *res judicata* between the underinsured motorist insurer and the owner, operator, or maintainer of underinsured highway vehicle."; and is further amended in the first sentence by substituting "in an amount equal to" for "but not to exceed".

Sec. 75. G.S. 58-77(9), as found in the 1983 Supplement, is amended by substituting "1987" for "1985".

Sec. 76. G.S. 143B-422, as found in the 1983 Supplement, is amended in the first sentence by substituting the word, "Insurance" for the word, "Administration".

Sec. 84. G.S. 20-309(e) is amended by rewriting the first paragraph to read:

"(e) Upon termination by cancellation or otherwise of an insurance policy provided in subsection (b) of this section, the insurer shall notify the Division of such termination. The Division, upon receiving notice of cancellation or termination of an owner's financial responsibility as required by this Article, shall notify such owner of such cancellation or termination, and such owner shall, to retain the registration plate for the vehicle registered or required to be registered, within 10 days from date of notice given by the Division either:

AN ACT TO AUTHORIZE CURRITUCK COUNTY TO LEVY AN EXCISE TAX ON INSTRUMENTS CONVEYING REAL PROPERTY IN CURRITUCK COUNTY.

The General Assembly of North Carolina enacts:

Section 1. Tax. (a) Authorization. The Currituck County Board of Commissioners may, by resolution, levy an excise tax on instruments conveying certain interests in real property in Currituck County, including instruments that convey an interest in a mobile home that, at the time of the conveyance, is taxed as real property. The tax imposed may not exceed one dollar ($1.00) on each one hundred dollars ($100.00) or fraction thereof of the consideration or value of the interest conveyed, including, in the case of a sale, the value of any lien or encumbrance remaining on the property at the time of sale. This tax is in addition to the tax levied by Article 8E of Chapter 105 of the General Statutes. The value of a lease subject to this tax shall be computed on the basis of the present value of the fixed lease payments and, if the lease payments are based in whole or in part on the lessee's receipts, the estimated amount of the lessee's receipts.

(b) Scope. A tax levied under this act applies to all instruments conveying an interest in real property in Currituck County except an instrument:

(1) Conveying an interest in real property from the United States, the State, or a political subdivision of the State;
(2) Recording a lease for a term of 10 years or less, unless:
  a. The lease gives the lessee an option to renew the lease for a period that, when added to the term of the lease, exceeds the 10-year limitation; or
  b. The lease is for substantially the same property and is between the same parties as a lease previously recorded, and the term of the new lease, when added to that of the previous lease, exceeds the 10-year limitation; or
  c. The lease requires or permits the property to be transferred to the lessee for less than the fair market value of the property;
(3) Securing indebtedness; or
(4) Recording a transfer in which no consideration was paid or is due the transferor by the transferee.

In addition, this tax does not apply to conveyances of an interest in real property by operation of law, by will, by intestacy, or by merger or consolidation.

(c) Collection. A tax levied under this act is payable by the transferor of the interest to the Currituck County Tax Collector. This tax must be paid at the tax collector's office before the instrument conveying the interest is recorded. The tax collector shall stamp or otherwise mark each instrument subject to the tax to indicate that the tax has been paid. The Currituck County Register of Deeds may not accept for recordation an instrument subject to a tax levied under this act unless the instrument bears the tax collector's mark indicating that the tax has been paid.

(d) Appeal. A person who is liable for a tax levied under this act who disputes the amount of tax due shall pay the tax stated by the tax collector to be due, but may appeal the payment of the tax to the Land Transfer Tax Appeals Board by filing a written notice of appeal with the tax collector within 30 days after paying the tax. Upon receipt of a notice of appeal, the tax collector shall forward a copy of the notice of appeal to the chairman of the Land Transfer Tax Appeals Board. A notice of appeal shall state the reason for the appeal and the amount of tax the appellant contends is due.

The Land Transfer Tax Appeals Board is established to determine appeals of taxes imposed under this act. The Board shall consist of seven members appointed by the Currituck County Board of Commissioners. The county commissioners shall designate one member of the Land Transfer Tax Appeals Board to serve as chairman. The expenses of the Board are an administrative expense and shall be paid from the proceeds of the tax.

Members of the Board shall serve staggered four-year terms, with the term of three of the members, as designated by the board of commissioners, ending on June 30 of one four-year period, and the terms of the remaining members ending on June 30 of the four-year period ending the second year following the year in which the terms of the other three members ended. Members shall serve until their successors are appointed. A vacancy shall be filled by the board of commissioners.

The Land Transfer Tax Appeals Board shall meet at the call of the chairman and shall meet as often as needed to hear appeals. All appeals to the Board shall be heard by the Board within 45 days of the date the tax collector receives a notice of appeal. The Board shall issue a written decision within 20 days after hearing an appeal and shall send a copy of the decision to the appellant and to the tax collector. If the decision states that an appellant paid more tax than was due, the tax collector shall immediately refund to the appellant the amount of the overpayment. The appellant and the tax collector may appeal the decision of the Board in an action brought in the district court of the county. An appeal to the district court shall be heard *de novo*.

(e) Use of tax revenue. The proceeds of a tax levied under this act shall be placed in a special Capital Reserve Fund in the general fund of Currituck County. Revenue in this Fund may be used by the county only for capital expenditures for solid waste disposal and county-operated buildings and related equipment or to retire any indebedness incurred by the county for these purposes.

(f) Penalties. A person who knowingly fails to pay a tax levied under this act, who knowingly aids another to fail to pay a tax levied under this act, or who, to avoid paying part or all of the tax due under this act, knowingly misstates the total consideration for an interest conveyed is guilty of a misdemeanor and is punishable by imprisonment for up to two years and a fine of not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000).

(g) Taxes recoverable by action. If a transferor fails to pay a tax imposed by this act within 30 days of the tax collector's demand that he pay the tax, the tax may be recovered by Currituck County in an action brought in the district court of the county. In an action to recover a tax imposed under this act, costs of court shall include a fee to the county of twenty-five dollars ($25.00) for the expense of collection. The court may award attorney's fees to the county.

(h) Effective date; application. A tax levied under this act shall become effective on the first day of a month, as designated in the resolution levying the tax, and may not become effective for at least 20 days after the adoption of the resolution. A tax levied under this act applies to instruments that are executed on or after the effective date of the levy, except instruments executed on on after that date that convey an interest in real property pursuant to a recorded written contract made before the effective date.

(i) Repeal. A tax levied by this act may be repealed by a resolution adopted by the Currituck County Board of Commissioners. Repeal or reduction of a tax levied under this act may not become effective, however, for at least 10 years after the effective date of the levy of the tax and may only become effective on the first day of a month. Repeal of a tax levied under this act shall apply to instruments recorded on or after the effective date of the repeal. Repeal of a tax levied under this act does not affect a liability for the repealed tax that attached before the effective date of the repeal.

(j) Expiration. A tax levied under this act shall expire 10 years from the date it first went into effect, if it has not been repealed before that date. Once a tax levied under this act is repealed or has expired, no other tax may be levied under this act.

Sec. 2. Notwithstanding subsection (d) of Section 1 of this act, the initial terms of three of the members appointed to the Land Transfer Tax Appeals Board, as designated by the county commissioners, shall end on June 30 of the second year after their term begins.

Sec. 3. This act is effective upon ratification.

(b) The Commission by its rules and regulations may require the interlining of passengers by bus companies operating in intrastate commerce in this State where the point of destination of the passenger is not served by the originating carrier. In these cases it shall be the duty of every bus company to establish reasonable through rates with other bus companies; to establish, observe and enforce just and reasonable individual

and joint rates, fares and charges and just and reasonable regulations and practices relating to the charges and to the issuance, form and substance of tickets and the carrying of personal and excess baggage.

(c) In case of joint rates between bus companies, it shall be the duty of the bus companies to establish just and reasonable regulations and practices in connection with the joint rates and just, reasonable and equitable divisions between the participating companies, which shall not unduly prefer or prejudice any of the participating companies.

(d) A bus company providing fixed route service may file with the Commission a petition for new or revised rates, fares or charges. Unless the Commission orders otherwise, no bus company shall make any changes in its rates, fares or charges, which have been established under this Chapter, except after 30 days' notice to the Commission. The notice shall plainly state the changes proposed to be made in the rates then in force, and the time when the changed rates will go into effect. The bus company shall also give notice, which may include notice by publication, of the proposed changes to other interested persons that the Commission may direct. All proposed changes shall be shown by filing new schedules, or shall be plainly indicated upon schedules filed with the Commission and in force at the time and kept open to public inspection by the bus company. The Commission, for good cause shown in writing, may allow changes in rates without requiring the 30 days' notice, under any conditions as it prescribes. All changes shall be immediately indicated by the bus company on its schedules.

(e) Whenever there is filed with the Commission by any bus company any schedule stating a new or revised rate, fare or charge, the Commission may, either upon complaint or upon its own initiative, after reasonable notice, hold a hearing to determine if the proposed new or revised rates, fares or charges are just and reasonable. Pending the hearing and a decision, the Commission, upon filing with the proposed schedule and delivering to the affected bus company a statement in writing of its reasons, may, at any time before they become effective, suspend the operation of the rate or rates, for a period not to exceed 120 days from the filing of the petition. If the proceeding has not been concluded and a final order made within the period of suspension, the proposed change of rate shall go into effect at the end of the 120-day period.

(f) In any proceeding to determine the justness or reasonableness of any rates, fares or charges of a bus company, the Commission shall authorize revenue levels that are adequate under honest, economical, and efficient management to cover total operating expenses, including the operation of leased equipment and depreciation, plus a reasonable profit. The standards and procedures adopted by the Commission under this subsection shall allow the bus company to achieve revenue levels that will provide a flow of net income, plus depreciation, adequate to support prudent capital outlays, assure the repayment of a reasonable level of debt, permit the raising of needed equity capital, attract and retain capital and amounts adequate to provide a sound passenger bus transportation system in this State, and take into account reasonable estimated or foreseeable future costs.

(g) Notwithstanding any provision of this section, the Commission may not investigate, suspend, review or revoke the operation of proposed new or revised rates, fares or charges if the proposed new or revised rates, fares or charges do not exceed the standard rates, fares or charges then in effect by the petitioning bus company for comparable interstate transportation of passengers.

(h) Any person may make complaint in writing to the Commission that any rate, fare, charge, classification, rule, regulation, or practice in effect, or proposed to be put in effect, is or will be in violation of this Chapter. Whenever, after holding a hearing, upon complaint, in an investigation, or upon its own initiative, the Commission finds that any individual or joint rate demanded, charged, or collected by any bus company for transportation of passengers in intrastate commerce, or any classification, rule, regulation or practice of the bus company affecting the rate or the value of the service provided, is or will be unjust or unreasonable or unjustly discriminatory or unduly preferential or unduly prejudicial or constitute an unfair or destructive competitive practice, or otherwise contravenes the policies declared in this Chapter, or is in contravention of any provision of this Chapter, the Commission shall determine and prescribe the lawful rate, or the lawful classification, rule, regulation or practice to be put into effect.

(i) For purposes of this Chapter, rates, fares and charges established pursuant to this section shall be deemed fair, just and reasonable.

(j) Notwithstanding any other provision of this Chapter, the rates, fares and charges established for charter service by a bus company authorized and engaged in charter operations in this State shall be exempt from regulation by the Commission. A bus company authorized and engaged in charter operations shall file with the Commission a current statement of its rates, fares and charges as required by the Commission."

Sec. 16. G.S. 62-259 is amended by adding a sentence at the end to read:

"The provisions of this section and these policies are applicable to bus companies and their rates and services only to the extent with which they are consistent with the provisions of G.S. 62-259.1 and of the Bus Regulatory Reform Act of 1985."

Sec. 17. Article 12 of Chapter 62 is amended by adding a new section thereto reading as follows:

"§ 62-259.1. *Specific declaration of policy for bus companies.*—The transportation of passengers, their baggage and express, by bus companies has become increasingly subject to competition from other forms of transportation which are unregulated or only partially regulated as to rates and services. It is in the public interest and it is the policy of this State that bus companies be partially deregulated so that they may rely upon competitive market forces to determine the best quality, variety and price of bus services, thereby promoting the public health, safety and welfare by strengthening and increasing the viability of this necessary form of transportation."

Sec. 18. Rewrite subdivisions (1) and (2) of G.S. 62-261 as follows:

"(1) To supervise and regulate bus companies and to that end, the Commission may establish reasonable requirements with respect to

continuous and adequate service, transportation of baggage, newspapers, mail and light express, uniform system of accounts, records and reports and preservation of records.

(2) To supervise the operation and safety of passenger bus stations in any manner necessary to promote harmony among the carriers using such stations and efficiency of service to the traveling public."

Sec. 19. G.S. 62-262 is amended by:

(1) Amending the caption to read: "*Applications and hearings other than for bus companies.*"

(4) Deleting subsections (f), (g) and (h).

(5) Deleting the words "certificate or" each time they appear in subsection (j).

(6) Adding a new subsection (l) to read as follows:

"(l) The provisions of this section shall not be applicable to applications for certificates of authority by bus companies or related hearings."

Sec. 20. Article 12 of Chapter 62 is amended by adding a new section to read:

"§ 62-262.1. *Certificates of authority for passenger operations by bus companies.*—(a) Except as provided in G.S. 62-260, 62-262 and 62-265, no person shall engage in the transportation of passengers in intrastate commerce by motor vehicle without having applied for and obtained a certificate authorizing those operations from the Commission. It shall be unlawful for any person to knowingly or willfully operate in intrastate commerce in a manner contrary to the provisions of this Article or to the rules and regulations of the Commission. No certificate shall be amended to enlarge, or in any manner extend, the scope of operations of a bus company without complying with the provisions of this section.

(b) Any bus company desiring a certificate of authority to operate in intrastate commerce in this State over fixed routes, or to enlarge or in any manner extend the scope of its fixed route operations previously granted by the Commission, may do so by filing a verified application with the Commission and by paying the filing fee established by G.S. 62-300.

(c) The Commission shall issue a certificate of authority to an applicant for the transportation of passengers over a fixed route or to enlarge or extend authority previously granted, if the Commission finds that the applicant is fit, willing and able to provide the transportation to be authorized by the certificate and to comply with the provisions of this Chapter, unless the Commission finds, on the basis of evidence presented by any person objecting to the issuance of the certificate, that the transportation to be authorized is not consistent with the public interest.

(d) In making any findings relating to public interest under subsection (c) of this section, the Commission shall consider, to the extent applicable, (i) the transportation policy of this State as it relates to bus companies under G.S. 62-259.1 and this Chapter; (ii) the value of competition to the

traveling and shipping public; (iii) the effect of issuance of the certificate on bus company service to small communities; and (iv) whether issuance of the certificate would impair the ability of any other fixed route carrier of passengers to provide a substantial portion of its fixed route passenger service, except that diversion of revenue or traffic from a fixed route carrier of passengers, alone, shall not be sufficient to support a finding that issuance of the certificate would impair the ability of the carrier to provide a substantial portion of its fixed route passenger service.

(e) Within 10 days after the filing of an application, the applicant shall provide notice to be given as required by Commission rule. If no protest, raising material issues of fact to the granting of the application, is filed with the Commission within 30 days after the notice is given, the Commission may, upon review of the record and without a hearing, issue its certificate of authority granting the requested operating authority, if it is satisfied that the applicant meets the requirements set forth in subsection (c) of this section.

(f) If protests are filed raising material issues of fact to the granting of the application, the Commission shall set the application for hearing, as soon as possible, and cause notice to be given as provided by its rules. At the hearing, the only issues for consideration are those set forth in subsections (c) and (d) of this section. The Commission shall issue its final order not later than 180 days after the application is filed.

(g) Any bus company authorized to transport passengers in intrastate commerce over fixed routes in this State and which in fact provides that service may, without filing a new application or paying further fees: (i) transport newspapers, express parcels or United States mail over the fixed routes on which it provides passenger transportation; (ii) provide charter operations to all points in the State; and (iii) transport charter passengers in the same motor vehicles with fixed route passengers.

(h) Any bus company seeking a certificate to engage solely in charter operations within the State, or to enlarge or in any manner extend the scope of its charter operations previously granted by the Commission, may obtain one by (i) filing a verified application for the authority with the Commission; (ii) paying the applicable filing fee as prescribed by G.S. 62-300; and (iii) demonstrating that it is fit, willing and able to perform the proposed charter operations.

(i) Within 10 days after filing of an application for charter operations, the applicant shall provide notice as required by Commission rule or regulation. If no protests to the granting of the application, raising material issues of fact, are received by the Commission within 30 days after the notice is given, the Commission shall issue its certificate granting the requested authority unless it determines that the applicant is unfit, unwilling or unable to perform the proposed operations. In the event of this determination, or if protests to the proposed operation raising material issues of fact are received, the Commission shall set the application for hearing, as soon as possible, and provide notice to be given as provided by its rules and shall issue its final order within 180 days after application is filed. At the hearing, the only issue for consideration shall be whether the applicant is fit, willing and able to perform the proposed charter operations and the issue of need shall not be considered. On the

issue of its fitness, willingness and ability to perform the proposed charter operations, the applicant in its application and at any hearing shall present evidence from which the Commission may find that: (i) the applicant has sufficient assets to perform properly the proposed operations; (ii) the operation will be conducted only with properly qualified drivers; (iii) the applicant will maintain safe, clean and attractive buses and equipment; (iv) the applicant will maintain insurance for the protection of the public as provided in this Chapter; (v) the applicant has sufficient equipment to conduct the proposed operation; and (vi) the applicant will observe all applicable laws, rules and regulations of this State.

(j) Any bus company authorized and engaged solely in charter operations shall not be required to transport passengers over a fixed route in this State as an incidence to its charter operations."

Sec. 21. Article 12 of Chapter 62 is amended by adding a new section to read:

"§ 62-262.2. *Discontinuance or reduction in service.*—(a) When a bus company proposes to discontinue service over any intrastate route or proposes to reduce its level of service to any points on a route to a level which is less than one trip per day (excluding Saturdays and Sundays), it shall petition the Commission for permission to do so. Within 10 days after the filing of a petition, the Commission shall require notice to be given.

(b) Any person or the Public Staff may object, to the Commission, to the granting of permission to any bus company to discontinue or reduce transportation under this section. If neither objects to the granting of permission to discontinue or reduce service under this section, within 30 days after the notice as required by subsection (a) of this section, the Commission may grant the permission based on the record and without hearing.

(c) If, within 30 days after the notice as required by subsection (a) of this section, any person or the Public Staff objects in writing to the Commission to granting of such permission, the Commission shall grant such permission unless the Commission finds as a fact, that the discontinuance or reduction in service is not consistent with the public interest or that continuing the transportation, without the proposed discontinuance or reduction, will not constitute an unreasonable burden on interstate commerce. In making a finding under this subsection, the Commission shall accord great weight to the extent to which the interstate and intrastate revenues from the transportation proposed to be reduced or discontinued are less than the variable costs of providing the transportation, including depreciation for revenue equipment. The Commission may also consider, to the extent applicable, all other factors which are to be considered by the Interstate Commerce Commission in a proceeding commenced under 49 U.S.C. § 10935. For the purposes of this section, the bus company filing a petition for permission to discontinue or reduce service shall have the burden of proving (i) the amount of its interstate and intrastate revenues received for transportation to, from or between, but not through, points on the involved intrastate route; and (ii) the system variable costs of providing the transportation.

(d) The Commission may make its determination with or without a public hearing. The Commission shall take final action upon the petition not later than 120 days after any written objections to the petition are filed.

(e) The provisions of G.S. 62-262(h) shall not be applicable to bus companies."

Sec. 22. G.S. 62-268 is amended by adding the following new paragraph:

"Notwithstanding any other provisions of this section or Chapter, bus companies shall file with the Commission proof of financial responsibility in the form of bonds, policies of insurance, or shall qualify as a self insurer, with minimum levels of financial responsibility as prescribed for motor carriers of passengers pursuant to the provisions of 49 U.S.C. § 10927(a)(1)."

Sec. 23. G.S. 62-275 is repealed.

Sec. 24. G.S. 62-300 is amended by adding a new subdivision to read:

"(5a) With each application by a bus company for an original certificate of authority or for any amendment thereto or to an existing certificate of public convenience and necessity so as to extend or enlarge the scope of operations thereunder the fee shall be two hundred fifty dollars ($250.00)."

Sec. 25. Issuance of certificates of authority. Within 180 days after the effective date of this act a certificate of authority shall be issued by the North Carolina Utilities Commission to each person authorized as of the effective date of this act to provide intrastate services within North Carolina as a common carrier of passengers by motor vehicle, and the certificate of authority shall authorize the same type and extent of services authorized prior to the effective date of this act. Upon issuance of the certificate of authority, the franchise certificate issued prior to the effective date of this act shall be cancelled. Each person authorized as of the effective date of this act to provide intrastate services within North Carolina as a common carrier of passengers by motor vehicle shall be authorized to continue to provide the same type and extent of services for a period of 180 days following the effective date of this act. No certificate of authority shall be issued to operate as a common carrier of passengers by motor vehicle to a person who, during the two years prior to the effective date of this act, failed to perform any transportation for compensation for a period of 30 days or more, without a determination, after notice and hearing, as to whether the franchise certificate should be declared dormant and cancelled. The Commission, on its own motion, or each person authorized as of the effective date of this act to provide intrastate services within North Carolina as a common carrier of passengers by motor vehicle, shall be entitled to commence within 120 days of the effective date of this act, a complaint proceeding to cancel any certificate of authority issued to a common carrier of passengers by motor vehicle which, during the two years prior to the effective date of this act, failed to perform any transportation for compensation for a period of 30 days or more. (b) The purpose of this Article is to create a pension fund to supplement local government retirement benefits which will attract the most highly qualified talent available within the State to the position of sheriff and to fully recognize that sheriffs are constitutional officers elected by the people and are also officers of the court enforcing the laws of the State of North Carolina.

"§ 143-168.1. *Scope.*—(a) This Article provides supplemental pension benefits for all county sheriffs who are retired from the Local Governmental Employees' Retirement System or an equivalent locally sponsored plan as herein described.

(b) The North Carolina Department of Justice shall administer the provisions of this Article.

In no event however shall a monthly pension under this Article exceed an amount, which when added to a retirement allowance from the Local Governmental Employees' Retirement System or an equivalent locally sponsored plan, is greater than seventy-five percent (75%) of a sheriff's equivalent annual salary immediately preceding retirement computed on the latest monthly base rate, to a maximum amount of one thousand dollars ($1,000).

Therefore, the General

Assembly declares that innovation in the reimbursement mechanisms for health care services and the implementation of reducing such costs is a public good which advances the general welfare of the citizens of this State.

Sec. 2. G.S. 57-1 is amended by the addition of the following paragraph immediately prior to the final paragraph of the section:

"The term 'preferred provider' as used in this Chapter with respect to contracts, organizations, policies or otherwise means a health care service provider who has agreed to accept, from a corporation organized for the purposes authorized by this Chapter or other applicable law, special reimbursement terms in exchange for providing services to beneficiaries of a plan administered pursuant to this Chapter. Except to the extent prohibited either by G.S. 57-16.1 or by regulations promulgated by the Department of Insurance not inconsistent with this Chapter, the contractual terms and conditions for special reimbursement shall be those which the corporation and preferred provider find to be mutually agreeable."

Sec. 3. Chapter 57 of the General Statutes is amended by adding a new Section 57-16.1 as follows:

"§ 57-16.1. *Preferred provider contracts.*—(a) Notwithstanding any other provisions of law, except the second and third paragraphs of G.S. 58-260, corporations organized for the purposes of this Chapter are authorized to enter into preferred provider contracts in addition to all other contracts authorized by this Chapter, or to enter other cost containment arrangements approved by the Commissioner of Insurance, with persons, entities or organizations for the purpose of reducing the costs of providing health care services. Such preferred provider contracts may be entered into with licensed institutions and practitioners of all types without regard to speciality of services or limitation to a specific type of practice.

(b) The Department of Insurance shall have authority to make rules applicable to corporations offering preferred provider plans, policies, or contracts pursuant to this section. These rules shall be designed to provide for (i) accessibility of preferred provider services to individuals comprising the insured or contracted group, (ii) the adequacy of the number and locations of institutions and practitioners, (iii) the availability of services at reasonable times, and (iv) financial solvency.

(c) The Department of Insurance shall require each corporation developing preferred provider plans, policies or contracts under this section to provide summary data regarding the financial reimbursement offered to providers. Any corporation which proposes to offer preferred provider plans, contracts or policies authorized by this section shall furnish annually to the Department of Insurance the following information:

(1) the name by which the preferred provider plan, policy or contract will be known, and its business address;

(2) the name, address and nature of any separate organization which administers the plan, policy or contract on behalf of the insured; and

(3) the names and addresses of all providers designated by the corporation and the terms of the agreements with these providers.

(d) A person enrolled in a preferred provider plan may obtain covered health care services from a provider not participating in the plan. The preferred provider plan may, however, limit the coverage for health care services obtained from a provider not participating in the plan. Preferred provider policies or contracts offered pursuant to this section shall provide for payment for services rendered by non-participating providers. Such payment may differ from that provided to participating providers in the discretion of the corporation. Non-participating providers may participate in other arrangements with the corporation, but will be subject to reimbursement mechanisms approved by the corporation including, but not limited to, direct payment of health insurance benefits to the subscriber without right of assignment to the provider of health care services.

(e) Upon the initial offering of a preferred provider plan to the public, any potential provider institutions and practitioners shall be allowed the opportunity to submit a proposal for participation in accordance with the terms of the plan. The health care providers shall have at least thirty (30) days to submit a proposal for participation. Subsequent to the initial offering of a preferred provider plan, any provider seeking to submit a proposal may be permitted to do so. The second and third paragraphs of G.S. 58-260 are specifically made applicable to preferred provider plans.

(f) Any provision of a contract between a corporation and a provider restricting the provider's right to enter into preferred provider arrangements with other parties is prohibited. Any such restriction in a preferred provider contract between a corporation and a provider of health care services is null and void and shall not be enforceable; however, the existence of any such unenforceable restriction shall not invalidate any other provision of the preferred provider contract.

(g) Any corporation marketing a preferred provider plan to subscribers or contracting parties must provide to the same a written list of the then current participating institutions and practitioners in the geographic area in which it is anticipated that the substantial portion of health care services will be provided prior to entering into a preferred provider plan contract with the actual or potential subscriber or contracting party.

(h) Publications or advertisements of preferred providers shall not refer to the quality or efficiency of the health care services of non-participating providers."

Sec. 4. Article 27 of Chapter 58 of the General Statutes of North Carolina is amended by adding two new sections to read:

"§ 58-260.5. *Preferred provider; definition.*—The term 'preferred provider' as used in this Chapter with respect to contracts, organizations, policies or otherwise means a person, who has contracted for, or a provider of health care services who has agreed to accept special reimbursement or other terms for health care services from any person; or an insurer subject to the provisions of this Chapter or other applicable law for health care services on a fee for service basis, or in exchange for providing health care services to beneficiaries of a plan administered pursuant to this Chapter. Except where specifically prohibited either by G.S. 58-260.6 or by regulations promulgated by the Department of Insurance, not inconsistent

with this Chapter, the contractual terms and conditions for special reimbursements shall be those which the insurer, health care provider and the preferred provider find to be mutually agreeable.

"§ 58-260.6. *Preferred provider contracts.*—(a) Notwithstanding any other provisions of law, except the second and third paragraphs of G.S. 58-260, corporations organized pursuant to this Chapter are authorized to enter into preferred provider contracts in addition to all other contracts authorized by this Chapter, or to enter other cost containment arrangements approved by the Commissioner of Insurance, with persons, entities or organizations for the purpose of reducing the cost of providing health care services. Such preferred provider contracts may be entered into with licensed institutions and practitioners of all types without regard to specialty of services or limitation to a specific type of practice.

(b) The Department of Insurance shall have authority to make rules applicable to persons offering preferred provider plans, policies, or contracts pursuant to this section. These rules shall be designed to provide for (i) accessibility of preferred provider services to individuals comprising the insured or contracted group, (ii) the adequacy of the number and locations of institutions and practitioners, (iii) the availability of services at reasonable times, and (iv) financial solvency.

(c) The Department of Insurance shall require each preferred provider plan to provide summary data regarding the financial reimbursement offered to providers of health care. All such plans shall disclose annually the following information:

(1) the name by which the preferred provider plan policy or arrangement is known, and its business address;

(2) the name, address and nature of any separate organization which administers the plan, policy or arrangement on behalf of the preferred provider; and

(3) the names and addresses of all providers of health care designated by the preferred provider and the terms of the agreements entered into with those providers.

(d) A person enrolled in a preferred provider plan may obtain covered health care services from a provider not participating in the plan. The preferred provider plan may, however, limit the coverage for health care services obtained from a provider not participating in the plan. Preferred provider policies or contracts offered pursuant to this section shall provide for payment for services rendered by non-participating providers. Such payment may differ from that provided to participating providers in the discretion of the corporation. Non-participating providers may participate in other arrangements with the preferred provider, but will be subject to the provider's approved reimbursement mechanisms including, but not limited to, direct payment of health insurance benefits to the subscriber without right of assignment to the provider of health care services.

(e) Upon the initial offering of a preferred provider plan to the public, any potential provider institutions and practitioners shall be allowed the opportunity to submit a proposal for participation in accordance with the terms of the plan. The health care providers shall have at least thirty (30) days to submit a proposal for participation. Subsequent to the initial

offering of a preferred provider plan, any provider seeking to submit a proposal may be permitted to do so. Any provider seeking to participate in the plan, whether upon the initial offering or subsequently, may be permitted to do so in the discretion of the preferred provider plan. The second and third paragraphs of G.S. 58-260 are specifically made applicable to preferred provider plans.

(f) Any provision of a contract between a preferred provider plan and a health care provider restricting the health care providers's right to enter into preferred provider arrangements with other parties is prohibited. Any such restriction in a preferred provider contract between a preferred provider plan and a provider of health care services is null and void and shall not be enforceable. The existence of any such unenforceable restriction shall not invalidate any other provision of the preferred provider contract.

(g) A list of the current participating health care providers in the geographic area in which a substantial portion of health care services will be available shall be provided to enrollees and contracting parties.

(h) Publications or advertisements of preferred providers plans or arrangements shall not refer to the quality or efficiency of the services of non-participating providers."

Sec. 5. If any section, term or provision of this act shall be adjudged invalid for any reason, such judgment shall not affect, impair or invalidate any other section, term or provision of this act, but the remaining sections, terms and provisions shall be and remain in full force and effect.

Sec. 6. This act shall become effective October 1, 1985.

b. Budgets and budget policies and procedures issued by the Director of the Budget, by the head of a department, as defined by G.S. 143A-2 or G.S. 143B-3, by an occupational licensing board, as defined by G.S. 93B-1, or by the State Board of Elections.

c. Nonbinding interpretative statements within the delegated authority of the agency that merely define, interpret or explain the meaning of a statute or other provision of law or precedent.

d. A form, the contents or substantive requirements of which are prescribed by rule or statute or the instructions for the execution or use of the form.

e. Statements of agency policy made in the context of another proceeding, including:

1. declaratory rulings under G.S. 150A-17;
2. orders establishing or fixing rates or tariffs.

f. Statements of agency policy, provided that the agency policy is not inconsistent with any law enacted by the General Assembly, communicated to the public by use of signs or symbols, concerning:

1. the use or creation of public roads or bridges;
2. the boundaries of public facilities and times when public facilities are open to the public; or
3. safety in use of public facilities.

g. Statements that set forth criteria or guidelines to be used by the staff of an agency in performing audits, investigations, or inspections; in settling financial disputes or negotiating financial arrangements; or in the defense, prosecution, or settlement of cases;

h. Scientific, architectural, or engineering standards, forms, or procedures.

(9) 'Valid' means that the rule has been adopted pursuant to the procedure required by law. A valid rule is unenforceable until it is made effective.

"§ 150A-3. *Special provisions on licensing.*—(a) When an applicant or a licensee makes a timely and sufficient application for issuance or renewal of a license or occupational license, including the payment of any required license fee, the existing license or occupational license does not expire until a decision on the application is finally made by the agency, and if the application is denied or the terms of the new license or occupational license are limited, until the last day for applying for judicial review of the agency order. This subsection does not affect agency action summarily suspending a license or occupational license under subsections (b) and (c) of this section.

(b) Before the commencement of proceedings for the suspension, revocation, annulment, withdrawal, recall, cancellation, or amendment of any license other than an occupational license, the agency shall give notice to the licensee, pursuant to the provisions of G.S. 150A-23. Before the commencement of such proceedings involving an occupational license, the agency shall give notice pursuant to the provisions of G.S. 150A-38. In either case, the licensee shall be given an opportunity to show compliance with all lawful requirements for retention of the license or occupational license.

(c) If the agency finds that the public health, safety, or welfare requires emergency action and incorporates this finding in its order, summary suspension of a license or occupational license may be ordered effective on the date specified in the order or on service of the certified copy of the order at the last known address of the licensee, whichever is later, and effective during the proceedings. The proceedings shall be promptly commenced and determined.

Nothing in this subsection shall be construed as amending or repealing any special statutes, in effect prior to February 1, 1976, which provide for the summary suspension of a license.

"Article 2.
"Rule Making.

"§ 150A-9. *Minimum procedural requirements; limitations on rule-making authority; no criminal sanctions authorized.*—(a) It is the intent of this Article to establish basic minimum procedural requirements for the adoption, amendment, or repeal of administrative rules. Except for temporary rules which are provided for in G.S. 150A-13, the provisions of this Article are applicable to the exercise of any rule-making authority conferred by any statute, but nothing in this Article repeals or diminishes additional requirements imposed by law or any summary power granted by law to the State or any State agency. No rule hereafter adopted is valid unless adopted in substantial compliance with this Article.

(b) Each agency shall adopt, amend, suspend or repeal its rules in accordance with the procedures specified in this Article and pursuant to authority delegated by law and in full compliance with its duties and

obligations. No agency may adopt any rule that implements or interprets any statute or other legislative enactment unless the power, duty, or authority to carry out the provisions of the statute or enactment is specifically conferred on the agency in the enactment, nor may any agency make any rule enlarging the scope of any trade or profession subject to licensing.

(c) The power to declare what shall constitute a crime and how it shall be punished and the power to establish standards for public conduct are vested exclusively in the General Assembly. No agency may adopt any rule imposing a criminal penalty for any act or failure to act, including the violation of any rule, unless the General Assembly authorizes a criminal sanction and specifies a criminal penalty for violation of the rule.

(d) No agency may adopt as a rule the verbatim text of any federal or North Carolina statute or any federal regulation, but an agency may adopt all or any part of such text by reference under G.S. 150A-14.

"§ 150A-10. *Statements of organization and means of access to be published.*—To assist interested persons dealing with it, each agency shall, in a manner prescribed by the Administrative Rules Review Commission, prepare a description of its organization, stating the process whereby the public may obtain information or make submissions or requests. The chief hearing officer of the Office of Administrative Hearings shall publish these descriptions annually.

"§ 150A-11. *Special requirements.*—In addition to other rule-making requirements imposed by law, each agency shall:

(1) Adopt rules setting forth the nature and requirements of all formal and informal procedures available, including a listing of all forms that are required by the agency. Procedures concerning only internal management which do not directly affect the rights of or procedures available to the public shall not be adopted as rules.

(2) Make available for public inspection all rules and all other written statements of policy or interpretations formulated, adopted, or used by the agency in the discharge of its functions, except those used only for internal management of the agency.

(3) Submit to the Director of the Budget a summary of any proposed rule requiring the expenditure or distribution of State funds and obtain approval of such expenditure or distribution of State funds prior to publishing the notice of public hearing required by G.S. 150A-12(2). For purposes of this subdivision the term 'State funds' shall have the same meaning as is set out in G.S. 143-1 and shall also apply to the funds of all occupational licensing boards included under G.S. 150A-1. The agency shall include a fiscal note with any proposed rule, other than a temporary rule, so submitted. The fiscal note shall state what effect, if any, the proposed rule will have on the revenues, expenditures, or fiscal liability of the State or its agencies or subdivisions. The fiscal note shall include an explanation of how such effect, if any, was computed.

"§ 150A-12. *Procedure for adoption of rules.*—(a) Before the adoption, amendment or repeal of a rule, an agency shall give notice of a public

hearing and offer any person an opportunity to present data, opinions, and arguments. The notice shall be given within the time prescribed by any applicable statute, or if none then at least 30 days before the public hearing and at least 60 days before the adoption, amendment, or repeal of the rule. The notice shall include:

(1) A reference to the statutory authority under which the action is proposed;

(2) The time and place of the public hearing and a statement of the manner in which data, opinions, and arguments may be submitted to the agency either at the hearing or at other times by any person; and

(3) The text of the proposed rule, or amendment in the form required by G.S. 150A-63(d2) and the proposed effective date of the rule or amendment.

(b) The agency shall transmit copies of the notice to the chief hearing officer of the Office of Administrative Hearings, the Attorney General, and the Governor.

(c) The agency shall publish the notice in the North Carolina Register and as prescribed in any applicable statute.

The agency may also publish the notice or a synopsis of the notice in other ways selected by the agency to give notice to persons likely to be affected by the proposed rule. Methods that may be employed by the agency, depending upon the circumstances, include publication of the notice in one or more newspapers of general circulation or, when appropriate, in trade, industry, governmental or professional publications.

(d) The public hearing shall not be conducted as a contested case unless a specific statute requires that the proposed rule be adopted by adjudicatory procedures.

(e) The proposed rule shall not be changed or modified after the notice required by this section is published and before the rule-making hearing. The agency shall consider fully all written and oral submissions respecting the proposed rule. Upon adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the consideration urged against its adoption. The record in every rule-making proceeding under this Article shall remain open at least 30 days either before or after the hearing for the purposes of receiving written comments, and any such comments shall be included in the hearing records. All comments received, as well as any statement of reasons issued to an interested person under this section, shall be included in the rule-making record.

(f) No rule-making hearing is required for the adoption, amendment, or repeal of a rule which solely describes forms or instructions used by the agency.

(g) No rule-making hearing is required if the Administrative Rules Review Commission certifies that the amendment to a rule does not change the substance of the rule and that the amendment is:

(1) A relettering or renumbering instruction; or,

(2) The substitution of one name for another when an organization or position is renamed; or,
(3) The correction of a citation to rules or laws which has become inaccurate since the rule was adopted because of repealing or renumbering of the rule or law cited; or
(4) The correction of a similar formal defect; or
(5) A change in information that is readily available to the public such as addresses and telephone numbers.

(h) No rule-making hearing is required to repeal a rule if the repeal of the rule is specifically provided for by the Constitution of the United States, the Constitution of North Carolina, any federal or North Carolina statute, any federal regulation, or a court order.

"§ 150A-13. *Temporary rules.*—(a) Except as provided in subsection (b) of this section, if an agency which is not exempted from the notice and hearing requirements of this Article by G.S. 150A-1 determines in writing that:

(1) Adherence to the notice and hearing requirements of this Article would be contrary to the public interest; and that
(2) The immediate adoption, amendment, or repeal of a rule is necessitated by and related to:
a. A threat to public health, safety, or welfare resulting from any natural or man-made disaster or other events that constitute a life threatening emergency;
b. The effective date of a recent act of the General Assembly or the United States Congress;
c. A federal regulation; or
d. A court order,

the agency may adopt, amend, or repeal the rule without prior notice or hearing or upon any abbreviated notice or hearing the agency finds practicable. The agency must accompany its rules filing with the chief hearing officer of the Office of Administrative Hearings and the Governor with the agency's written certification of the finding of need for the temporary rule, together with the reasons for that finding and a copy of the notice of hearing on the proposed permanent rule.

The written certification of the finding of need for the temporary rule shall be signed by:

(1) The member of the Council of State in the case of the Departments of Justice, Insurance, Public Education, Labor, Agriculture, Treasurer, State Auditor, or Secretary of State.
(2) The chairman of the board in the case of an occupational licensing board.
(3) The Governor in the case of all other agencies.

(b) If the Department of Crime Control and Public Safety, Transportation, Revenue, or Correction determines in writing that the immediate adoption, amendment, or repeal of a rule is necessitated by:

(1) The public health, safety, or welfare;
(2) The effective date of a recent act of the General Assembly or the United States Congress;
(3) A federal regulation; or
(4) A court order,

the agency may adopt, amend, or repeal the rule. The agency must accompany its rule filing with the chief hearing officer of the Office of Administrative Hearings and the Governor with the agency's written certification of the finding of need for the temporary rule signed by the Governor together with the reasons for that finding. In the case of the Department of Correction, in addition to the reasons set forth in subdivisions (1) through (4) of this subsection, the Department may file a temporary rule when necessary for the management and control of persons under the custody or supervision of the Department in extraordinary circumstances as certified by the Secretary. The Department shall file any temporary rule within two working days of its adoption by the Secretary under G.S. 148-11.

(c) Rules filed under subsections (a) and (b) of this section shall be effective for a period of not longer than 120 days. An agency adopting a temporary rule shall begin normal rule-making procedures on the permanent rule under this Article at the same time the temporary rule is adopted.

"§ 150A-14. *Adoption by reference.*—An agency may adopt by reference in its rules, without publishing the adopted matter in full:

(1) All or any part of a code, standard, or regulation which has been adopted by any other agency of this State or by any agency of the United States or by a generally recognized organization or association;

(2) Any plan or material which is adopted to meet the requirements of any agency of the United States and approved by that agency; or

(3) Any plan, material, manual, guide or other document establishing job application or employment practices or procedures of any State agency other than the State Personnel Commission. The State Personnel Commission, however, shall incorporate by reference in its rules job classification standards, including but not limited to those relating to qualifications and salary levels.

The reference shall fully identify the adopted matter by date and otherwise. The reference shall not cover any later amendments and editions of the adopted matter, but if the agency wishes to incorporate them in its rule it shall amend the rule or promulgate a new rule. The agency shall have available copies of the adopted matter for inspection and the rules shall state where copies of the adopted matter can be obtained and the amount of any charge for the copy as of the time the rule is adopted.

"§ 150A-15. *Continuation of rules.*—When a law authorizing or directing an agency to promulgate rules is repealed, and (i) substantially the same rule-making power or duty is vested in the same or a successor agency by a new provision of law, or (ii) the function of the agency to which the rules are related is transferred to another agency by law or executive order, the existing rules of the original agency shall continue in effect until amended or repealed, and the agency or successor agency may repeal any rule relating to the transferred duty or function. When a law creating an agency or authorizing or directing it to promulgate rules is repealed or the agency is abolished and (i) substantially the same

rule-making power or duty is not vested in the same or a successor agency by a new provision of law and (ii) the function of the agency to which the rules are related is not transferred to another agency, the existing applicable rules of the original agency are automatically repealed as of the effective date of the law repealing the agency's rule-making power or abolishing the agency.

"§ 150A-16. *Petition for adoption of rules.*—Any person may petition an agency to promulgate, amend, or repeal a rule, and may accompany his petition with such data, views, and arguments as he thinks pertinent. Each agency shall prescribe by rule the form for petitions and the procedure for their submission, consideration, and disposition. Within 30 days after submission of a petition, the agency shall either deny the petition in writing, stating its reasons for the denial, or initiate rule-making proceedings in accordance with G.S. 150A-12 and G.S. 150A-13; provided, however, commissions and boards shall act on a petition at their next regularly scheduled meeting, but in any case no later than 120 days after submission of a petition. Denial of the petition to initiate rule making under this section shall be considered a final agency decision for purposes of judicial review.

"§ 150A-17. *Declaratory rulings.*—On request of a person aggrieved, an agency shall issue a declaratory ruling as to the validity of a rule or as to the applicability to a given state of facts of a statute administered by the agency or of a rule or order of the agency, except when the agency for good cause finds issuance of a ruling undesirable. The agency shall prescribe in its rules the circumstances in which rulings shall or shall not be issued. A declaratory ruling is binding on the agency and the person requesting it unless it is altered or set aside by the court. An agency may not retroactively change a declaratory ruling, but nothing in this section prevents an agency from prospectively changing a declaratory ruling. A declaratory ruling is subject to judicial review in the same manner as an order in a contested case. Failure of the agency to issue a declaratory ruling on the merits within 60 days of the request for such ruling shall constitute a denial of the request as well as a denial of the merits of the request and shall be subject to judicial review.

"Article 3.
"Administrative Hearings.

"§ 150A-23. *Commencement; assignment of hearing officer; hearing required; notice; intervention.*—(a) Except as provided in subsection (a1), all contested cases other than those conducted under Article 3A of this Chapter shall be commenced by the filing of a petition with the Office of Administrative Hearings. Any petition filed by a party other than an agency shall be verified or supported by affidavit and shall state facts tending to establish that the agency named as the respondent has deprived the petitioner of property, has ordered the petitioner to pay a fine or civil penalty, or has otherwise substantially prejudiced the petitioner's rights and that the agency:

(1) exceeded its authority or jurisdiction;
(2) acted erroneously;
(3) failed to use proper procedure;

(4) acted arbitrarily or capriciously; or
(5) failed to act as required by law or rule.

The parties in a contested case shall be given an opportunity for a hearing without undue delay.

All contested cases under Chapter 126 of the General Statutes shall be conducted in the Office of Administrative Hearings. Except in contested cases under Chapter 126 of the General Statutes, a party may waive the right to have a contested case conducted by a hearing officer in the Office of Administrative Hearings in the petition filed to commence the case, in which case the contested case shall be conducted by the agency. In the absence of a waiver, a contested case under this Article shall be presided over by the chief hearing officer of the Office of Administrative Hearings or a hearing officer assigned by him. In assigning hearing officers, the chief hearing officer shall attempt to use personnel having expertise in the subject to be dealt with in the hearing.

A local government employee, applicant for employment, or former employee to whom Chapter 126 of the General Statutes applies may commence a contested case under this Article in the same manner as any other petitioner. The case shall be conducted in the Office of Administrative Hearings in the same manner as other contested cases under this Article, except that the decision of the hearing officer shall be advisory only and not binding on the local appointing authority, unless (1) the hearing officer decides that the employee, applicant, or former employee has been subjected to discrimination prohibited by Article 6 of Chapter 126 of the General Statutes or (2) applicable federal standards require a binding decision. In these two cases, the hearing officer's decision shall be final.

(a1) The parties in a contested case in the Department of Human Resources shall be given an opportunity for a hearing without undue delay.

(b) The parties shall be given notice not less than 15 days before the hearing by the Office of Administrative Hearings or the agency, which notice shall include:

(1) A statement of the date, hour, place, and nature of the hearing;
(2) A reference to the particular sections of the statutes and rules involved;
(3) A short and plain statement of the factual allegations; and
(4) If the agency is the Department of Human Resources, a statement of who will conduct the hearing and that the party may request a hearing officer in the Office of Administrative Hearings as provided in G.S. 150A-32.

(c) Notice shall be given personally or by certified mail. If given by certified mail, it shall be deemed to have been given on the delivery date appearing on the return receipt. If giving of notice cannot be accomplished either personally or by certified mail, notice shall then be given in the manner provided in G.S. 1A-1, Rule 4(j1).

(d) Any person may petition to become a party by filing a motion to intervene in the manner provided in G.S. 1A-1, Rule 24. In addition, any person interested in a contested case may intervene and participate in that proceeding to the extent deemed appropriate by the hearing officer.

(e) All hearings under this Chapter shall be open to the public. Hearings shall be conducted in an impartial manner. Hearings shall be conducted according to the procedures set out in this Article, except to the extent and in the particulars that specific hearing procedures and time standards are governed by another statute.

"§ 150A-24. *Venue of hearing.*—(a) The hearing of a contested case shall be conducted:

(1) In the county in this State in which any person whose property or rights are the subject matter of the hearing maintains his residence;

(2) In the county where the agency maintains its principal office if the property or rights that are the subject matter of the hearing do not affect any person or if the subject matter of the hearing is the property or rights of residents of more than one county; or

(3) In any county determined by the agency or hearing officer in his discretion to promote the ends of justice or better serve the convenience of witnesses.

(b) Any person whose property or rights are the subject matter of the hearing waives his objection to venue by proceeding in the hearing.

"§ 150A-25. *Conduct of hearing; answer.*—(a) If a party fails to appear in a contested case after proper service of notice, and if no adjournment or continuance is granted, the agency or hearing officer may proceed with the hearing in the absence of the party.

(b) A party who has been served with a notice of hearing may file a written response, and a copy must be mailed to all other parties not less than 10 days before the date set for hearing. If the agency is the Department of Human Resources, the response may include a request for a hearing officer in the Office of Administrative Hearings as provided in G.S. 150A-32.

(c) The parties shall be given an opportunity to present arguments on issues of law and policy and an opportunity to present evidence on issues of fact.

(d) A party may cross-examine any witness, including the author of a document prepared by, on behalf of, or for use of the agency and offered in evidence. Any party may submit rebuttal evidence.

"§ 150A-26. *Consolidation.*—When contested cases involving a common question of law or fact or multiple proceedings involving the same or related parties are pending, the chief hearing officer of the Office of Administrative Hearings may order a joint hearing of any matters at issue in the cases, order the cases consolidated, or make other orders to reduce costs or delay in the proceedings. If one or more, but not all parties in a consolidated contested case in the Department of Human Resources involving multiple aggrieved persons requests a hearing officer in the Office of Administrative Hearings as provided in G.S. 150A-32, the chief hearing officer in the Office of Administrative Hearings shall decide whether to grant the request after consulting with the parties in all the contested cases involved.

"§ 150A-27. *Subpoena.*—After the commencement of a contested case, the agency or hearing officer may issue subpoenas upon his own motion

or upon a written request. When a written request for a subpoena has been made, the agency or hearing officer shall issue the requested subpoenas forthwith requiring the attendance and testimony of witnesses and the production of evidence including books, records, correspondence, and documents in their possession or under their control. Upon written request, the agency or hearing officer shall revoke a subpoena if, upon a hearing, he finds that the evidence the production of which is required does not relate to a matter in issue, or if the subpoena does not describe with sufficient particularity the evidence the production of which is required, or if for any other reason sufficient in law the subpoena is invalid. Witness fees shall be paid by the party requesting the subpoena to subpoenaed witnesses in accordance with G.S. 7A-314. However, State officials or employees who are subpoenaed shall not be entitled to witness fees, but they shall receive their normal salary and they shall not be required to take any annual leave for the witness days. Travel expenses of State officials or employees who are subpoenaed shall be reimbursed as provided in G.S. 138-6.

"§ 150A-28. *Depositions and discovery.*—(a) A deposition may be used in lieu of other evidence when taken in compliance with the Rules of Civil Procedure, G.S. 1A-1. Parties in contested cases may engage in discovery pursuant to the provisions of the Rules of Civil Procedure, G.S. 1A-1.

(b) On a request for identifiable agency records, with respect to material facts involved in a contested case, except records related solely to the internal procedures of the agency or which are exempt from disclosure by law, an agency shall promptly make the records available to a party.

"§ 150A-29. *Rules of evidence.*—(a) In all contested cases, irrelevant, immaterial and unduly repetitious evidence shall be excluded. Except as otherwise provided, the rules of evidence as applied in the trial division of the General Court of Justice shall be followed; but, when evidence is not reasonably available under the rules to show relevant facts, then the most reliable and substantial evidence available shall be admitted. It shall not be necessary for a party or his attorney to object at the hearing to evidence in order to preserve the right to object to its consideration by the agency or hearing officer in reaching his decision, or by the court on judicial review.

(b) Evidence in a contested case, including records and documents, shall be offered and made a part of the record. Factual information or evidence not made a part of the record shall not be considered in the determination of the case, except as permitted under G.S. 150A-30. Documentary evidence may be received in the form of a copy or excerpt or may be incorporated by reference, if the materials so incorporated are available for examination by the parties. Upon timely request, a party shall be given an opportunity to compare the copy with the original if available.

"§ 150A-30. *Official notice.*—Official notice may be taken of all facts of which judicial notice may be taken and of other facts within the specialized knowledge of the agency. The noticed fact and its source shall be stated and made known to affected parties at the earliest practicable

time, and any party shall on timely request be afforded an opportunity to dispute the noticed fact through submission of evidence and argument.

"§ 150A-31. *Stipulations.*—(a) The parties in a contested case may, by a stipulation in writing filed with the agency or hearing officer, agree upon any fact involved in the controversy, which stipulation shall be used as evidence at the hearing and be binding on the parties thereto. Parties should agree upon facts when practicable.

(b) Except as otherwise provided by law, disposition may be made of a contested case by stipulation, agreed settlement, consent order, waiver, default, or other method agreed upon by the parties.

"§ 150A-32. *Designation of hearing officer.*—(a) The chief hearing officer of the Office of Administrative Hearings shall assign himself or a hearing officer in the Office of Administrative Hearings to preside as hearing officer in each contested case. If a party waives the right to have a case conducted in the Office of Administrative Hearings in the petition to commence the case, an agency, one or more members of the agency, a person or group of persons designated by statute, or one or more hearing officers designated and authorized by the agency to conduct contested cases.

(a1) A party in a contested case in the Department of Human Resources who has been served with a notice of hearing may request in a response filed pursuant to G.S. 150A-25(b) that the contested case be conducted by a hearing officer in the Office of Administrative Hearings. The agency shall forthwith request the chief hearing officer in the Office of Administrative Hearings to assign himself or another hearing officer to conduct the case, and the chief hearing officer shall make the assignment. In assigning hearing officers, the chief hearing officer shall attempt to use personnel having expertise in the subject to be dealt with in the hearing.

A party waives the right to request a hearing officer in the Office of Administrative Hearings if the response is not filed at least 10 days before the date set for hearing.

(b) On the filing in good faith by a party of a timely and sufficient affidavit of personal bias or disqualification of a hearing officer, the agency shall determine the matter as a part of the record in the case, and this determination shall be subject to judicial review at the conclusion of the proceeding.

(c) When a hearing officer is disqualified or it is impracticable for him to continue the hearing, another hearing officer shall be assigned to continue with the case unless it is shown that substantial prejudice to any party will result, in which event a new hearing shall be held or the case dismissed without prejudice.

"§ 150A-33. *Powers of hearing officer.*—(a) A hearing officer shall stay any contested case under this Article on motion of an agency which is a party to the contested case, if the agency shows by supporting affidavits that it is engaged in other litigation or administrative proceedings, by whatever name called, with or before a federal agency, and this other litigation or administrative proceedings will determine the position, in whole or in part, of the agency in the contested case. At the conclusion

of the other litigation or administrative proceedings, the contested case shall proceed and be determined as expeditiously as possible.

(b) A hearing officer may:

(1) Administer oaths and affirmations;

(2) Sign and issue subpoenas in the name of the agency or the Office of Administrative Hearings, as applicable, requiring attendance and giving of testimony by witnesses and the production of books, papers, and other documentary evidence;

(3) Provide for the taking of testimony by deposition;

(4) Regulate the course of the hearings, including discovery, set the time and place for continued hearings, and fix the time for filing of briefs and other documents;

(5) Direct the parties to appear and confer to consider simplification of the issues by consent of the parties;

(6) Stay the contested action by the agency pending the outcome of the case, upon such terms as he deems proper, and subject to the provisions of G.S. 1A-1, Rule 65;

(7) Determine whether the hearing shall be recorded by a stenographer or by an electronic device; and

(8) Apply to any judge of the Superior Court resident in the district or presiding at a term of court in the county where a hearing is pending for an order to show cause why any person should not be held in contempt, and the Court shall have the power to impose punishment as for contempt for acts which would constitute direct or indirect contempt if the acts occurred in an action pending in superior court.

(9) Determine that a rule as applied in a particular case is void because (1) it is not within the statutory authority of the agency, (2) is not clear and unambiguous to persons it is intended to direct, guide, or assist, or (3) is not reasonably necessary to enable the administrative agency to perform a function assigned to it by statute or to enable or facilitate the implementation of a program or policy in aid of which the rule was adopted.

"§ 150A-34. *Proposal for decision; recommended decision.*—(a) In a contested case conducted by a hearing officer other than the agency officials who will make the final decision, the hearing officer shall:

(1) Make a proposal for decision that contains his findings of fact and conclusions of law and proposed decision, opinion, order, or report;

(2) Deliver a copy of the proposal for decision to each party; and

(3) Give each party an opportunity to file exceptions and proposed findings of fact and to present written arguments to him.

(b) After considering any exceptions, proposed findings of fact, and written arguments of the parties, the hearing officer shall make a recommended decision that contains findings of fact and conclusions of law and a recommended decision, opinion, order, or report. He shall include the recommended decision in the official record prepared pursuant to G.S. 150A-37(a) and shall forward a copy of the official record to the agency.

"§ 150A-35. *No ex parte communication; exceptions.*—Unless required for disposition of an *ex parte* matter authorized by law, a member or employee of an agency assigned to make a decision or to make findings

of fact and conclusions of law in a contested case or a hearing officer shall not communicate, directly or indirectly, in connection with any issue of fact, or question of law, with any person or party or his representative, except on notice and opportunity for all parties to participate.

"§ 150A-36. *Final decision.*—A final decision or order in a contested case shall be made by the agency in writing after review of the official record as defined in G.S. 150A-37(a) and shall include findings of fact and conclusions of law. If the agency does not adopt the hearing officer's recommended decision as its final decision in a contested case conducted by a hearing officer, the agency shall include in its decision or order the specific reasons why the hearing officer's recommended decision is not adopted. A decision or order shall not be made except upon consideration of the record as a whole or such portion as may be cited by any party to the proceeding and shall be supported by substantial evidence admissible under G.S. 150A-29(a), 150A-30, or 150A-31. A copy of the decision or order shall be served upon each party personally or by certified mail addressed to the party at the latest address given by the party to the agency, and a copy shall be furnished to his attorney of record.

"§ 150A-37. *Official record.*—(a) The agency or hearing officer who conducts the hearing in a contested case shall prepare an official record of the hearing which shall include:

(1) Notices, pleadings, motions, and intermediate rulings;
(2) Questions and offers of proof, objections, and rulings thereon;
(3) Evidence presented;
(4) Matters officially noticed, except matters so obvious that a statement of them would serve no useful purpose;
(5) The hearing officer's proposal for decision and exceptions and proposed findings of fact; and
(6) The hearing officer's recommended decision, opinion, order, or report.

(b) Proceedings at which oral evidence is presented shall be recorded, but need not be transcribed unless requested by a party. Each party shall bear the cost of the transcript or part thereof or copy of said transcript or part thereof which said party requests, and said transcript or part thereof shall be added to the official record as an exhibit.

"Article 3A.
"Other Administrative Hearings.

"§ 150A-38. *Scope; hearing required; notice; venue.*—(a) The provisions of this Article shall apply to the following agencies:

(1) Occupational licensing agencies;
(2) The State Banking Commission, the Commissioner of Banks, the Savings and Loan Division of the Department of Commerce, and the Credit Union Division of the Department of Commerce; and
(3) The Department of Insurance and the Commissioner of Insurance.

(b) Prior to any agency action in a contested case, the agency shall give the parties in the case an opportunity for a hearing without undue delay and notice not less than 15 days before the hearing. Notice to the parties shall include:

(1) A statement of the date, hour, place, and nature of the hearing;

(2) A reference to the particular sections of the statutes and rules involved; and

(3) A short and plain statement of the facts alleged.

(c) Notice shall be given personally or by certified mail. If given by certified mail, notice shall be deemed to have been given on the delivery date appearing on the return receipt. If notice cannot be given personally or by certified mail, then notice shall be given in the manner provided in G.S. 1A-1, Rule 4(j1).

(d) A party who has been served with a notice of hearing may file a written response with the agency. If a written response is filed, a copy of the response must be mailed to all other parties not less than 10 days before the date set for the hearing.

(e) All hearings conducted under this Article shall be open to the public. A hearing conducted by the agency shall be held in the county where the agency maintains its principal office. A hearing conducted for the agency by a hearing officer requested under G.S. 150A-40 shall be held in a county in this State where any person whose property or rights are the subject matter of the hearing resides. If a different venue would promote the ends of justice or better serve the convenience of witnesses, the agency or the hearing officer may designate another county. A person whose property or rights are the subject matter of the hearing waives his objection to venue if he proceeds in the hearing.

(f) Any person may petition to become a party by filing with the agency or hearing officer a motion to intervene in the manner provided by G.S. 1A-1, Rule 24. In addition, any person interested in a contested case under this Article may intervene and participate to the extent deemed appropriate by the agency hearing officer.

(g) When contested cases involving a common question of law or fact or multiple proceedings involving the same or related parties are pending before an agency, the agency may order a joint hearing of any matters at issue in the cases, order the cases consolidated, or make other orders to reduce costs or delay in the proceedings.

(h) Every agency shall adopt rules governing the conduct of hearings that are consistent with the provisions of this Article.

"§ 150A-39. *Depositions; discovery; subpoenas.*—(a) A deposition may be used in lieu of other evidence when taken in compliance with the Rules of Civil Procedure, G.S. 1A-1. Parties in a contested case may engage in discovery pursuant to the provisions of the Rules of Civil Procedure, G.S. 1A-1.

(b) Upon a request for an identifiable agency record involving a material fact in a contested case, the agency shall promptly provide the record to a party, unless the record relates solely to the agency's internal procedures or is exempt from disclosure by law.

(c) An agency may issue subpoenas in preparation for, or in the conduct of, a contested case upon its own motion. If a written request is made by a party in a contested case, an agency shall issue subpoenas forthwith requiring the attendance and testimony of witnesses and the production of evidence including books, records, correspondence, and documents in their possession or under their control. Upon written request, the agency shall revoke a subpoena if, upon a hearing, the agency

finds that the evidence, the production of which is required, does not relate to a matter in issue, or if the subpoena does not describe with sufficient particularity the evidence the production of which is required, or if for any other reason sufficient in law the subpoena is invalid. Witness fees shall be paid by the party requesting the subpoena to subpoenaed witnesses in accordance with G.S. 7A-314. However, State officials or employees who are subpoenaed shall not be entitled to any witness fees, but they shall receive their normal salary and they shall not be required to take any annual leave for the witness days. Travel expenses of State officials or employees who are subpoenaed shall be reimbursed as provided in G.S. 138-6.

"§ 150A-40. *Conduct of hearing; presiding officer; ex parte communication.*—(a) Hearings shall be conducted in a fair and impartial manner. At the hearing, the agency and the parties shall be given an opportunity to present evidence on issues of fact, examine and cross-examine witnesses, including the author of a document prepared by, on behalf of or for the use of the agency and offered into evidence, submit rebuttal evidence, and present arguments on issues of law or policy.

If a party fails to appear in a contested case after he has been given proper notice, the agency may continue the hearing or proceed with the hearing and make its decision in the absence of the party.

(b) Except as provided under subsection (e) of this section, hearings under this Article shall be conducted by a majority of the agency. An agency shall designate one or more of its members to preside at the hearing. If a party files in good faith a timely and sufficient affidavit of the personal bias or other reason for disqualification of any member of the agency, the agency shall determine the matter as a part of the record in the case, and its determination shall be subject to judicial review at the conclusion of the proceeding. If a presiding officer is disqualified or it is impracticable for him to continue the hearing, another presiding officer shall be assigned to continue with the case, except that if assignment of a new presiding officer will cause substantial prejudice to any party, a new hearing shall be held or the case dismissed without prejudice.

(c) The presiding officer may:

(1) Administer oaths and affirmations;

(2) Sign and issue subpoenas in the name of the agency, requiring attendance and giving of testimony by witnesses and the production of books, papers, and other documentary evidence;

(3) Provide for the taking of testimony by deposition;

(4) Regulate the course of the hearings, set the time and place for continued hearings, and fix the time for filing of briefs and other documents;

(5) Direct the parties to appear and confer to consider simplification of the issues by consent of the parties; and

(6) Apply to any judge of the superior court resident in the district or presiding at a term of court in the county where a hearing is pending for an order to show cause why any person should not be held in contempt of the agency and its processes, and the court shall have the power to impose punishment as for contempt for

acts which would constitute direct or indirect contempt if the acts occurred in an action pending in superior court.

(d) Unless required for dispositon of an *ex parte* matter authorized by law, a member of an agency assigned to make a decision or to make findings of fact and conclusions of law in a contested case under this Article shall not communicate, directly or indirectly, in connection with any issue of fact or question of law, with any person or party or his representative, except on notice and opportunity for all parties to participate. This prohibition begins at the time of the notice of hearing. An agency member may communicate with other members of the agency and may have the aid and advice of the agency staff other than the staff which has been or is engaged in investigating or prosecuting functions in connection with the case under consideration or a factually related case. This section does not apply to an agency employee or party representative with professional training in accounting, actuarial science, economics or financial analysis insofar as the case involves financial practices or conditions.

(e) When a majority of an agency is unable or elects not to hear a contested case, the agency shall apply to the chief hearing officer of the Office of Administrative Hearings for the designation of a hearing officer to preside at the hearing of a contested case under this Article. Upon receipt of the application, the chief hearing officer shall, without undue delay, assign a hearing officer to hear the case.

The provisions of this Article, rather than the provisions of Article 3, shall govern a contested case in which the agency requests a hearing officer from the Office of Administrative Hearings.

The hearing officer assigned to hear a contested case under this Article shall sit in place of the agency and shall have the authority of the presiding officer in a contested case under this Article. The hearing officer shall make a proposal for decision, which shall contain proposed findings of fact and proposed conclusions of law.

A hearing officer shall stay any contested case under this Article on motion of an agency which is a party to the contested case, if the agency shows by supporting affidavits that it is engaged in other litigation or administrative proceedings, by whatever name called, with or before a federal agency, and this other litigation or administrative proceedings will determine the position, in whole or in part, of the agency in the contested case. At the conclusion of the other litigation or administrative proceedings, the contested case shall proceed and be determined as expeditiously as possible.

The agency may make its final decision only after the hearing officer's proposal for decision is served on the parties, and an opportunity is given to each party to file exceptions and proposed findings of fact and to present oral and written arguments to the agency.

"§ 150A-41. *Evidence; stipulations; official notice.*—(a) In all contested cases, irrelevant, immaterial, and unduly repetitious evidence shall be excluded. Except as otherwise provided, the rules of evidence as applied in the trial division of the General Court of Justice shall be followed; but, when evidence is not reasonably available under such rules to show relevant facts, they may be shown by the most reliable and substantial

evidence available. It shall not be necessary for a party or his attorney to object to evidence at the hearing in order to preserve the right to object to its consideration by the agency in reaching its decision, or by the court of judicial review.

(b) Evidence in a contested case, including records and documents shall be offered and made a part of the record. Other factual information or evidence shall not be considered in determination of the case, except as permitted under G.S. 150A-30. Documentary evidence may be received in the form of a copy or excerpt or may be incorporated by reference, if the materials so incorporated are available for examination by the parties. Upon timely request, a party shall be given an opportunity to compare the copy with the original if available.

(c) The parties in a contested case under this Article by a stipulation in writing filed with the agency may agree upon any fact involved in the controversy, which stipulation shall be used as evidence at the hearing and be binding on the parties thereto. Parties should agree upon facts when practicable. Except as otherwise provided by law, disposition may be made of a contested case by stipulation, agreed settlement, consent order, waiver, default, or other method agreed upon by the parties.

(d) Official notice may be taken of all facts of which judicial notice may be taken and of other facts within the specialized knowledge of the agency. The noticed fact and its source shall be stated and made known to affected parties at the earliest practicable time, and any party shall on timely request be afforded an opportunity to dispute the noticed fact through submission of evidence and argument. An agency may use its experience, technical competence, and specialized knowledge in the evaluation of evidence presented to it.

"§ 150A-42. *Final agency decision; official record.*—(a) After compliance with the provisions of G.S. 150A-40(e), if applicable, and review of the official record, as defined in subsection (b) of this section, an agency shall make a written final decision or order in a contested case. The decision or order shall include findings of fact and conclusions of law. Findings of fact shall be based exclusively on the evidence and on matters officially noticed. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts supporting them. A decision or order shall not be made except upon consideration of the record as a whole or such portion thereof as may be cited by any party to the proceeding and shall be supported by substantial evidence admissible under G.S. 150A-41. A copy of the decision or order shall be served upon each party personally or by certified mail addressed to the party at the latest address given by the party to the agency and a copy shall be furnished to his attorney of record.

(b) An agency shall prepare an official record of a hearing that shall include:

(1) Notices, pleadings, motions, and intermediate rulings;
(2) Questions and offers of proof, objections, and rulings thereon;
(3) Evidence presented;
(4) Matters officially noticed, except matters so obvious that a statement of them would serve no useful purpose;
(5) Proposed findings and exceptions; and

(6) Any decision, opinion, order, or report by the officer presiding at the hearing and by the agency.

(c) Proceedings at which oral evidence is presented shall be recorded, but need not be transcribed unless requested by a party. Each party shall bear the cost of the transcript or part thereof or copy of said transcript or part thereof which said party requests.

"Article 4.
"Judicial Review.

"§ 150A-43. *Right to judicial review.*—Any person who is aggrieved by the final decision in a contested case, and who has exhausted all administrative remedies made available to him by statute or agency rule, is entitled to judicial review of the decision under this Article, unless adequate procedure for judicial review is provided by another statute, in which case the review shall be under such other statute. Nothing in this Chapter shall prevent any person from invoking any judicial remedy available to him under the law to test the validity of any administrative action not made reviewable under this Article.

"§ 150A-44. *Right to judicial intervention when decision unreasonably delayed.*—Unreasonable delay on the part of any agency or hearing officer in taking any required action shall be justification for any person whose rights, duties, or privileges are adversely affected by such delay to seek a court order compelling action by the agency or hearing officer.

"§ 150A-45. *Manner of seeking review; time for filing petition; waiver.*—In order to obtain judicial review of a final decision under this Chapter, the party seeking review must file a petition in the Superior Court of Wake County or in the superior court of the county where the petitioner resides. The petition may be filed at any time after final decision but must be filed not later than 30 days after a written copy of the decision is served upon the party seeking the review by personal service or by certified mail. Failure to file a petition within the time stated shall operate as a waiver of the right of such party to review under this Chapter, except that, for good cause shown, a judge of the superior court resident in the district or holding court in the county where venue is proper may issue an order permitting a review of the agency decision under this Chapter notwithstanding such waiver.

"§ 150A-46. *Contents of petition; copies served on all parties; intervention.*—The petition shall explicitly state what exceptions are taken to the decision or procedure and what relief the petitioner seeks. Within 10 days after the petition is filed with the court, the party seeking the review shall serve copies of the petition by personal service or by certified mail upon all who were parties of record to the administrative proceedings. Names and addresses of such parties shall be furnished to the petitioner by the agency upon request. Any party to the administrative proceeding may become a party to the review proceedings by notifying the court within 10 days after receipt of the copy of the petition.

Any person aggrieved may petition to become a party by filing a motion to intervene as provided in G.S. 1A-1, Rule 24.

"§ 150A-47. *Records filed with clerk of superior court; contents of records; costs.*—Within 30 days after receipt of the copy of the petition for

review, or within such additional time as the court may allow, the agency shall transmit to the reviewing court the original or a certified copy of the official record of the hearing in the contested case under review. With the permission of the court, the record may be shortened by stipulation of all parties to the review proceedings. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for such additional costs as may be occasioned by the refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

"§ 150A-48. *Stay of decision.*—At any time before or during the review proceeding, the person aggrieved may apply to the reviewing court for an order staying the operation of the administrative decision pending the outcome of the review. The court may grant or deny the stay in its discretion upon such terms as it deems proper and subject to the provisions of G.S. 1A-1, Rule 65.

"§ 150A-49. *New evidence.*—In a review proceeding under this Article, any party may present evidence not contained in the record that is not repetitive.

"§ 150A-50. *Review by court without jury.*—The review of agency decisions under this Chapter shall be conducted by the court without a jury.

"§ 150A-51. *Scope of review; power of court in disposing of case.*—Based on the record and the evidence presented to the court, the court may affirm, reverse, or modify the decision or remand the case to the agency for further proceedings.

"§ 150A-52. *Appeal to appellate division; obtaining stay of court's decision.*—Any party to the review proceedings, including the agency, may appeal to the appellate division from the final judgment of the superior court under rules of procedure applicable in other civil cases. The appealing party may apply to the superior court for a stay of its final determination, or a stay of the administrative decision, whichever shall be appropriate, pending the outcome of the appeal to the appellate division.

"Article 5.
"Publication of Administrative Rules.

"§ 150A-58. *Short title.*—This Article may be cited as 'The Registration of State Administrative Rules Act'.

"§ 150A-59. *Filing of rules and executive orders.*—(a) Rules adopted by an agency and executive orders of the Governor shall be filed with the chief hearing officer of the Office of Administrative Hearings. No rule, except temporary rules adopted under the provisions of G.S. 150A-13 or curative rules adopted pursuant to G.S. 143B-29.2(d), shall become effective earlier than the first day of the second calendar month after that filing.

(b) The acceptance for filing of a rule by the chief hearing officer, by his notation on its face, shall constitute *prima facie* evidence of compliance with this Article.

(c) Rules adopted by an agency subject to the provisions of Article 2 of this Chapter in effect on January 1, 1986, that conflict with or violate the provisions of G.S. 150A-9(c) are repealed. Rules adopted by an agency

subject to the provisions of Article 2 of this Chapter in effect on January 1, 1986, that do not conflict with or violate the provisions of G.S. 150A-9(c) shall remain in effect until June 30, 1986. These rules are repealed effective July 1, 1986, unless approved by the General Assembly on or before June 30, 1986. The approval of rules by the General Assembly shall not be deemed to enact the approved rules or to prohibit their subsequent amendment, repeal or recodification under the provisions of this Chapter. Rules adopted on or after January 1, 1986, shall become effective as provided in this Chapter.

"§ 150A-60. *Form of rules; responsibilities of agencies; assistance to agencies.*—(a) In order to be acceptable for filing, the rule must:

(1) Cite the statute or other authority pursuant to which the rule is adopted;
(2) Bear a certification by the agency of its adoption;
(3) Cite any prior rule or rules of the agency or its predecessor in authority which it rescinds, amends, supersedes, or supplements;
(4) Be in the physical form specified by the chief hearing officer of the Office of Administrative Hearings; and
(5) Bear a notation by the Governor that the rule has been submitted in accordance with G.S. 143A-55.3(c). This subdivision does not apply to rules adopted by the Industrial Commission, or by the Utilities Commission, or to rules adopted by the Department of Transportation relating to traffic sign ordinances or road and bridge weight limits.

(b) Each agency shall designate one or more administrative procedure coordinators whose duties shall be to oversee all departmental functions required by this Chapter. The coordinator's duties shall include providing notice of public hearings; serving as liaison between the agency and the Office of Administrative Hearings, the Administrative Rules Review Commission and the public; and coordinating access to agency rules.

(c) The chief hearing officer of the Office of Administrative Hearings shall:

(1) Maintain an agency rule-drafting section in the Office of Administrative Hearings to draft or aid in the drafting of rules or amendments to rules for any agency; and
(2) Prepare and publish an agency rule-drafting guide which sets out the form and method for drafting rules and amendments to rules, and to which all rules shall comply.

"§ 150A-61. *Authority to revise form.*—(a) The chief hearing officer of the Office of Administrative Hearings shall have the authority, following acceptance of a rule for filing, to revise the form of the rule as follows:

(1) To rearrange the order of rules, Chapters, Subchapters, Articles, sections, paragraphs, and other divisions or subdivisions;
(2) To provide or revise titles or catch lines;
(3) To reletter or renumber the rules and various subdivisions in accordance with a uniform system;
(4) To rearrange definitions and lists; and
(5) To make other changes in arrangement or in form that do not alter the substance of the rule and that are necessary or desirable for an accurate, clear, and orderly arrangement of the rules.

Revision of form by the chief hearing officer shall not alter the effective date of a rule, nor shall revision require the agency to readopt or to refile the rule. No later than the close of the fifth working day after the filing of a rule by an agency, the chief hearing officer shall return to the agency that filed the rule a copy of the rule in any revised form made by the chief hearing officer, together with his certification of the date of the rule's filing.

The rule so revised as to form shall be substituted for and shall bear the date of the rule originally filed, and shall be the official rule of the agency.

(b) In determining the drafting form of rules the chief hearing officer shall:

(1) Minimize duplication of statutory language;

(2) Not permit incorporations into the rules by reference to publications or other documents which are not conveniently available to the public; and

(3) To the extent practicable, use plain language in rules and avoid technical language.

"§ 150A-62. *Public inspection and notification of current and replaced rules.*.—(a) Immediately upon notation of a filing as specified in G.S. 150A-59(b), the chief hearing officer of the Office of Administrative Hearings shall make the rule available for public inspection during regular office hours. Superseded, amended, revised, and rescinded rules filed in accordance with the provisions of this Article shall remain available for public inspection. The current and the prior rules so filed shall be separately arranged in compliance with the provisions of G.S. 150A-61(a).

(b) The chief hearing officer shall make copies of current and prior rules, filed in accordance with the provisions of this Article, available to the public at a cost to be determined by him.

(c) Within 50 days of the acceptance by the chief hearing officer of a rule for filing, the agency filing the rule:

(1) Shall publish the rule as prescribed in any applicable statute; and

(2) May distribute the rule in a manner selected by the agency as best calculated to give notice to persons likely to be affected by the rule.

The rule so published or distributed shall contain the legend: 'The form of this rule may be revised by the chief hearing officer pursuant to the provisions of G.S. 150A-61.'

"§ 150A-63. *Publication of executive orders and rules; the North Carolina Register.*—(a) The chief hearing officer of the Office of Administrative Hearings shall compile, index and publish executive orders of the Governor and all rules filed and effective pursuant to the provisions of this Article.

(b) As nearly as practicable the compilation shall, in classification, arrangement, numbering, and indexing, conform to the organization of the General Statutes.

(c) If the chief hearing officer determines that publication of any rule would be impracticable, he shall substitute a summary with specific reference to the official rule on file in his office.

(d) As soon as practicable after July 1, 1985, the chief hearing officer shall publish, in print or other form, a compilation of all rules in force pursuant to the provisions of this Article. Cumulative supplements shall be published annually or more frequently in the discretion of the chief hearing officer. Recompilations shall be made in the chief hearing officer's discretion.

(d1) The chief hearing officer shall also publish at periodic intervals, but not less often than once each month, the North Carolina Register which shall contain information relating to agency, executive, legislative or judicial actions that are performed under the authority of, or are required by, or are issued to interpret, or that otherwise affect, this Chapter.

(d2) In publishing proposed amendments to rules, the chief hearing officer shall show the portion of the rule being amended as it is to the degree necessary to provide adequate notice of the nature of the proposed amendment, with changes shown by striking through portions to be deleted and underlining portions to be added.

(e) Reference copies of the compilation, supplements, and recompilations of the rules, and the North Carolina Register shall be distributed by the chief hearing officer as soon after publication as practicable, without charge, to the following officials and departments:

(1) One copy to each county of the State, which copy may be maintained for public inspection in the county in a place determined by the county commissioners; one copy each to the clerk of the Supreme Court of North Carolina and the clerk of the North Carolina Court of Appeals; one copy each to the libraries of the Supreme Court of North Carolina and the North Carolina Court of Appeals; one copy to the office of the Governor; and five copies to the Legislative Services Commission for the use of the General Assembly;

(2) One copy to each State official and department to which copies of the appellate division reports are furnished under G.S. 7A-343.1;

(3) Five copies to the Division of State Library of the Department of Cultural Resources, pursuant to G.S. 147-50.1; and

(4) One copy of the North Carolina Register to each member of the General Assembly.

(f) The chief hearing officer shall make available copies of the compilation, supplements and recomputations of the rules and the North Carolina Register to other persons at a price determined by him to cover publication and mailing costs. All monies received by the Office of Administrative Hearings pursuant to this section from the sale of copies of said publications shall be deposited in the State treasury in a special funds account to be held in trust for the Office of Administrative Hearings to defray the expense of future recompilation, publication, and distribution of such documents. All monies involved shall be subject to audit by the State Auditor.

(g) Notwithstanding any other provision of law, the Employment Security Commission shall, within 15 days of adoption, file all rules adopted by it with the chief hearing officer for public inspection and

publication purposes only. The chief hearing officer shall compile, make available for inspection, and publish the rules filed under this subsection in the same manner as is provided for other rules.

"§ 150A-63.1. *Administrative Rules Review Commission reports.*—The chief hearing officer of the Office of Administrative Hearings shall retain any reports of the Administrative Rules Review Commission's objection to a rule. He shall append to any compilation, publication, or summation of that rule a notation that it has been objected to pursuant to G.S. 143A-55.3 or 143A-55.4 and, where applicable, that the objection has been removed.

"§ 150A-64. *Judicial and official notice.*—Judicial or official notice shall be taken of any rule effective under this Article."

Sec. 2. Chapter 7A of the General Statutes is amended by adding a new Subchapter XII to read:

"Subchapter XII Administrative Hearings.
"Article 60.
"Office of Administrative Hearings.

"§ 7A-750. *Creation; status; purpose.*—There is created an Office of Administrative Hearings. The Office of Administrative Hearings is an independent, quasi-judicial agency under Article III, Section 11 of the Constitution and, in accordance with Article IV, Section 3 of the Constitution, has such judicial powers as may be reasonably necessary as an incident to the accomplishment of the purposes for which it is created. The Office of Administrative Hearings is established to provide a source of independent hearing officers to preside in administrative cases and thereby prevent the commingling of legislative, executive, and judicial functions in the administrative process. It shall also maintain dockets and records of contested cases and shall codify and publish all administrative rules.

"§ 7A-751. *Director; powers and duties.*—The head of the Office of Administrative Hearings is the Director. He shall serve as the chief hearing officer of the Office of Administrative Hearings and shall have the powers and duties conferred on him by this Chapter and the Constitution and laws of this State.

The Office of Administrative Hearings is designated the official deferral agency under Section 706 of the Civil Rights Act of 1964, as amended, for all charges filed on a timely basis with the Equal Employment Opportunity Commission by any State or local government employee covered under Chapter 126 of the General Statutes. The Office of Administrative Hearings may contract with the Equal Employment Opportunity Commission to become a 706 deferral agency and may conduct necessary investigations and informal hearings or fact-finding proceedings. The Office of Administrative Hearings may prepare investigation reports with the findings, conclusions, and determinations of probable cause that a 706 deferral agency is required to make and may take other actions required for it to function as a 706 deferral agency for State and local employees covered under Chapter 126 of the General Statutes. Proceedings conducted by the Office of Administrative Hearings

as a 706 deferral agency are not contested cases as defined in G.S. 150A-2(2).

"§ 7A-752. *Director; appointments; vacancy.*—The Director of the Office of Administrative Hearings shall be appointed by the Chief Justice for a term of office of four years. The first chief hearing officer shall be appointed as soon as practicable for a term to begin on the day of his appointment and to end on June 30, 1989. Successors to the first chief hearing officer shall be appointed for a term to begin on July 1 of the year the preceding term ends and to end on June 30 four years later. A chief hearing officer may continue to serve beyond his term until his successor is duly appointed and sworn, but any holdover shall not affect the expiration date of the succeeding term.

If the Director is absent or unable to serve temporarily for any reason, the senior hearing officer present may perform the duties of Director and chief hearing officer. Seniority among hearing officers shall be determined by length of service as hearing officer, date of admission to practice law in the General Court of Justice, and age, in that order.

"§ 7A-753. *Additional hearing officers; appointment; specialization.*—The Director shall appoint five additional hearing officers to serve in the Office of Administrative Hearings.

The Director may, with the approval of the Chief Justice, designate certain hearing officers as having the experience and expertise to preside at specific types of contested cases and assign only these designated hearing officers to preside at those cases.

"§ 7A-754. *Qualifications; standards of conduct; removal.*—Only persons duly authorized to practice law in the General Court of Justice shall be eligible for appointment as the Director and chief hearing officer or as a hearing officer in the Office of Administrative Hearings. Neither the chief hearing officer nor any hearing officer may engage in the private practice of law as defined in G.S. 84-2.1 while in office; violation of this provision shall be grounds for removal. Each hearing officer shall take the oaths required by Chapter 11 of the General Statutes. A hearing officer may be removed from office by the Director of the Office of Administrative Hearings for just cause, as that term is used in G.S. 126-35.

"§ 7A-755. *Expenses reimbursed.*—The Director of the Office of Administrative Hearings and all hearing officers shall be reimbursed for travel and subsistence expenses at the rates allowed to State officers and employees by G.S. 138-6(a).

"§ 7A-756. *Power to administer oaths and issue subpoenas.*—The chief hearing officer and all hearing officers in the Office of Administrative Hearings may, in connection with any pending or potential contested case under Chapter 150A:

(1) Administer oaths and affirmations;
(2) Sign and issue subpoenas in the name of the Office of Administrative Hearings requiring attendance and giving of testimony by witnesses and the production of books, papers, and other documentary evidence; and
(3) Apply to the General Court of Justice, Superior Court Division, for any order necessary to enforce the powers conferred in this Article.

"§ 7A-757. *Temporary hearing officers; appointments; powers and standards; fees.*—When regularly appointed hearing officers are unavailable, the Director of the Office of Administrative Hearings may contract with qualified individuals to serve as hearing officers for specific assignments. A temporary hearing officer shall have the same powers and adhere to the same standards as a regular hearing officer in the conduct of a hearing. These temporary hearing officers shall not be employees of the State but shall be remunerated for their service at a rate not to exceed three hundred dollars ($300.00) per day and shall be reimbursed for travel and subsistence expenses at the rate allowed to State officers and employees by G.S. 138-6(a).

"§ 7A-758. *Availability of hearing officer to exempt agencies.*—The Director of the Office of Administrative Hearings may, upon request of the head of the agency, provide a hearing officer to preside at hearings of public bodies not otherwise authorized or required by statute to utilize a hearing officer from the Office of Administrative Hearings including, but not limited to, State agencies exempt from the provisions of Chapter 150A, municipal corporations or other subdivisions of the State, and agencies of such subdivisions."

Sec. 3. Members of the Commission who are officers or employees of the State shall receive reimbursement for travel and subsistence at the rate set out in G.S. 138-6.

A quorum of the Commission shall consist of five members of the Commission.

"§ 143A-55.3. *Review of rules.*—(a) As used in this Article:

'Agency' means an agency subject to the provisions of Article 2 of Chapter 150A of the General Statutes.

'Contested case' has the same meaning as is set out in G.S. 150A-2(2).

'Rule' has the same meaning as is set out in G.S. 150A-2(8a).

(b) Rules adopted by an agency to be effective on or after July 1, 1985, shall be filed in the Office of the Governor prior to the filing made with the chief hearing officer of the Office of Administrative Hearings pursuant to G.S. 150A-59.

(c) After a rule is filed with the Governor, he shall submit it to the Commission which shall determine whether the rule:

(1) Is within the statutory authority of the agency;

(2) Is clear and unambiguous to persons it is intended to direct, guide, or assist;

(3) Is reasonably necessary to enable the administrative agency to perform a function assigned to it by statute or to enable or facilitate the implementation of a program or policy in aid of which the rule was adopted.

The Commission shall review a rule submitted to it by the Governor not later than the last day of the first calendar month following the filing of the rule with the Governor. The Commission, by a majority vote of the members present and voting, may extend the time for review of a rule by 60 days to obtain additional information on a rule. The Commission shall file notice of the extension of time for review of a rule with the agency and the chief hearing officer of the Office of Administrative Hearings. Upon that filing, the effectiveness of the rule is delayed for a 60-day period.

(d) If the Commission finds that an agency did not act within its statutory authority in promulgating a rule or a part of a rule, or that a rule is not clear and unambiguous, or that a rule is unnecessary, the Commission shall object and delay the effectiveness of the rule or part of the rule. The Commission shall transmit to the agency, the Governor, the President of the Senate, the Speaker of the House of Representatives, the chief hearing officer of the Office of Administrative Hearings and the Attorney General a written report of the objection and delay of the rule

or its part and the reasons for the delay. The delay of the effectiveness of the rule or its part is effective when the chief hearing officer of the Office of Administrative Hearings receives the written report transmitted by the Commission. A rule or its part that is delayed is not 'effective', as defined by G.S. 150A-2(2a).

(e) Within 30 days after receipt of the Commission's written report, the agency shall either (1) revise a rule to remove the cause of the objections of the Commission and return the revised rule to the Commission or (2) return the rule to the Commission without change with the Commission's objections attached.

(f) While the effectiveness of a rule or its part is delayed, the agency that has promulgated it may not adopt another rule that has substantially identical provisions to those for which the Commission delayed the effectiveness of the original rule or part of a rule.

(g) The filing of an amendment to a rule places the entire rule before the Commission for its review.

(h) If an agency does not amend or repeal a delayed rule to cure the defects cited as reasons for the Commission's objection and delay, the Commission shall disallow the rule. The Commission shall transmit to the agency, the Governor, the President of the Senate, the Speaker of the House of Representatives, and the chief hearing officer of the Office of Administrative Hearings the written report of the disallowance of the rule. A rule that is disallowed is not 'effective', as defined by G.S. 150A-2(2a).

"§ 143A-55.4. *Temporary rules.*—Rules adopted in accordance with the procedures in G.S. 150A-13 shall be reviewed by the Commission and are subject to objection as provided in G.S. 143A-55.3. The Commission shall review the reasons given for the adoption of a temporary rule and may disallow the rule due to the agency's failure to make the finding required by G.S. 150A-13.

"§ 143A-55.5. *Hearings.*—(a) Notwithstanding the time limitation on review of rules contained in G.S. 143A-55.3, the chairman of the Commission may at any time call a public hearing before the Commission on any rule or part of a rule upon the recommendation of the Commission or upon motion of any member of the Commission. Within 60 days after the public hearing, the Commission may find that the agency did not act within its statutory authority in promulgating the rule, or that the rule is not clear and unambiguous or that the rule is unnecessary, and object to the rule in accordance with G.S. 143A-55.3.

(b) At least 15 days before the hearing, notice of the hearing shall be given to the rule-making agency and to such other persons that desire to be heard, that the chairman of the Commission considers to be persons that may be affected by the rule or that may request copies of the notice.

"§ 143A-55.6. *Failure to object and delay; inadmissibility into evidence.*—(a) The failure of the Commission to object to and delay the effectiveness of a rule or its part shall not be deemed to be approval of the statutory authority of the rule or its part by the Commission.

(b) Evidence of the Commission's failure to object to and delay the effectiveness of a rule or its part shall be inadmissible in all civil or

criminal trials or other proceedings before courts, administrative agencies or other tribunals."

UNC CHAIR ENDOWMENT

Sec. 202. Chapter 116 of the General Statutes is amended by adding six new sections to read:

"§ 116-36.5. *Distinguished Professors Endowment Trust Fund; purpose.*—The General Assembly of North Carolina recognizes that the public university system would be greatly strengthened by the addition of distinguished scholars. It further recognizes that private as well as State support is preferred in helping to obtain distinguished scholars for the State universities and that private support will help strengthen the commitment of citizens and organizations in promoting excellence throughout all State universities. It is the intent of the General Assembly to establish a trust fund to provide the opportunity to each State university to receive and match challenge grants to create endowments for selected distinguished professors to occupy chairs within the university. The associated foundations that serve the universities shall solicit and receive gifts from private sources to provide for matching funds to the trust fund challenge grants for the establishment of endowments for chairs within universities.

"§ 116-36.6. *Distinguished Professors Endowment Trust Fund; establishment; maintenance.*—There is established a Distinguished Professors Endowment Trust Fund to be maintained by the Board to provide challenge grants to the constitutent institutions. All appropriated funds deposited into the trust fund shall be invested pursuant to G.S. 116-36. Interest income accruing to that portion of the trust fund not matched shall increase the total funds available for challenge grants.

"§ 116-36.7. *Distinguished Professors Endowment Trust Fund; allocation; administration.*—The amount appropriated to the trust shall be allocated by the Board as follows:

(1) On the basis of one three hundred thirty-four thousand dollar ($334,000) challenge grant for each six hundred sixty-six thousand dollars ($666,000) raised from private sources; or

(2) On the basis of one one hundred sixty-seven thousand dollar ($167,000) challenge grant for each three hundred thirty-three thousand dollars ($333,000) raised from private sources.

If an institution chooses to pursue the use of the allocated challenge grant funds described in either subdivision (1) or subdivision (2) of this section, the funds shall be matched on a two-to-one basis. Matching funds shall come from contributions made after July 1, 1985, and pledged for the purposes specified by G.S. 116-36.6. Each participating constituent institution's board of trustees shall establish its own Distinguished Professors Endowment Trust Fund, and shall maintain it pursuant to the provision of G.S. 116-36 to function as a depository for private contributions and for the State matching funds for the challenge grants. The State matching funds shall be transferred to the constituent institution's Endowment Fund upon notification that the institution has received and deposited the appropriate amount required by this section in its own Distinguished Professors Endowment Trust Fund. Only the net income from that account shall be expended in support of the distinguished professorship thereby created.

"§ 116-36.8. *Contribution commitments.*—Contributions may also be eligible for matching if there is:

(1) A commitment to make a donation of at least six hundred sixty-six thousand dollars ($666,000), as prescribed by G.S. 143-31.4, and an initial payment of one hundred eleven thousand dollars ($111,000) to receive a grant described in G.S. 116-36.7(1); or

(2) A commitment to make a donation of at least three hundred thirty-three thousand dollars ($333,000), as prescribed by G.S. 143-31.4, and an initial payment of fifty-five thousand five hundred dollars ($55,500) to receive a grant described in G.S. 116-36.7(2);

and if the initial payment is accompanied by a written pledge to provide the balance within five years after the date of the initial payment. Each payment on the balance shall be no less than the amount of the initial payment and shall be made on or before the anniversary date of the initial payment. Pledged contributions may not be matched prior to the actual collection of the total funds. Once the income from the institution's Distinguished Professors Endowment Trust Fund can be effectively used pursuant to G.S. 116-36.9, the institution shall proceed to implement plans for establishing an endowed chair.

"§ 116-36.9. *Distinguished Professors Endowment Trust Fund; establishment of chairs.*—When the sum of the challenge grant and matching funds in the Scholars' Endowment Trust Fund reaches:

(1) One million dollars ($1,000,000), if the sum of funds described in G.S. 116-36.7(1); or

(2) Five hundred thousand dollars ($500,000), if the sum of funds described in G.S. 116-36.7(2);

the board of trustees may recommend to the Board, for its approval, the establishment of an endowed chair or chairs. The Board, in considering whether to approve the recommendation, shall include in its consideration the programs already existing in The University of North Carolina. If the Board approves the recommendation, the chair or chairs shall be established. The chair or chairs, the property of the constituent institution,

may be named in honor of a donor, benefactor, or honoree of the institution, at the option of the board of trustees.

"§ 116-36.10. *Selection of Distinguished Professors.*—Each constituent institution that receives, through private gifts and an allocation by the Board of Governors, funds for the purpose shall, under procedures established by rules of the Board of Governors and the board of trustees of the constituent institution, select a holder of the Distinguished Professorship. Once given, that designation shall be retained by the distinguished professor as long as he remains in the full-time service of the institution. When a distinguished professorship becomes vacant, it shall remain assigned to the institution and another distinguished professor shall be selected under procedures established by rules of the Board of Governors and the board of trustees of the constituent institution.

(b) The Board of Governors of The University of North Carolina shall promulgate rules to implement this section.

The Legislative Services Office shall:

(1) assist county boards of elections in identifying the precincts with those nonconforming boundaries;

(2) place those boundaries on maps deemed appropriate by the State Board;

(4) request the U.S. Census Bureau to hold for census block identification in the 1990 U.S. Census all other major physical features already on U.S. Census Bureau maps.

"§ 163-132.2. *Establishment of precinct boundaries for 1990 Census.*—(a) The Legislative Services Office as soon as it receives the U.S. Census Bureau's official census block maps to be used in the 1990 U.S. Census shall send the relevant copies of those maps to county boards of elections. After receiving copies of those maps, the county boards of election shall:

(1) Alter, where necessary, precinct boundaries to be coterminous with township boundaries, municipal boundaries, census block boundaries, or a combination of those boundaries provided that if, as a result of the alteration, the polling place is no longer in the precinct, it may continue to be the polling place as long as the lot or tract on which the polling place is situated adjoins the precinct;

(3) File, within 60 days of the date the maps are sent by the Legislative Services Office or at an earlier time deemed necessary by the State Board of Elections, with the State Board and the Legislative Services Office the maps identifying the precinct boundaries and a written description of those boundaries deemed sufficient by the State Board to identify the precincts.

If the State Board determines that all precinct boundaries are coterminous with current township boundaries, current municipal boundaries, census block boundaries, or a combination of those boundaries, the State Board shall approve the maps and written descriptions as filed and these precincts shall be the official precincts.

(c) If the State Board does not find that the filed precinct boundaries are coterminous with the current township boundaries, current municipal boundaries, census block boundaries, or a combination of those boundaries, the State Board shall not approve those precinct boundaries but shall alter the precinct boundaries to be coterminous with the census block boundaries, municipal boundaries or township boundaries nearest to those existing precinct boundaries and these altered precincts with their written descriptions prepared by the State Board shall then be the official precincts.

These changes shall be reported by the county board of elections to the State Board by filing the relevant

(f) The State Board of Elections shall request that the U.S. Census Bureau provide summaries of census data by precinct.

"§ 163-132.3. *Alterations to precinct boundaries after January 1, 1990.*—For any alteration made to precinct boundaries after January 1, 1990, the county boards of elections shall establish the new boundaries to be coterminous with those of townships, municipalities, the census blocks established under the latest U.S. Census, or a combination of these boundaries. The county boards of elections shall report precinct boundary changes by filing with the State Board on current official census maps the new boundaries of these precincts and their written descriptions deemed sufficient by the State Board to identify these precincts. No newly created or altered precinct boundary occurring after January 1, 1990, is effective until approved by the State Board as being coterminous with the boundaries of townships, municipalities, census blocks established by the then latest U. S. Census, or a combination of those boundaries.

"§ 163-132.4. *Rules.*—The State Board of Elections may promulgate rules concerning its duties and those of the county boards of elections under this Article other than under G.S. 163-132.1. The Legislative Services Commission may promulgate rules concerning G.S. 163-132.1.

a. 'Board of Trustees' means the Board of Trustees of the North Carolina School of Science and Mathematics.

b. 'Campus' means that School property, without regard to location, which is used wholly or partly for the purposes of the North Carolina School of Science and Mathematics.

c. 'School property' means property owned or leased in whole or in part by the State of North Carolina and which is subject to the general management and control of the Board of Trustees of the North Carolina School of Science and Mathematics.

(2) Except as otherwise provided in this subsection, all of the provisions of Chapter 20 of the General Statutes relating to the use of highways of the State and the operation of motor vehicles thereon are applicable to all streets, alleys, driveways, parking lots, and parking structure on School property. Nothing in this subsection modifies any rights of ownership or control of School property, now or hereafter vested in the Board of Trustees or the State of North Carolina.

(3) The Board of Trustees may by ordinance prohibit, regulate, divert, control, and limit pedestrian or vehicular traffic and the parking of motor vehicles and other modes of conveyance on the campus. In fixing speed limits, the Board of Trustees is not subject to G.S. 20-141(f1) or (g2), but may fix any speed limit reasonable and safe under the circumstances as conclusively determined by the Board of Trustees. The Board of Trustees may not regulate traffic on streets open to the public as of right, except as specifically provided in this section.

(4) The Board of Trustees may by ordinance provide for the registration of motor vehicles maintained or operated on the campus by any student, faculty member, or employee of the School, and may fix fees for such registration. (6) The Board of Trustees may by ordinance set aside spaces in designated parking areas or facilities in which motor vehicles may be parked for specified periods of time. To regulate parking in such spaces, the Board of Trustees may install a system of parking meters and make it unlawful for any person to park a motor vehicle in a metered space without activating the meter for the entire time that the vehicle is parked, up to the maximum length of time allowed for that space. The meters may be activated by coins of the United States. The Board of Trustees may also install automatic gates, employ attendants, and use any other device or procedure to control access to and collect the fees for using its parking areas and facilities.

(7) The Board of Trustees may by ordinance provide for the issuance of stickers, decals, permits, or other indicia representing the registration status of vehicles or the eligibility of vehicles to park on the campus and may by ordinance prohibit the forgery, counterfeiting, unauthorized transfer, or unauthorized use of them.

(8) Violation of an ordinance adopted under any portion of this sub section is a misdemeanor punishable by a fine of not more than fifty dollars ($50.00) or imprisonment for not more than 30 days, in the discretion of the court. An ordinance may provide that certain acts prohibited thereby shall not be enforced by criminal sanctions, and in such cases a person committing any such act shall not be guilty of a misdemeanor.

(9) An ordinance adopted under any portion of this subsection may provide that violation subjects the offender to a civil penalty. Penalties may be graduated according to the seriousness of the offense or the number of prior offenses by the person charged. The Board of Trustees may establish procedures for the collection of these penalties and they may be enforced by civil action in the nature of debt. The Board of Trustees may also provide for appropriate administrative sanctions if an offender does not pay a validly due penalty or upon repeated offenses. Appropriate administrative sanctions include, but are not limited to, revocation of parking permits, termination of vehicle registration, and termination or suspension of enrollment in or employment by the School.

(10) An ordinance adopted under any portion of this subsection may provide that any vehicle illegally parked may be removed to a storage area. For purposes of this subdivision, the definitions in G.S. 20-219.9 apply.

The information is to be compiled by a statewide clearinghouse and made available in an aggregate form to interested persons, including medical care providers, payors, medical care consumers, and health care planners to improve the decision-making processes regarding access, identified needs, patterns of medical care, price and use of appropriate medical care services. "Article 66.
"Procedure for Hearing and Disposition of Infractions.

"§ 15A-1111. *General procedure for disposition of infractions.*—The procedure for the disposition of an infraction, as defined in G.S. 14-3.1, is as provided in this Article. If a question of procedure is not governed by this Article, the procedures applicable to the conduct of pretrial and trial proceedings for misdemeanors in district court are applicable unless the procedure is clearly inapplicable to the hearing of an infraction.

"§ 15A-1112. *Venue.*—Venue for the conduct of infraction hearings lies in any county where any act or omission constituting part of the alleged infraction occurred.

"§ 15A-1113. *Prehearing procedure.*—(a) Process. A law enforcement officer may issue a citation for an infraction in accordance with the provisions of G.S. 15A-302. A judicial official may issue a summons for an infraction in accordance with the provisions of G.S. 15A-303.

(b) Detention of person charged. A law enforcement officer who has probable cause to believe a person has committed an infraction may detain the person for a reasonable period in order to issue and serve him a citation.

(c) Appearance bond may be required. A person charged with an infraction may not be required to post an appearance bond if:

(1) he is licensed to drive by a state that subscribes to the nonresident violator compact as defined in Article 1B of Chapter 20 of the General Statutes and the infraction charged is subject to the provisions of that compact; or

(2) he is a resident of North Carolina.

Any other person charged with an infraction may be required to post a bond to secure his appearance and a charging officer may require such a person charged to accompany him to a judicial official's office to allow the official to determine if a bond is necessary to secure the person's court appearance, and if so, what kind of bond is to be used. If the judicial official finds that the person is unable to post a secured bond, he must allow the person to be released on execution of an unsecured bond. The provisions of Article 26 of this Chapter relating to issuance and forfeiture of bail bonds are applicable to bonds required pursuant to this subsection.

(d) Territorial jurisdiction. A law enforcement officer's territorial jurisdiction to charge a person with an infraction is the same as his jurisdiction to arrest specified in G.S. 15A-402.

(e) Use of same process for two offenses. A person may be charged with a criminal offense and an infraction in the same pleading.

"§ 15A-1114. *Hearing procedure for infractions.*—(a) Jurisdiction. Jurisdiction for the adjudication and disposition of infractions is as specified in G.S. 7A-253 and G.S. 7A-271(d).

(c) Infractions heard in civil or criminal session. A district court judge may conduct proceedings relating to traffic infractions in a civil or criminal session of court, unless the infraction is joined with a criminal offense arising out of the same transaction or occurrence. In such a case, the criminal offense and the infraction must be heard at a session in which criminal matters may be heard.

(d) Pleas. A person charged with an infraction may admit or deny responsibility for the infraction. The plea must be made by the person charged in open court, unless he submits a written waiver of appearance which is approved by the presiding judge, or, if authorized by G.S. 7A-146, he waives his right to a hearing and admits responsibility for the infraction in writing and pays the specified penalty and costs.

(e) Duty of district attorney. The district attorney is responsible for ensuring that infractions are calendared and prosecuted efficiently.

(f) Burden of proof. The State must prove beyond a reasonable doubt that the person charged is responsible for the infraction unless the person admits responsibility.

"§ 15A-1115. *Review of disposition by superior court.*—(a) Appeal of district court decision. A person who denies responsibility and is found responsible for an infraction in the district court, within 10 days of the hearing, may appeal the decision to the criminal division of the superior court for a hearing *de novo.* Upon appeal, either party, upon demand in the manner required by G.S. 1A-1, Rule 38, is entitled to have the issue

of responsibility decided by a jury. The State must prove beyond a reasonable doubt that the person charged is responsible for the infraction unless the person admits responsibility. Unless otherwise provided by law, the procedures applicable to misdemeanors disposed of in the superior court apply to those infraction hearings. In the superior court, a prosecutor must represent the State. Appeal from the judgment in the superior court is as provided for other criminal actions in superior court, and the Attorney General must represent the State in an appeal of such actions.

(b) Review of infractions originally disposed of in superior court. If the superior court disposes of an infraction pursuant to its jurisdiction in G.S. 7A-271(d), appeal from that judgment is as provided for criminal actions in the superior court.

"§ 15A-1116. *Enforcement of sanctions.*—(a) Use of contempt or fine collection procedures; notification of DMV. If the person does not comply with a sanction ordered by the court, the court may proceed in accordance with Chapter 5A of the General Statutes. If the person fails to pay a penalty, the court may proceed in accordance with Article 84 of this Chapter. If the infraction is a motor vehicle infraction and the person does not pay the applicable penalty and costs within 30 days of the date specified in the court's judgment, the court must notify the Division of Motor Vehicles of the failure to comply.

(b) No order for arrest. If a person served with a citation for an infraction fails to appear to answer the charge, the court may issue a summons to secure the person's appearance, but an order for arrest may not be used in such cases.

"§ 15A-1117. *Court to report failures to appear.*—The court must report to the Division of Motor Vehicles the name of any person charged with a motor vehicle offense who fails to appear for a scheduled hearing, unless within 20 days after the scheduled hearing, the person either appears in court to answer the charge or disposes of the charge pursuant to the procedure authorized in G.S. 7A-146.

AN ACT TO ESTABLISH THE NORTH CAROLINA CENTER FOR MISSING CHILDREN.

Whereas, the 1984 Governor's Task Force on missing children was convened to study the problem of missing children by evaluating the adequacy of existing laws relating to missing children, by reviewing collections and analyses of data on missing children, by reviewing public and private responses to reports of missing children, and by identifying and developing effective information and education programs on missing children; and

Whereas, the 1984 Governor's Task Force, finding that one-fourth of the State's population is under 18 years of age, made the following recommendations to protect North Carolina's children:

(1) Parents and caretakers should report the disappearance of a child to local law enforcement as soon as it is learned that a child is missing;

(2) Law enforcement agencies should make immediate responses to reports of missing children;

(3) The Police Information Network should immediately be provided with resources to allow it to expand the standard reporting form to obtain necessary information on missing children;

Whereas, the General Assembly recognizes the vital need to continue examining ways to protect all the State's children and to continue and make statutory the North Carolina Center for Missing Children as a vital mechanism to ensure that parents, caretakers, children, and all interested, federal, State, and local private and public agencies, groups, and individuals have a single resource center that will respond to reports of missing children by authorizing various methods to locate a child and collaborate with appropriate State, federal, and local authorities to return

located children to parents, guardians, and legal custodians; Now, therefore,

"§ 87-102. *Notice required prior to excavation.*—(a) Except as provided in G.S. 87-106, before commencing any excavations in highways, public spaces or in private easements of a utility owner, a person planning to excavate shall notify each utility owner having underground utilities located in the proposed area to be excavated, either orally or in writing, not less than two nor more than 10 working days prior to starting, of his intent to excavate.

(b) The written or oral notice required in subsection (a) shall contain:

(1) the name, address, and telephone number of the person filing the notice;
(2) the name, address, and telephone number of the person doing the excavating;
(3) the anticipated starting date of the excavation;
(4) the anticipated duration of the excavation;
(5) the type of excavation to be conducted;
(6) the location of the proposed excavation; and
(7) whether or not explosives will be used.

(c) If the notice required by this section is made by telephone, an adequate record shall be made of the notification by the utility owners or the utility association and the person making the notification, to document compliance with this section.

"§ 87-103. *Effect of permit on liability.*—A permit authorizing excavation operations and issued pursuant to law or ordinance shall not relieve a person of the responsibility of complying with this Article.

"§ 87-104. *Requirements of person doing excavation.*—(a) Except as provided in G.S. 87-106, no person may excavate in a highway, a public space, or a private easement of a utility owner without first having given the notice required in G.S. 87-102 to the utility owners.

(b) In addition to the notification requirements, each person excavating shall:

(1) Plan the excavation to avoid damage and to minimize interference with underground utilities in and near the construction area, to the best of his abilities;

(2) Maintain a clearance between an underground utility and the cutting edge or point of any mechanized equipment, taking into account the known limit of control of that cutting edge or point, as is reasonably required to avoid damage; and

"§ 87-105. *Requirements of the person financially responsible for the excavation.*—The person financially responsible shall provide to the person responsible for doing the excavating, the names of all underground utility owners in the area of the proposed excavation. (d) In the case of an emergency involving danger to life, health, or property requiring immediate correction, or in order to continue the operation of a major industrial plant, or in order to assure the continuity of utility services, excavations immediately required to repair or maintain the needed service may be made, without using explosives, if notice is given to the utility owner or association as soon as is reasonably possible; except that the prohibition against the use of explosives shall not apply to the North Carolina Department of Transportation. Performance of emergency excavation shall not relieve the excavator of liability for damages.

"§ 87-107. *Duties of the utility owners.*—Each utility owner, or his designated representative including an association, notified of an intent to

excavate shall, before the proposed start of excavating (unless another period is agreed to by the person conducting the excavation and the utility owner or their representatives), provide the following information to the person excavating to the extent such information is reflected by records in the possession of and reasonably available to the utility owner:

(1) The location and description of all of the underground utilities which may be damaged as a result of the excavation;

(2) The location and description of all utility markers indicating the location of the underground utilities; and

(3) Any other information that would assist in locating and avoiding damage to the underground utilities, including providing temporary markings when necessary indicating the location of the underground utility in locations where permanent utility markers do not exist.

"§ 87-108. *Absence of utility location.*—Should any utility owner who has been given notice pursuant to G.S. 87-102 fail to respond to that notice as provided in G.S. 87-107, or fail to properly locate the underground utility, then the person excavating is free to proceed with the excavation. Neither the excavator nor the person financially responsible for the excavation will be liable to the nonresponding or improperly responding utility owner for damages to that utility owner's facilities if the person doing the excavating shall exercise due care to protect existing underground utilities when there is evidence of the existence of those underground utilities near the proposed excavation site.

"§ 87-109. *Recording requirements for associations.*—An association shall record with the Register of Deeds of each county in which participating utility owners own or operate underground utilities, a notarized document providing the telephone number and address of the association, a description of the geographical area served by the association, and a list of the names and addresses of the utility owners receiving these services from the association.

"§ 87-110. *Recording requirements for utility owners.*—(a) Each utility owner having underground utilities in North Carolina shall record a notarized document containing the name of the utility owner and the title, address, and telephone number of its representatives designated to receive the written or oral notice of intent to excavate, with the Register of Deeds of each county in which the utility owner owns or operates underground facilities. This document shall be executed by an officer of the utility owner or in the case of a governmental entity, the authorized official.

(b) Any change or modification of the information recorded by a utility owner, pursuant to subsection (a) of this section, shall be made by recording the corrected information with the Register of Deeds of each county to which the change or modification applies, in the manner required by subsection (a) of this section within five days of the change made to the utilities.

(c) For purposes of the recordings required by subsections (a) and (b) of this section, recordings by an association pursuant to G.S. 87-109 shall satisfy the recording requirements for each utility owner who is a member of the association while that utility owner remains a member of the association.

(d) Upon receipt of the documents recorded pursuant to subsections (a), (b), or (c) of this section, the Register of Deeds shall place the documents in the Grantor's Index under the heading 'Underground Utilities'. The registration fee imposed by Chapter 161 of the General Statutes shall apply to these documents.

"§ 87-111. *Recorded information filed with inspection departments.*—A copy of any document or modification or change in the information in that document recorded pursuant to G.S. 87-109 or G.S. 87-110 shall be filed with any county or municipal inspection department having jurisdiction over any area where the underground utilities are located. Such inspection departments shall maintain these filings in alphabetical order in an accessible form.

"§ 87-112. *Color-coding.*—When the location of an underground utility is marked with stakes or by other physical means, pursuant to this Article, the utility owner shall use colored markers following the American Public Works Association Uniform Color Code for Utilities.

"§ 87-113. *Notification required when damage done.*—(a) The person doing an excavation that results in any known damage to an underground utility shall, immediately after the discovery of the damage, notify the utility owner of the location and nature of the damage and shall allow the utility owner reasonable time to repair the damage before completing the excavation in the immediate area of the damaged underground utility.

(b) The person responsible for conducting any excavation that results in damage to an underground utility where the damage may endanger life, health, or property shall, immediately after the discovery of the damage, take action to protect the public and property, notify the utility owner, notify the police or fire departments, and take any other actions to minimize the hazards until the arrival of the utility owner's personnel, the police, or the fire department. The excavator shall delay any backfilling in the immediate area of the damaged underground utility until authorized by the utility owner unless it is necessary to prevent injury or property damage to others. Repair of any damage shall be performed by the utility owner or by qualified personnel authorized by the utility owner.

"§ 87-114. *Homeowners.*—This act does not require utility notification before a property owner digs in any area on his own property with non-mechanized equipment nor prior to tilling the soil for agricultural, gardening or landscaping purposes. Mechanized equipment may be used, without utility notification, in any area on the owner's property with the exception of recorded underground utility easements which describes the location of the easement with specificity."

Sec. 2. This act shall become effective January 1, 1986.

Sec. 2. There is appropriated from the General Fund to the Department of Public Education the sum of two hundred thousand dollars ($200,000) for the 1985-86 fiscal year to implement the on-the-job training components of the Quality Assurance Program. Components for which these funds may be expended include programs to assist in staff development and training for initially certified personnel, released time for mentors and support team members, travel for mentors and support team members, training materials, training for observers and evaluators, consultant services, and staff coordination.

The State Board of Education shall allocate these funds to local school administrative units at the rate of one hundred dollars ($100.00) for each

initially certified individual employed in each unit during the 1985-86 fiscal year.

It is the intent of the General Assembly to provide a special appropriation for this purpose only for the 1985-86 fiscal year.

——CHILDREN'S TRUST FUND MONIES

Sec. 3. There is appropriated from the General Fund to the Department of Public Education the sum of two hundred fifty thousand dollars ($250,000) for fiscal year 1985-86 and the sum of two hundred fifty thousand dollars ($250,000) for fiscal year 1986-87, to fund additional child abuse and prevention projects. These funds shall be deposited in the "Children's Trust Fund" in the State Treasurer's Office, to be used pursuant to Article 10 of Chapter 110 of the General Statutes and rules adopted by the State Board of Education.

——SCHOOL HEALTH COORDINATORS FUNDS

Sec. 4. There is appropriated from the General Fund to the Department of Public Education the sum of one hundred twenty-eight thousand five hundred fifty-two dollars ($128,552) for the 1985-86 fiscal year and the sum of one hundred twenty-eight thousand five hundred fifty-two dollars ($128,552) for the 1986-87 fiscal year for four additional health coordinators for the public schools.

The State Board of Education shall designate an impartial panel to review health education plans to be submitted by local school administrative units. Based upon the panel's evaluation of the plans, the State Board of Education shall allocate the funds for the additional health coordinators to four selected local school administrative units, one within each of the four educational districts demonstrating the greatest need for them. The State Board of Education may not, however, allocate funds for an additional health coordinator to any local school administrative unit that is already being served by a State-funded health coordinator.

Sec. 12.3. Subject of study. The Committee shall make a detailed and comprehensive study of the efficiency, effectiveness, and fairness of the property tax system in North Carolina. The Committee shall examine all classes of property comprising the property tax base; all exemptions, exclusions, and preferential classifications; and the valuation of public service company property to determine whether the property tax system is just and equitable in taxing the citizens of the State. The Committee shall review current procedures for listing and collecting taxes on personal and real property to determine how to increase the efficiency and equity of these procedures. The Committee shall examine the octennial revaluation system and evaluate the feasibility of any programs that would aid the counties in conducting more frequent revaluations.

On or before March 1, 1987, the Committee shall submit a final written report of its recommendations to the General Assembly by filing the report with the Speaker of the House and President of the Senate. PART XII.——RAILROAD NEGOTIATING COMMISSION.

Sec. 13.1. There is created the Railroad Negotiating Commission, hereafter in this Part referred to as "Commission".

Sec. 13.2. The Commission shall consist of 12 members, appointed as follows:

(1) Two members appointed by the Governor, one of whom shall be knowledgeable about business and one of whom shall be an advocate of passenger rail service.

(2) The Speaker of the House of Representatives or his designee, and one member of the House of Representatives appointed by the Speaker of the House of Representatives.

(3) The Lieutenant Governor or his designee, and one member of the Senate appointed by the Lieutenant Governor.

(4) The Attorney General or a member of his staff appointed by him, ex officio.

(5) The State Treasurer or a member of his staff appointed by him, ex officio.

(6) Two officers or directors of the North Carolina Railroad Company appointed by its board of directors.

(7) Two officers or directors of the Atlantic and North Carolina Railroad Company appointed by its board of directors.

Sec. 13.3. Commission members shall be appointed no later than September 1, 1985, and shall serve at the pleasure of the appointing authority. Any vacancies on the Commission shall be filled by the appointing authority. The Lieutenant Governor shall call the initial meeting of the Commission.

Sec. 13.4. (a) The President of the Senate and Speaker of the House of Representatives shall appoint a cochairman each from the membership of the Commission.

(b) The Commission may appoint an executive committee for such purposes as determined by the Commission.

Sec. 13.5. Whenever an appointing authority has designated a person to serve in his place as permitted by this Part, that person shall be compensated in accordance with G.S. 120-3.1 if a member of the General Assembly and in accordance with G.S. 138-5 in any other case.

Sec. 13.6. The Commission shall terminate June 30, 1988.

Sec. 13.7. The General Assembly makes the following findings of fact:

(1) The existence of the North Carolina Railroad Company and the Atlantic and North Carolina Railroad Company spurred the economic development of North Carolina, and they are a valuable resource to the State as a whole, and especially to Piedmont and Eastern North Carolina.

(2) Continued freight service on both routes is necessary to the further economic development of North Carolina.

(3) Passenger rail service is currently in operation along the route, with part of the Crescent serving Charlotte-Greensboro and part of the Carolinian serving Charlotte-Raleigh.

(4) With two railroads and the State involved on one side and one or more potential purchasers or lessees on the other, there must be one voice lest the negotiations be chaotic. While the State recognizes that the two railroads are private corporations, the State as majority stockholder has the paramount interest.

Sec. 13.8. The Commission should either negotiate a sale of stock or should work with the Boards of Directors of the two railroads to enter into new leases prior to the expiration of the old leases.

Sec. 13.9. Any new lease should not be for a period of more than 30 years beyond the expiration of the current lease, and should have an escalator clause based either on revenues or inflation, or some combination of clauses.

Sec. 13.10. Any new lease or sale of stock should preferably involve both railroads. This will not only improve the bargaining position of the State and the two railroads but help ensure continued operation of freight service to Eastern North Carolina as well as to the Piedmont. The Commission may also consider other alternatives.

Sec. 13.11. Any new lease should require that the lessee cooperate with innovative uses of the right-of-way, whether for fiber-optics, intra-city light rail (trolley) service, and passenger service (in addition to the requirements of the National Railroad Passenger Act).

Sec. 13.12. The Governor, in making appointments to the Board of Directors of the North Carolina Railroad and the Atlantic and North Carolina Railroad under the charter provisions, should seek to ensure continuity of the boards as well as directing the two boards to meet jointly and cooperate with the Commission established by this Part.

Sec. 13.13. The Commission should negotiate with Southern Railroad (Norfolk Southern Corporation) and any other potential person with which it desires to negotiate. The Commission and its Executive Committee may meet in executive session.

Sec. 13.14. If the Commission determines that a renegotiation of the lease is desirable, it should recommend the terms of such lease for joint approval of the Boards of Directors of the two railroads.

Sec. 13.15. If the Commission determines that sale of the stock owned by the State is desirable, it shall recommend a contract to the General Assembly for its approval as required by Chapter 1046, Session Laws of 1951, as amended by Chapter 1372, Session Laws of 1981.

Sec. 13.16. If the Commission determines by June 30, 1988, that it is unable to recommend any action on terms that are favorable to the State and the railroads, it shall so report to the General Assembly so that alternate action to take effect at the expiration of the lease in 1994 can be taken.

Sec. 13.17. To protect the interests of the minority stockholders, any recommendation to sell the stock must include a provision that the purchaser will offer to purchase all shares tendered at the same price or for the same amount of stock to be swapped.

Sec. 13.18. Expenses of the Commission shall be paid from dividend receipts from the North Carolina Railroad and the Atlantic and North Carolina Railroad. The Department of Justice shall provide necessary staff assistance to the Commission.

Sec. 13.19. At the time of recommending a new lease or a sale of stock, the Commission shall recommend to the General Assembly what use should be made of increased dividend payments or proceeds from the sale or exchange of stock.

Sec. 13.20. The Commission shall have expert assistance in negotiations to be provided by the Attorney General, Secretary of Transportation, State Treasurer, and the two railroads, or under contract with a qualified professional.

Sec. 13.21. G.S. 124-2 is amended by deleting "unless otherwise directed" and inserting in lieu thereof "if so directed in the act making the appropriation".

Sec. 13.22. G.S. 124-4(1) is amended by deleting ", canals,".

Sec. 13.23. G.S. 124-4(2) is amended by deleting ", roads, canals,".

Sec. 13.24. G.S. 124-4(3) is amended by deleting "the previous section" and inserting in lieu thereof "G.S. 124-3".

Sec. 13.25. G.S. 124-5 is amended by deleting "in which the State has or owns any stock or any interest" and inserting in lieu thereof "in which the State owns the majority of any class of voting stock".

Sec. 13.26. The second two sentences of G.S. 124-5 are repealed.

PART XIII.——STATE-OWNED PROPERTY STUDY COMMITTEE.

RESOLUTIONS

S.R. 4 **RESOLUTION 1**

A JOINT RESOLUTION INFORMING HIS EXCELLENCY, GOVERNOR JAMES G. MARTIN, THAT THE GENERAL ASSEMBLY IS ORGANIZED AND READY TO PROCEED WITH PUBLIC BUSINESS AND INVITING THE GOVERNOR TO ADDRESS A JOINT SESSION OF THE SENATE AND HOUSE OF REPRESENTATIVES AT 12 O'CLOCK NOON ON THURSDAY, FEBRUARY 28, 1985.

Whereas, it has been a long-established custom for the General Assembly of North Carolina to invite His Excellency, the Governor of North Carolina, to deliver a State of the State message to that legislative body in the first week immediately following the beginning of the Regular Session; and

Whereas, the 1983 General Assembly determined that additional time should be given for a new administration to organize and set new directions and postponed the beginning of the 1985 General Assembly from January 16 until February 5, 1985; and

Whereas, the 1985-87 Appropriations Bill for Current Operations and the 1985-87 Appropriations Bill for Capital Improvements have been introduced and the former Governor presented the details of these appropriations to the Governor-elect by December 15, 1984, and the General Assembly should have the new administration's amendments to begin an orderly consideration of the proposed budget; and

Whereas, there now remains only a limited number of legislative days for committee meetings and meetings in session prior to the beginning of the 1985-87 biennium and the General Assembly desires adequate time for full and fair debate on all issues;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. A committee of four Senators and four Representatives shall be appointed by the presiding officers of the respective houses to notify His Excellency, Governor James G. Martin, that the General Assembly is organized and is ready to proceed with public business, and to invite him to address a joint session of the Senate and House of Representatives at 12 o'clock noon, Thursday, February 28, 1985.

Sec. 2. Governor James G. Martin is requested to address in his State of the State message details of any changes he proposes in the Appropriations Bills, along with details of any revenue increases or decreases for the 1985-87 biennium and any other actions he judges

appropriate to achieving the balanced budget required by the Constitution of North Carolina, including any proposals for dealing with reduced revenues received by local and State governments.

Sec. 3. The full text of the Governor's message shall be carried as an appendix to the House and Senate Journals of the 1985 General Assembly.

Sec. 4. This resolution is effective upon ratification.

In the General Assembly read three times and ratified, this the 14th day of February, 1985.

H.R. 56 **RESOLUTION 2**

A JOINT RESOLUTION HONORING THE FOUNDERS OF PRINCEVILLE, THE STATE'S OLDEST INCORPORATED BLACK COMMUNITY.

Whereas, the founders of Princeville were freedmen, many of whom were carpenters and artisans; and

Whereas, the founders embodied a love of freedom so great that the community they established was once known as Liberty Hill or Freedom Hill; and

Whereas, the founders and citizens of Princeville greatly enriched the culture and heritage of this State through their many significant contributions and services; and

Whereas, the citizenry of Princeville has included such notable men as William Mabson, a dedicated teacher who served as a member of the State legislature and the State Constitutional Convention of 1875 and Robert Taylor, the esteemed editor of the *Edgecombe Watchman* who served in the North Carolina Senate; and

Whereas, the first town officers were such men of integrity as Milton Pittman, the first mayor of Princeville and Turner Prince, one of the first commissioners whose name the town now bears; and

Whereas, the town of Princeville was incorporated on February 20, 1885; and

Whereas, Princeville holds the distinction of being the oldest incorporated black community in North Carolina and its citizens proudly continue the tradition of independent leadership and spirit of service exemplified by the community's founders and first citizens;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The 1985 North Carolina General Assembly honors the lives and works of the founders and early citizens of Princeville and recognizes their significant contributions to the culture and heritage of North Carolina by observing the Centennial Celebration of Princeville.

Sec. 2. The Secretary of State shall send a certified copy of this resolution to the Town Clerk of the Town of Princeville.

Sec. 3. This resolution is effective upon adoption.

In the General Assembly read three times and ratified, this the 15th day of February, 1985.

S.R. 64 **RESOLUTION 3**

A JOINT RESOLUTION DESIGNATING THE WEEK OF MARCH 10 THROUGH 16 AS "EMPLOY THE OLDER WORKER WEEK" AND TO HONOR THE MEMORY OF PEOPLE THROUGHOUT HISTORY WHO ACCOMPLISHED GREAT THINGS LATE IN LIFE.

Whereas, more than 35,000 North Carolinians age 45 or older are currently seeking employment; and

Whereas, the life expectancy for older Americans is increasing and older Americans are retaining their physical and mental abilities longer than ever before; and

Whereas, mature workers bring to a job the expertise, knowledge, skills, talents, and experiences which age has enabled them to accumulate; and

Whereas, it is short-sighted for society to discard older persons as useless persons or dependent, unproductive, "drop-outs" from the world they helped to make, instead of viewing them as an enriching and productive resource that is self-sustaining, creative, and essential to the State; and

Whereas, letting older persons work longer will decrease the burden on Social Security, pensions, and welfare benefits and will enable older persons to keep up with the rate of inflation; and

Whereas, last year the General Assembly recognized the productivity of the State's older workers by abolishing the mandatory retirement age for most State government employees; and

Whereas, demographers predict that by the turn of the century, older persons will account for at least eighteen percent (18%) of the total population and they will necessarily be a major work force; and

Whereas, potential future labor shortages could be avoided if older Americans were retrained and employed;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The General Assembly designates the week of March 10 through 16, 1985, as "Employ the Older Worker Week" in North Carolina in recognition of the many and valuable contributions older workers make to the State and the General Assembly encourages employers to hire older workers.

Sec. 2. The General Assembly honors the memory of people throughout history who accomplished great things late in life including Grandma Moses, Colonel Sanders, George Bernard Shaw, Pablo Picasso, Winston Churchill, Bertrand Russell, Pablo Casals, Carl Sandburg, Golda Meir, Casey Stengel, Ray Kroc, Benjamin Franklin, Jimmy Durante, Buckminster Fuller, Sam Rayburn, Robert Frost, Henri Matisse, and Albert Schweitzer.

RESOLUTION 4

A JOINT RESOLUTION URGING CONGRESS AND THE PRESIDENT TO TAKE ACTION NECESSARY TO MODERATE THE GROWTH OF TEXTILE AND APPAREL IMPORTS.

Whereas, the fiber, textile and apparel industry is North Carolina's largest manufacturing employer, providing employment for more than 300,000 North Carolinians, and for more than two million Americans; and

Whereas, principally because of imports, 40 textile and apparel plants in North Carolina closed or had permanent employment layoffs totalling 7,719 people in 1984; and

Whereas, the American textile and apparel industry has spent in excess of one billion five hundred million dollars ($1,500,000,000) annually, including five hundred fifty-two million dollars ($552,000,000) in North Carolina during fiscal 1983-84, on new and expanded facilities and on state-of-the-art high technology equipment to retain its preeminence in productivity and quality; and

Whereas, international trade in textiles and apparel is totally distorted by foreign government subsidies, dumping, and the protection of home markets by most foreign governments; and

Whereas, United States trade laws and policies have been ineffective in moderating the growth of textiles and apparel imports or of preventing fraudulent shipments of textiles and apparel into this country; and

Whereas, imports of textiles and apparel products increased by thirty-two percent (32%) during 1984 over 1983's record import levels, totaled 9.8 billion square yards, and captured one-third of the United States market; and

Whereas, the nation's record one hundred twenty-three billion dollar ($123,000,000,000) United States merchandise trade deficit for 1984, included a record sixteen billion dollar ($16,000,000,000) deficit for textiles and apparel, an increase of fifty-three percent (53%) over the previous record set in 1983; and

Whereas, the economic interests of North Carolina and the United States and the nation's security require a strong and stable American textile and apparel industry;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The President of the United States and the Congress be encouraged to take prompt and effective action to moderate the growth of textile and apparel product imports.

Sec. 2. That a copy of this joint resolution be transmitted to the President of the United States and to each member of the United States Congress representing North Carolina.

H.R. 1077 RESOLUTION 16

A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF FORMER UNITED STATES SENATOR SAMUEL JAMES ERVIN, JR.

Whereas, Samuel James Ervin, Jr., was born in Morganton, North Carolina on September 27, 1896, one of ten children of Samuel James Ervin, Sr., a self-taught lawyer and Laura Theresa Powe; and

Whereas, Samuel James Ervin, Jr., attended the public schools in Morganton, The University of North Carolina at Chapel Hill, and, after a tour of duty in France during World War I during which he was twice wounded and decorated for valor, he attended Harvard Law School; and

Whereas, Samuel James Ervin, Jr., returned to Morganton in 1922 where he married his sweetheart, Margaret Bell, and started a law practice with his father; and

Whereas, Samuel James Ervin, Jr., was elected to represent Burke County in the 1923, 1925, and 1931 Sessions of the General Assembly; and

Whereas, Samuel James Ervin, Jr., was Judge of the Burke County Criminal Court between 1935 and 1937 when he was appointed to the Superior Court by Governor Clyde R. Hoey; and

Whereas, following the death of his brother Joseph W. Ervin in 1945, Samuel James Ervin, Jr., was elected to replace him in the United States

Congress where he took his seat on February 4, 1946, and served for six months; and

Whereas, Samuel James Ervin, Jr., was appointed in 1948 as Associate Justice of the North Carolina Supreme Court where he served until he was appointed to the United States Senate on June 5, 1954, by Governor Umstead to replace Clyde R. Hoey who had died in office; and

Whereas, Samuel James Ervin, Jr., served in the United States Senate until January 3, 1975, when he retired from public service and returned to Morganton; and

Whereas, Samuel James Ervin, Jr., died in Winston-Salem on April 23, 1985; and

Whereas, Samuel James Ervin, Jr.'s wit, knowledge, and character are probably best expressed by some of the statements that he made during his long and illustrious public career:

During a debate in the General Assembly in which he helped defeat a bill that would have prohibited the teaching of evolution in the public schools, he said:

"Such a resolution serves no good purpose except to absolve monkeys of their responsibility for the human race."

In 1961, as Chairman of the Civil Rights Subcommittee of the Senate Judiciary Committee, he said during a filibuster on a civil rights measure:

"We will not fool history as we fool ourselves when we steal freedom from one man to confer it on another."

In describing laws enacted under the United States Constitution, he said:

"The only laws that can be enacted under the Constitution are laws which have an equal impact on all people."

In describing the United States Constitution, he often quoted British statesman William Gladstone, saying:

"The American Constitution is the most wonderful work ever struck off at a given time by the brain and purpose of man."

On President Nixon's initial refusal to let his aides testify in public before the Senate Watergate Committee, he said:

"Divine right went out with the American Revolution and doesn't belong to White House aides. What meat do they eat that makes them grow so great? I am not willing to elevate them above the great mass of the American people. I don't think we have any such thing as royalty or nobility that exempts them. I'm not going to let anybody come down at night like Nicodemus and whisper something in my ear that no one else can hear. That is not executive privilege. That is executive poppycock."

When President Nixon refused to yield the tapes made in his office, he said:

"As long as I have a mind to think, a tongue to speak and a heart to love my country, I shall deny that the Constitution confers any arbitrary power on any President or empowers any President to convert George Washington's America into Caesar's Rome."

About his retirement, he said:

"When I retired, I told my colleagues, 'I've given you trillions and trillions of dollars of good sound advice, and you've taken about fifteen cents worth of it. So I'm going home'."

Whereas, Samuel James Ervin, Jr., is remembered by the people of North Carolina and America, by the great and the not so great, by the Democrats and the Republicans, some of whom have said:

"He loved the Constitution more than any man alive. He protected it during its time of greatest crisis and helped write history for our State and nation. He will truly be recorded as a towering historical figure. And all North Carolinians will forever be proud of him." - James B. Hunt, Jr.

"A courageous giant has fallen, but America is far better because of his life, his dedication and his unfailing fidelity to principles that deserve to survive." - Jesse A. Helms.

"He was not only a great lawyer and a great judge, but he was a great patriot. The thing that always impressed me about him - you couldn't say he was a conservative, you couldn't say he was a liberal. He always voted how he thought was right." - Joseph Branch.

"People were always very respectful of the way that Senator Sam approached issues with general, genuine good humor. He didn't take himself overly seriously. That's a good standard for those of us in political life to keep in mind, that you take the issues seriously and don't take yourself too seriously." - James G. Martin.

"So many Americans - they'll never know what he did. I think about all those years before Watergate when he was doing the same things: protecting individual freedom, saying military personnel had rights, federal employees had rights...He was responsible for the entire bill of rights for the American Indians." - Rufus L. Edmisten.

"He once told me that religion is the most potent force in the universe. It is not a storm cellar to flee the storms of life. Instead, it is an inner strength that enables us to face the storms with peace and serenity." - Homer T. Rickbaugh, minister.

"He wasn't the type of person to talk down to anyone. The way he talked to an elected official or a senator was the same way he talked to someone...he met at the grocery store or someone he met on the street in Morganton." - Bob Ervin, Samuel James Ervin, Jr.'s grandson.

"He liked to talk about Burke County in the old days; the bootleggers and the characters that we had so many of. He just loved people and liked to talk to them. He knew every farmer, every sawmiller, every walk of life, that man did, and he took interest in them all. He was a true friend. He will be sorely missed." - Glenn Fox, Morganton barber.

Whereas, Samuel James Ervin, Jr., will be sorely missed;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. The General Assembly of North Carolina expresses its appreciation for the life and public service of Samuel James Ervin, Jr., and honors his memory.

H.R. 865 **RESOLUTION 17**

A JOINT RESOLUTION TO ESTABLISH THE PROCEDURE FOR NOMINATING AND ELECTING MEMBERS OF THE BOARD OF GOVERNORS OF THE UNIVERSITY OF NORTH CAROLINA.

Be it resolved by the House of Representatives, the Senate concurring:

Section 1. The following procedures for nominating and electing members of the Board of Governors of The University of North Carolina are adopted:

I. COMMITTEE RESPONSIBILITIES.

1. It is the duty of the University Board of Governors Nominating Committee of the House of Representatives (hereinafter referred to as "the House Committee") to choose at least two nominees for each opening in each category of seats on the Board of Governors of The University of North Carolina to which the House of Representatives is to elect members. It is the duty of the Select Committee on University Board of Governors of the Senate (hereinafter referred to as "the Senate Committee") to choose at least two nominees for each opening in each category of seats on the Board of Governors of The University of North Carolina to which the Senate is to elect members. The House and Senate Committees shall act separately for the purpose of carrying out these duties.

2. The Senate shall vote only upon those nominees in the eight-year at-large category chosen by the Senate Committee or proposed as nominees from the floor of the joint session of the Senate and House of Representatives. The House of Representatives shall vote only upon those nominees in the eight-year at-large category chosen by the House Committee or proposed as nominees from the floor of the joint session of the Senate and House of Representatives.

3. The Senate Committee shall receive suggestions of proposed candidates for nomination for the University Board of Governors through May 22, 1985. In order for a person to have standing to be considered as a candidate for nomination by the Senate Committee, that person must be formally proposed as a candidate for nomination by a member of the Senate Committee.

4. The House Committee shall receive suggestions of proposed candidates for nomination for election to the University Board of Governors through May 22, 1985. Any person proposed in writing by any member of the House of Representatives to the Chairman of the House Committee shall be considered as a candidate for nomination by the House Committee.

5. After May 22, 1985, the Senate and House Committees shall meet separately and receive from members of each committee formal proposals

of candidates for nomination. A committee member may propose candidates for nomination only for the categories available for election by the house of which he is a member.

6. The House and Senate Committees shall screen the proposed candidates for nomination proposed to them as to their qualifications and background and may interview each one to make sure that suitable persons are nominated for each category and that each candidate for nomination is willing and able to serve and has no statutory disability.

7. There is no limit on the number of persons a Senator may propose as candidates for nomination. When the proposing process is closed, the Senate Committee shall list all proposed candidates for nomination by category and shall vote "aye" or "no" on each candidate proposed for nomination and listed on the Senate ballot. A vote of a majority of those members of the Senate Committee present and voting shall constitute one a nominee. An individual cannot be a candidate for nomination or be nominated in more than one category.

8. A Representative may propose as candidates for nomination only as many persons as there are places to be filled by the House. When the proposing process is closed, the House Committee shall list all proposed candidates for nomination by category. The House Committee shall vote to determine whether each person proposed shall be placed on the House ballot as a "Recommended Nominee" or a "Nominee". A majority vote of the members of the House Committee who are present and voting shall constitute one a "Recommended Nominee" or a "Nominee", as the Committee shall determine. An individual cannot be a candidate for nomination or be nominated in more than one category.

9. Committee nominees shall be placed before and recommended to a joint session of the House of Representatives and Senate.

II. JOINT SESSION—SELECTION OF NOMINEES.

1. The Senate and House of Representatives shall meet in joint session at 1:30 p.m. on May 29, 1985, for the purpose of nominating persons for election to the Board of Governors of The University of North Carolina. In the joint session of the Senate and House of Representatives, committee nominations shall be made first and then the floor shall be opened for the nomination by any Senator or Representative of persons for election to the Board of Governors. Nominees shall be grouped into the following categories, as required by G.S. 116-6:

(1) Women nominees for eight-year term,

(2) Minority race nominees for eight-year term,

(3) Minority party nominees for eight-year term,

(4) At-large nominees for eight-year term, Senate,

(5) At-large nominees for eight-year term, House of Representatives.

Notwithstanding any provision herein, any person may be nominated in either category 4 or 5 above so long as his (her) name does not appear in more than one category.

2. In proposing a nominee, the nominator shall state the category for which the nominee is being proposed. An individual cannot be proposed in more than one category.

3. There is no limit on the number of persons one Senator may nominate and no limit on the categories for which he may nominate persons in the joint session. In the joint session, a Representative may nominate only as many persons as there are positions to be filled in each category.

4. Names shall continue to be received until the number of nominees is at least twice the number of places to be filled in each category, that is, there shall be nominated a minimum of two women, two Republicans, two racial minority members, four at-large nominees (Senate), and six at-large nominees (House of Representatives), all for eight-year terms.

5. No vote shall be taken on the nominees in the joint session. When the names of all nominees have been received, the joint session shall be dissolved.

6. The Chairman of the House Committee and the Chairman of the Senate Committee shall contact all nominees and ascertain whether they would serve if elected. Any nominee may withdraw his name without the approval of the person who proposed his name. If withdrawals reduce the number of nominees below twice the number of places to be filled in any category, another joint session of the Senate and House shall be held to receive sufficient additional nominations in that category.

III. ELECTIONS IN THE SENATE.

1. A ballot shall be prepared under the supervision of the Chairman of the House Committee and the Chairman of the Senate Committee for the use of the Senate.

2. The ballot shall list only those nominees proposed by the Senate Committee who have consented to run and all those nominees proposed from the floor in the joint session who have consented to run and for whom the Senate is entitled to vote. Their names shall be arranged (a) by category and (b) within each category, alphabetically by surname.

3. The Senate shall hold its election at the beginning of the daily session on May 30, 1985. Before the voting begins, the President of the Senate shall explain the voting rules, which are:

(i) No nomination will be received from the floor.

(ii) In order to be chosen, a nominee must receive the votes of a majority of all members present and voting for his category.

(iii) Each member present and voting shall vote for as many nominees as there are positions to be filled in each category, and any ballot not so marked shall be deemed void as to that category.

(iv) When a member for a category containing a single position is to be chosen and no nominee receives a majority of the votes cast for all the nominees in that category, a runoff shall be conducted between the person receiving the highest and the person receiving the second highest number of votes cast.

(v) When fewer than two nominees in the eight-year at-large category receive the votes of a majority of all members present and voting for positions in that category, a runoff to fill the open position or positions shall be conducted among the nominees receiving the highest number of votes cast, and the number of

nominees eligible to be voted on in the runoff shall be twice the number of positions to be filled.

(For the purpose of illustration, if when the first ballot is taken, no nominee receives a majority, then the top four vote getters will be in the runoff, because there must be twice the number of persons in the runoff that there are positions to be filled and the Senate has two such positions to fill. If one person receives the votes of a majority of all members present and voting for that category, then he is elected and a runoff will be held between the two next highest vote getters. This is so because there is one position remaining to be filled and there must be twice the number of nominees in the runoff that there are positions available, therefore two.)

(vi) If there is a tie for the last position between two nominees who are eligible for the next runoff, both nominees will be included in the next runoff balloting, even though there would thereby be more than two nominees per available position on the Board of Governors.

(vii) When more than two nominees in the eight-year at-large category receive the votes of a majority of all members present and voting for positions in that category, then the two nominees receiving the highest number of votes shall be deemed to have been chosen.

4. The Senators shall proceed to mark their ballots for the following:

Two persons in the at-large category for eight-year terms,

One person in the minority race category for an eight-year term, and

One person in the women's category for an eight-year term.

5. The Chairman of the House Committee and the Chairman of the Senate Committee shall be responsible for canvassing the vote and declaring the results thereof. The number of votes received by each nominee shall not be released.

6. When the Chairman of the Senate Committee and the Chairman of the House Committee have determined that the Senate has chosen one member of the Board of Governors from the minority race category for a term of eight years, one member of the Board of Governors from the women's category for a term of eight years, and two members of the Board of Governors from the at-large category for terms of eight years, the Chairman of the Senate Committee shall make a motion for the simultaneous election of those four persons by the Senate to the indicated positions and for the indicated terms. The roll of the Senate shall then be called electronically. If a majority of those voting shall vote "aye" the persons whose names appear on the list shall be declared to have been elected.

7. The results of the election in the Senate shall then be sent by Special Messenger to the House of Representatives.

IV. ELECTIONS IN THE HOUSE OF REPRESENTATIVES.

1. A ballot shall be prepared under the supervision of the Chairman of the House Committee and the Chairman of the Senate Committee for the use of the House of Representatives.

2. The ballot shall list only those nominees proposed by the House Committee who have consented to run and all those nominees proposed from the floor in the joint session who have consented to run and for whom the House is entitled to vote. Their names shall be arranged (a) by category and (b) within each category, alphabetically by surname. Each person whose name appears on the ballot shall be thereon designated as a "Recommended Nominee" or "Nominee," as the House Committee shall have determined.

3. The House of Representatives shall hold its election immediately after being notified by Special Messenger that the Senate has completed its election. Before the voting begins, the Speaker of the House of Representatives shall explain the voting rules, which are:

(i) No nomination will be received from the floor.

(ii) In order to be chosen, a nominee must receive the votes of a majority of all members present and voting for his category.

(iii) Each member present and voting shall vote for as many nominees as there are positions to be filled in each category, and any ballot not so marked shall be deemed void as to that category.

(iv) When a member for a category containing a single position is to be chosen and no nominee receives a majority of the votes cast for all the nominees in that category, a runoff shall be conducted between the person receiving the highest and the person receiving the second highest number of votes cast.

(v) When fewer than three nominees in the eight-year at-large category receive the votes of a majority of all members present and voting for positions in that category, a runoff to fill the open position or positions shall be conducted among the nominees receiving the highest number of votes cast, and the number of nominees eligible to be voted on in the runoff shall be twice the number of positions to be filled.

(For the purpose of illustration, if when the first ballot is taken, no nominee receives a majority, then the top six vote getters will be in the runoff, because there must be twice the number of persons in the runoff that there are positions to be filled and the House has three such positions to fill. If one person receives the votes of a majority of all members present and voting for that category, then he is elected and a runoff will be held among the four next highest vote getters. This is so because there are two positions remaining to be filled and there must be twice the number of nominees in the runoff that there are positions available, therefore four. If two persons receive the votes of a majority of the members present and voting, both will be elected and a runoff will be held between the two next highest vote getters, because only one position remains to be filled.)

(vi) If there is a tie for the last position between two nominees who are eligible for the next runoff, both nominees will be included in the next runoff balloting, even though there would thereby be more than two nominees per available position on the Board of Governors.

(vii) When more than three nominees in the eight-year at-large category receive the votes of a majority of all members present and voting for positions in that category, then the three nominees receiving the highest number of votes shall be deemed to have been chosen.

4. The members of the House of Representatives shall proceed to mark their ballots for the following:

Three persons in the at-large category for eight-year terms, and

One person in the minority party category for an eight-year term.

5. The Chairman of the House Committee and the Chairman of the Senate Committee shall be responsible for canvassing the vote and declaring the results thereof. The number of votes received by each nominee shall not be released.

6. When the Chairman of the Senate Committee and the Chairman of the House Committee have determined that the House of Representatives has chosen three members of the Board of Governors from the at-large category for a term of eight years and one member of the Board of Governors from the minority party category for a term of eight years, the Chairman of the House Committee shall make a motion for the simultaneous election of those four persons by the House of Representatives to the indicated positions and for the indicated terms. The roll of the House shall then be called electronically. If a majority of those voting shall vote "aye", the persons whose names appear on the list shall be declared to have been elected.

7. The results of the election in the House of Representatives shall then be sent by Special Messenger to the Senate.

V. NOTIFICATION OF ELECTION RESULTS.

1. When the election process is complete, the Chairman of the Senate Committee and the Chairman of the House Committee shall notify the Secretary of the Board of Governors of The University of North Carolina of the names of the persons elected by the General Assembly and the category for which and term for which each of them was elected.

Sec. 2. This resolution is effective upon ratification.
